Ready to Rumble

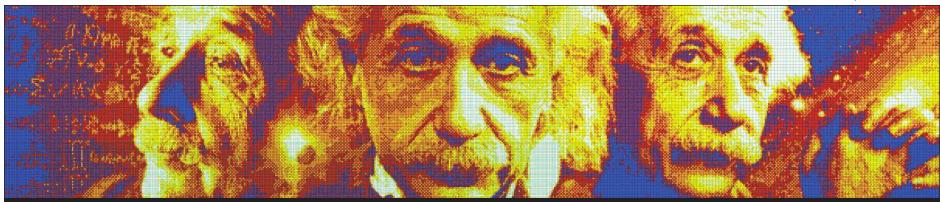

BY ROBBIE FINLEY

Almost everyone has seen them, and perhaps played with them for a while, but few have mastered them. The classic handheld Rubik's Cube puzzle will bring together enthusiasts at the "Rubik's Rumble," at Hayward's City Hall on Saturday, November 7.

Visiting choir combines Wusic & Charity

SUBMITTED BY MARA KLEIN

The Caritas Chamber Chorale blends beautiful sacred choral music and an important mission together in concert on Sunday, November 8 at Mission San Jose.

The performance will feature prominent sacred choral works by composers such as William Byrd and Anton Bruckner, as well as newer works including a piece by Caritas Composer-in-Residence Wayne Dietterick. The concert is free and open to the public, but an offering will be taken in support of both Mission San Jose and the choir's charity, the Adorno Fathers' St. Francis Caracciolo Mission in the Democratic Republic of Congo.

This offering will allow Fremont community members to support both their local mission, and also a worthy cause further afield. The Adorno Fathers' Mission is located near the border of Rwanda and is located in one of the poorest parts of Africa. The choir has raised over \$70,000 for the mission since 2005, and in recent years, all funds have gone directly to the mission's Gianni Diurni Primary School. The school

serves children, ages three to 11, of all faiths who otherwise would not have the opportunity for formal schooling.

Besides their passion for making a difference around the world, the Caritas Chamber Chorale pursues excellence in sacred choral music and has established itself both in the New Jersey area and on tour. In 2005, the choir was invited to perform in Washington, D.C., at the Basilica of the National Shrine of the Immaculate Conception, the Washington National Cathedral, and St. Patrick's Church. This California tour coincides with the group's 10th anniversary and features performances at Mission Dolores Basilica, Grace Cathedral, Mission Santa Cruz, and a church service at St. Mary's Cathedral in San Francisco.

Caritas Chamber Chorale Sunday, Nov 8 5 p.m. Mission San Jose 43300 Mission Blvd, Fremont (510) 657-1797 www.caritaschamberchorale.org Free admission; offering taken

Veterans honored in Greater Tri-Cities

On Wednesday, November 11, the greater Tri-Cities will host ceremonies to commemorate "Veterans Day," a U.S. federal holiday dedicated to heroic American veterans who risked their lives to serve our country.

On the 11th hour of November 11, 1918, an armistice or temporary cessation of hostilities was declared between the allied nations and Germany during World War I. Thus, U.S. President Woodrow Wilson proclaimed "Armistice Day" on November 11 to also mark the end of the war.

Years later, Congress recognized that all those who participated in the war should be honored, turning Armistice Day into a legal federal holiday. In 1954, the holiday was changed to "Veterans Day" to honor veterans who have participated in all wars.

Alameda:

The USS Hornet Museum will host a special Veterans Day tribute honoring veterans onboard the Bay Area's "floating mu-

Washington Service League Volunteers Recognized for 60 Years of Service

Washington Hospital Service League's current and former presidents. From left to right is current president Debbie Jackson and former presidents: Jeannie Yee, Louis Fernandez, Maria Teresa Artuz, Nancy Pagan, Gail Tomita, Cherie' Gamardo, Joan Logan, Joann Miller, Marina Fleming, Sue Saracco, Marilyn Williams, Regina Weir, Fran Stone and Jackie Baker

ore than 165 current and former Washington Hospital Service League volunteers gathered earlier this month to celebrate 60 years of volunteer service to Washington Hospital and the community it serves.

Service League President Debbie Jackson said the anniversary luncheon was a "huge success in celebrating the contributions of the hundreds of women and men who have given of themselves to the Washington Hospital community these past 60 years. Their volunteer work has enhanced the lives of the Hospital's patients, their families and friends."

Washington Hospital Chief Executive Officer Nancy Farber praised the Service League volunteers for the many contributions the organization has made to support the health and well-being of the Hospital.

"When the Hospital has needed something to improve patient care, you have always been there to support the initiative," Farber said. "Your support is not only measured in dollars, but in hours of service that are invaluable to the work of the Hospital."

She added: "Your presence throughout the Hospital speaks for itself. You can be found throughout the campus executing the many important roles that we cannot do without.

I personally want to thank you for who you are, what you do and the value you add to the mission of the Hospital. You are the reason, in large part, that Washington Hospital will continue to provide quality health care services well in to the future."

The work of the Service League in support of Washington Hospital began in

1955 when civic-minded women met to support a proposed local hospital for their community. At that time, these women had no idea that their initial fundraising effort would develop into the Washington Hospital Service League: an organization that has provided almost 2 million hours of volunteer service and donated more than \$2.4 million to Washington Hospital during the last 60 years.

Today more than 500 individuals, including students, volunteer in support of the Hospital. Service League volunteers staff the Lobby Desk and Gift Shop, work in the Special Care Nursery and Birthing Center, help staff the Institute for Joint Replacement and Research, the Diabetes and Women's Center, Tattoo Removal program and Better Breathers Group, and the Community Resource Library. They

provide support and information for family and friends of patients in the Emergency, Critical Care and Surgery areas, help with patient feeding and participate in numerous special projects where extra hands are needed.

"The Service League is always the first to the table with contributions," added Angus Cochran, executive director of the Washington Hospital Foundation. "They were first in 1958 and again in 2006 with the \$300,000 gift to the Critical Care and Emergency Room building fund."

Information on how to become a Washington Hospital Service League volunteer may be obtained on the Washington Hospital website: whhs.com or by calling (510) 791-3465.

Washington Hospital Healthcare Foundation Top Hat XXIX

What a Success!

Event Proceeds will help equip the trauma rooms in the

Morris Hyman Critical Care Pavilion

ashington Hospital Healthcare Foundation's 29th Annual Top Hat Dinner Dance took place on October 10, raising over \$257,000 to help equip the trauma rooms in the Morris Hyman Critical Care Pavilion. The honorary co-chairs were Dr. David and Laura Orenberg and Major General Garrett Yee and Maria Vera-Yee.

auction guests generously contributed \$197,000 to support the trauma rooms. Following dinner, the dance floor lit up and guests danced until Midnight. Those who preferred a quieter setting enjoyed music, conversation and after dinner cocktails in the Anderson Jazz Lounge.

Trauma patients have the best chance of survival if they are seen by a surgeon within 60 minutes -

645 guests attended the gala, which took place in a beautiful tent on the grounds of Washington West Guests enjoyed an outstanding meal prepared and served by McCalls of San Francisco. During the live

the "golden hour" - of being injured. With these trauma rooms, patients will no longer be transported out the District for life-saving care. Instead, they will be treated here in Fremont, close to where they live.

Rod Silveira, Foundation President, said, "I am so pleased that proceeds from this year's

Top Hat gala will help support an urgent need for trauma care right here in our community. My

sincere thanks are due to our wonderful Top Hat co-chairs. Also, thank you to all our sponsors, guests and volunteers who make this a special event each year. Make sure to mark your calendar now for Top Hat XXX, taking place on October 8, 2015. It will be a special evening, celebrating 30 years!"

If you would like to donate to the trauma rooms in the Morris Hyman Critical Care Pavilion please call (510) 791-3428 or email foundation@whhs.com. Like us on Facebook!

Limiting Food Intake for a **Longer Life and** Preservatives to Avoid

Dear Doctor,

Does watching the amount you eat really help you live longer?

Dear Reader,

Indeed it does! Research was conducted on rats and rhesus monkeys and it has been confirmed that eating 25-30% fewer calories leads to a reduction in heart and brain disease, diabetes and cancer. New research is being conducted with humans and it appears as though the results are consistent with the animal studies. Saying goodbye to dessert may just help you say hello to better health.

Dear Doctor,

How particular do I need to be about eating preservatives? They are present in so many foods and often impossible to avoid. Any suggestions?

Dear Reader,

Preservatives are added to foods to slow down decay. Some naturally occurring preservatives include citric acid (found in lemons and other citrus fruit) and bicarbonate (baking soda), both of which can offer the benefits of a preservative without the harmful effects other types may have. Many preservatives have been linked to behavior disorders in children as well as health issues like asthma and cancer. In fact, synthetic food preservatives such as nitrates, nitrites nitrosamines are known to disturb stomach acid balance and can lead to cancer in the stomach and esophagus. Avoiding preservatives completely is difficult but being aware of how much you consume may be a good way to keep it to a minimum.

Mary S. Maish, M.D.

Dr. Maish is a board certified thoracic and general surgeon. She holds a Master's degree from Harvard University and completed her thoracic surgery training at Baylor/MD Anderson in Houston, Texas. Dr. Maish currently serves as the Chief of Thoracic and Foregut Surgery at Washington Township Medical Foundation and is on the Medical Staff at Washington Hospital.

Veterans honored in **Greater Tri-Cities**

seum" at 1 p.m. on Wednesday, November 11th. This annual tradition will include a Boy Scout Color Guard, a benediction by Assistant Chaplain Bruce Morris, and a procession to the memorial wreathtoss. Musical performances by The Hornet Band begin at 11 a.m. The Hornet will present guest speaker and WWII veteran Clark Strickland of Pittsburg, CA. In recognition of their service to our country, military veterans wearing their unit jackets, hats or showing proper identification at the ticket desk will receive complimentary admission.

Before and after the ceremony, Hornet visitors are invited to explore the many decks of the ship, from the Captain's Bridge to the immense Engine Room. The carrier's numerous exhibits include 13 Navy and Marine aircraft, ranging from WWII vintage to modern era. The Hornet is also home to the West Coast's largest collection of Apollo Moon Mission artifacts. Families can experience naval history and space exploration firsthand, including the impressive aircraft display, fascinating Apollo Mission exhibit, and an actual flight simulator.

LETTER TO THE EDITOR

BART to the rescue

BART reduces traffic. That's the simple answer I'd give to the reader who wrote in their October 21 Letter to the Editor that they were "having difficulty understanding the benefits of extending BART to the South Bay for the City of Fremont" when "the worst traffic is going south."

Yes, morning traffic southbound on I-880 and evening northbound I-680 traffic is terrible. So bad, that if you've tried lately to drive thru Mission San Jose on almost any street, the freeway overflow makes it nearly impossible for us locals get around easily, what's more find a parking spot. However, when the \$870 million, 5.4 mile Warm Springs extension opens next spring and the \$1.8 billion, 10mile extension from Warm Springs to the Berryessa area of north San Jose opens several years later, we will finally begin to see traffic relief. Here's how:

• The Warm Springs Station will add 2,000 parking spaces. Studies show there should be ap-

proximately 300 empty spaces at the Fremont BART Station not long after the extension opens and use patterns settle down

- The Berryessa Extension is projected to serve 46,000 passengers daily by 2030
- The extensions will provided better connections to VTA Light Rail and Buses, Caltrain, Altamont Commuter Express, Capitol Corridor and Amtrak
- The extensions create more options for workers going to jobs between the East Bay, Fremont and San Jose
- BART to Silicon Valley is creating and will continue to create thousands of jobs in Fremont and the region. For every one dollar spent on building and running BART, approximately four to ten dollars return to the region

Learn more about how critical these extensions are to Fremont and the Bay Area by visiting www.bart.gov/betterbart.

Common Core Concerns

Many FUSD parents are concerned about the Common Core Math Pathways which put Fremont students one year behind in Math in comparison to the neighboring school districts.

The concern was first raised two years ago when the new CC Math pathways started, and again last year when more parents became alarmed about the problem and pleaded with the School District to make adjustments. Fremont Unified School District took no action, but insisted that it is aligned with the California Math Framework.

As more and more 5th to 8th grade students complained about being bored in their Math classes because they are not learning math in depth and are not being challenged enough, parents decided to do their own research. In the process, they found out that some neighboring school districts were able to revise their math pathways even before Common Core Math was officially implemented. As a result of their modified CC Math Pathways:

- Mountain View School District (LASD) is ONE YEAR ahead of FUSD.
- Newark and Union City School Districts are ONE YEAR ahead of FUSD.
- Santa Clara and Cupertino School Districts are TWO YEARS ahead of FUSD.

In the past two months, parents took initiatives to strongly advocate for their children. The following are some of the actions taken:

- In mid-September, parent representatives met with FUSD program managers;
- At the end of September, parents wrote emails to the school board with their suggestions, but got no reply;
- In early October, more parents sent emails to the school board, and got one general reply, but no further action;
- On October 14, 2015, at the school board meeting, over 40 parents attended the meeting and

spoke to the board members about Fremont Math being one year behind;

- On the evening of October 23, 2015, a petition was issued on change.org., and within 36 hours, 600 signatures and growing have been collected.

Here are the suggestions for changes as presented on the petition:

- Allow FUSD 8th grade fasttrack students the opportunity to finish geometry before entering high school.
- Allow FUSD 8th grade second-track students the opportunity to finish Algebra 1 before entering high school.
- Remedy the situation by adopting measures such as providing them summer classes so that they could make up for the lost time.
- Provide YEARLY assessment to ensure proper placement of students.

Hayward Area Senior Center receives Green **Business** Certification

SUBMITTED BY Laura Correa-Hernandez

The Hayward Area Recreation and Park District (H.A.R.D.) is pleased to announce that the Hayward Area Senior Center has received certification from the Alameda County Green Business Program.

Bay Area Green Business Certification consists of requirements commitment to a healthy environment and community. Key components consist of water conservation, solid waste reduction & recycling, energy conservation and pollution prevention.

The Hayward Area Senior Center had many green certification requirements in place upon beginning the process. Recreation Supervisor Daniela Keiffer who manages the Center stated, "It only made sense to begin with the Senior Center because it was already on the right path with the following

(L to R): Recreation Superintendent Kerrilyn Ely, Recreation Supervisor Daniela Keiffer, Recreation Coordinator Tera Maroney, Board of Directors President Paul W. Hodges, Jr. and Board of Directors Vice-President Minane Jameson.

practices - food composting, reusable dishes and tablecloths, low-flow toilets and faucets and energy efficient lighting just to name a few."

Board President Paul emphasized that, "The District and its staff are on the right sustainability track. We are grateful that the County reached out to us to do our part and become part of this invaluable and important program. We are appreciative of District Staff who made this come to fruition."

For additional information about the Bay Area Green Business Program visit www.greenbiz.ca.gov

Telling Tales

SUBMITTED BY SUSAN E. EVANS; BOB MILLER

The Douglas Morrisson Theatre (DMT) announces the second in its 2015-2016 storytelling series, Telling Tales, on Monday, November 16 at 8 p.m.

What's your story? Local storytellers are invited to come share stories on the theme: "Best Frenemies." We're looking for stories about best friends who are anything but ... or perhaps the other way around. Or maybe you've had a friend who somehow managed to be both a "bestie" and an archrival? We can't wait to hear your story.

DMT welcomes one and all to contribute and participate. It's easy to be a Storyteller on November 16 - just send a story idea to tales@dmtonline.org. For complete "Telling Tales Story Guidelines," visit

the DMT website at www.dmtonline.org and click on the Alt. Mondays image.

We're looking for true personal stories, no scripts in hand, and stories 10 minutes or under in length. Open Mic at the end of the evening for those inspired to share on the spot. Or just come and listen to some great stories.

> **Telling Tales - Best Frenemies** Monday, Nov 16 8 p.m. **Douglas Morrisson Theatre** 22311 N. Third St, Hayward (510) 881-6777 www.dmtonline.org \$5 open seating

LETTER TO THE EDITOR

Restrict residential growth

This is a plea to citizens' elected fiduciaries of Alameda County Water District and Union Sanitary District to join Fremont Unified School District (FUSD) in opposition to increased residential growth. At this time of limited school capacity, limited water capacity, increased water service charges, maintenance of deteriorating water and sewer pipes should take priority over providing new residential service infrastructure.

Inadequate builder fees do not sufficiently offset the long-term cost of providing new public services to accommodate the needs of "for-profit" residential developers. Additionally, the City of Fremont often allows these developers to pay "in lieu" fees instead of meeting low-cost housing requirements. The City of Fremont even considers incorporating "bulb outs" as a means to gain a few needed inches to meet requirements to include "one more milliondollar home.'

While financial restrictions may meet a "suitability standard" (meaning suitable for those receiving the financial advice), clearly those following that standard can still put their own interests above citizens' interests by advising even the least "suitable."

It is my understanding that elected fiduciaries come under a much higher "duty to care" fiduciary standard and must put citizens' interest first-not just financial interests—by:

- Ascertaining assets;
- Securing those assets;
- Maintaining those assets; and
- Delivering those assets "in like" or "in kind" to those who follow them in office. Monies received should be held in trust until they can be used for a "like" asset or for an "in kind" purpose—as monies received

from sold park land held until used to build a replacement park or for another suitable "in kind" use (as perhaps a new Fremont-owned Mission Peak recreational parking lot vs. being used for the new downtown Fremont building fund).

I don't mean to leave out the Ohlone College Board. I do hope it will consider new student impact on its own resources and react accordingly.

Preparations begin for LOV's annual Thanksgiving Dinner

SUBMITTED BY **SHIRLEY SISK**

Joining hands and hearts again for this year, the League of Volunteers, (LOV), is working with local Tri-City service organizations to insure that their clients as well as others have a wonderful Thanksgiving complete with good food and fellowship. The free feast and festivities are for all those who would otherwise spend the day alone or who do not have the resources, either money or shelter to enjoy a traditional Thanksgiving Day meal on Thursday, November 26.

The freezers are empty and ready - and LOV is waiting for 300 turkeys and 80 hams. Last year, 4,132 meals were served either at the Newark Pavilion or to those homebound in Fremont, Newark, Union City, Hayward,

San Leandro, San Lorenzo and Castro Valley. Besides turkeys and hams there is need for: 400 pies (all kinds - not just pumpkin), 600 oval aluminum roasting pans, 200 loaves of sandwich bread and all the other ingredients to make it a memorable Thanksgiving holiday.

Those who come to the Newark Pavilion for the meal will enjoy an afternoon of good food, entertainment, and children's crafts. In addition, we will try to give a free box of food to every guest, depending on donations received.

In order to make it easier for guests without transportation, volunteers will be personally picked up in Fremont, Newark and Union City. All guests have to do is call LOV's Program/Development Director, Sharon Slayton at (510) 793-5683 by

November 20 to schedule a "Turkey Taxi" for a ride.

For those who are homebound, meals will be delivered to Fremont, Newark, Union City, Hayward, San Leandro, San Lorenzo and Castro Valley. Many of these are Meals on Wheels clients who really appreciate a hot Thanksgiving Day meal and a little companionship. For homebound meals call Assistant Executive Director Harold Colon at (510) 793-5683.

LOV Thanksgiving Dinner Thursday, November 26 12:30 p.m. to 4 p.m. **Newark Pavilion** 6430 Thornton Ave, Newark (510) 793-5683 (510) 793-5683 www.lov.org Free

Center Stage Performing Arts presents "A Little Princess, The Musical," opening November 13 at the Sal Cracolice Building in Milpitas.

This engaging musical adaptation of the classic book by Frances Hodgson Burnett opens with a happy Sara Crewe, heiress to a large fortune. Enrolled at Miss Minchin's seminary in Victorian England, her life takes a dramatic turn when she receives news of the loss of her father... and her fortune. Sara is forced by the greedy Minchin to become a servant and live in a wretched attic room. When a mysterious gentleman from India moves next door, curious thing begin to happen. A touching and beautiful score adds a magical touch to this enchanting show.

Performances are November 13 at 7 p.m., November 14 at 2:30 p.m. and 7 p.m., November 20 at 7 p.m., and November 21 at 2:30 p.m. and 7 p.m. Tickets can be bought in advance at the Milpitas Community Center (457 E. Calaveras Boulevard) November 9 through 12, on Eventbrite, and at the door on the day of the performance.

Honda Pilot: Leading the **SUV** Team

By Steve Schaefer

ll new for 2016, the Honda Pilot is the top dog in Honda's three-vehicle team of crossover SUVs. It sheds the two-box chunkiness of the previous generation and wears the latest Honda look. Honda has taken about 300 pounds out, aling of a back yard sunroom.

There is lots and lots of room inside the new Pilot, and it's a bit easier now to climb into the third row seats. And for cargo, there's 16 cubic feet available even with all three rows of seats up. Fold the third row and you get 46 cubic feet; fold the second row and it grows to 82.1 cubic feet.

though it still weighs in at over two tons.

Since 2003, Honda has sold more than 1.4 million Pilots, so it's important to get it right.

Choose from a range, beginning at the entry LX model up through the EX (and EX-L featuring leather inside), and to the desirable Touring model. For 2016, there's a new Elite premium level, which is the one Honda lent me for a week.

Honda has added flowing lines, chrome trim, and extra design filigree to all of its cars, especially at the front and rear ends. The façade on this Pilot looks right at home in a Honda family

Inside is where the differences really show up in the new Pilot. Attention to detail and willingness to spend a little extra pays off in a car that feels dangerously close to competing with Honda's own upscale Acura division.

The knobless audio system sits high on the center console in the middle of a contemporary matte black panel with a silvery outline. And the transmission is a slick strip of buttons-no lever-and there's a classy roll-top center console bin that's big enough to swallow up a purse or full-size iPad.

Honda's dual screen design is nicely integrated. You can enjoy interacting with a colorful and amusing console. One sour note—the flat electronic instrument panel washes out in certain sunlight conditions.

At night, cleverly hidden lamps illuminate the door handles and armrests, creating a suave ambiance. During the day, the enormous panoramic sunroof brightens the interior to the feel-

The standard configuration, with a second-row bench seat, carries eight passengers. The luxurious Elite offers second row captain's chairs, which let third row occupants enter between the seats but cut the passenger limit to seven. There's an entertainment center for the rear passengers on long trips, and Honda has equipped the Pilot with up to five USB ports, so you can use and charge your iPad or game system while on the go.

Every Pilot gets a new Earth Dreams 3.5-liter V6 engine. It generates 280 horsepower and 262 lb.-ft. of torque. Depending on model, you get either a six- or a nine-speed automatic transmission. The benefit of the nine-speed is wider range of gear ratios including overdrive in 6th through 9th gears for freeway efficiency.

You can get all-wheel drive with the Pilot, as my Obsidian Blue Pearl tester had. It's meant for greater safety on the road rather than adventurous outings. The Intelligent Variable Torque Management system distributes torque not only front to rear but side to side, like Nissan's SHAWD system.

There's also a button on the center console for Intelligent

Over the past 23 years,

Steve Schaefer has tested

more than 1,000 cars and

published a weekly story on

every one. As a teenager, he visited car dealers' back lots to

catch a glimpse of the new

models as they first rolled off

Traction Management. Pick from Snow, Mud and Sand, or Normal settings in all-wheel-drive cars, just Normal or Snow in frontwheel-drive units. These settings change the accelerator drive-bywire settings, the transmission shift program, and the Vehicle Stability Assist and torque distribution systems.

The V6 also will turn off three cylinders for greater fuel efficiency when on an easy, level surface. The bottom line is ratings of 19 City, 26 Highway, and 22 Combined for the all-wheel-drive models, and one mile per gallon better for two-wheel-drive models. I averaged 19.2 mpg. EPA Green Vehicle scores are a midpack 5 for both Smog and Greenhouse Gas.

The Honda Sensing technology suite brings together safety features like a multiple-view rear camera with blind-spot monitoring and Honda's wonderful Lane Watch system, which gives you a view of what's on your right side in the center display screen whenever you activate your right turn signal. There's also Collision Mitigation Braking to help you avoid running into the car ahead, Lane Departure Warning to keep you between the lines, and Adaptive Cruise Control to let you follow a car at a preset distance (it accelerates and brakes for you to do it). New this year is Road Departure Mitigation and a Rear Cross Traffic Monitor.

Pricing varies tremendously depending on model and equipment. My top-of-the-line Elite came to \$48,180, but you can pick up the two-wheel-drive LX model for \$30,875.

The new Pilot is all dressed up and ready for action.

Making the difference in Alameda County

SUBMITTED BY RAYMOND GRIMM

Senior Services Coalition of Alameda County presents "Making the Difference: Creating Age-Friendly Institutions & Community in Alameda County" on Thursday, November 12 at Nile Hall Preservation Park in Oakland. Making the Difference will introduce the World Health Organization's model for age-friendly communities and, using that as our guidepost, will consider how to engage counties, cities, policy makers, community service providers and our communities in bringing about

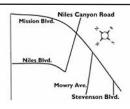

broad, deep and lasting change for Alameda County's older adults. To register, visit 2015makingthedifference.eventbrite.com.

Shape Our Fremont

Where Fremont residents can learn about shaping proposed housing developments

New Housing Proposals in Preliminary Review

evelopers may submit proposed projects to the Planning Department for a Preliminary Review Procedure (PRP) prior to submitting a formal Development Application. The public is welcome to express their comments and concerns about any project undergoing PRP, and early comments may help shape the project.

Here are four new housing proposals currently undergoing a Preliminary Review Procedure:

Osgood Heights PRP

One of the largest new developments is a proposal to build a 163-unit affordable-housing apartment complex on 2.74 acres at 42000 Osgood Road within the Irvington BART Transit

Oriented Development Area. The land is currently occupied by two small commercial buildings, which will be removed.

The apartments will be in four large five-story buildings close to Osgood Rd, with a five-level parking structure partially cut into the slope at the rear of the property. All visitor parking will be on site. There will be no retail space in the project, so the nearest grocery store and other essential services are approximately three-quarters of a mile away in the Irvington business district.

To express your comments and concerns about this proposed project, email Fremont Project Planner Steve Kowalski at skowalski@fremont.gov

Lincoln Townhomes PRP

Another possible development in Irvington involves a proposal to build 7 townhouses on a single 0.42-acre lot at 40857 Lincoln Street between Union Street and Chapel Way. An existing 1940s house will be removed.

The townhouses will be three-stories with side-by-side, two-car garages positioned along the northern edge of the property adjacent overlooking an existing single-family home. Three guest parking spaces will be provided on the site. The single driveway is labeled as open space for the residents, as there are no other open spaces.

To express your comments or concerns about this pro-

posed project, email Fremont Project Planner Spencer Shafsky at sshafsky@fremont.gov

Washington Boulevard PRP

A 2.1-acre parcel at 2529 Washington Boulevard near the Washington Blvd/Southbound I-680 interchange in the Mission San Jose Community Plan Area is the proposed site for 15 new townhouses. The land currently has two small vacant houses, which will be removed.

The initial plans show three groups of attached multi-story townhouses clustered along a private street parallel to Washington. The property is currently zoned for single-family housing, so the question is whether attached townhouses are considered single-family or multi-family?

To express your comments and concerns about this proposed project, email Fremont Project Planner Terry Wong at twong@fremont.gov

Crystalline Drive PRP

And in the south part of Fremont, a developer is proposing to build 36 single-family homes, a club house, tennis courts, and walking trails on 18.29 acres of hillside land at 501 Crystalline

Drive, adjacent to the South Mission Blvd/Northbound I-680 interchange. The property is technically within the Mission San Jose Community Plan Area, although it is just across the freeway from the Warm Springs business district. The land is currently vacant.

Most of the houses will be stepped-up or stepped-down three-story configurations to conform to the sloped terrain. Access will be via two streets that drop down from Crystalline Drive to a new public frontage street at a lower level on the hillside. All parking will be within private residence garages or in designated spaces on the streets.

The proposed development will require a General Plan Amendment because the property is currently designated as General Open Space on the General Plan.

To express your comments and concerns about this proposed project, email Fremont Planning Manager Wayne Morris at wmorris@fremont.gov

To learn more about planning issues and proposed housing developments in Fremont, go to www.ShapeOurFremont.com

Public meeting on Shoreline Development - Pescador Point

SUBMITTED BY TERESA MEYER

The City of San Leandro is hosting a Shoreline Development discussion regarding Pescador Point on Thursday, November 5. The purpose of this meeting is to discuss the design and recreational uses for the approximately 2-acre area on Pescador Point that is being redeveloped as part of the proposed Shoreline Development Project. The area is envisioned to include an approximately 2,000 square foot Aquatic Center, a 250 square foot boat storage area, and a small boat ramp for hand powered watercraft.

Pescador Point is being designed to promote aquaticbased recreational uses at the shoreline, such as kayaking, paddle boarding, dragon boating, and sailing. Interested users are encouraged to attend and provide input and ideas as it pertains to the final design and uses for this portion of the Shoreline Development Project. City staff and Cal-Coast, the project developer, are interested in hearing ideas from the public on how to activate this space to serve the community. For those unable to attend, but who would like to send comments, please email cbattenberg@sanleandro.org.

Additional information about the Shoreline Development Project, which includes a new hotel, conference center, restaurants, housing, office space, a new library and community center as well as a pedestrian bike path around

the entire perimeter, on the City of San Leandro website: http://www.sanleandro.org/depts/cd/shoreline/default.asp For more information, contact Cynthia Battenberg at cbattenberg@sanleandro.org or at (510) 577-3352.

California declares emergency from massive tree die-off

AP WIRE SERVICE

SACRAMENTO, Calif. (AP), Gov. Jerry Brown has declared a state of emergency to help California address a bark beetle infestation that is killing tens of millions of trees.

The governor sent a letter Friday to U.S. Agriculture

Secretary Tom Vilsack seeking federal action for "the worst epidemic of tree mortality in its modern history."

The tree die-off is exacerbated by four years of extreme drought conditions, which has left trees vulnerable to the native beetles.

The United States Forest Service estimates that more than 22

million trees have already died in California.

Brown is asking the federal government for additional funding and help for private landowners to remove dead and dying

Friday's proclamation is just the latest in California's response to the drought.

Apple TV brings iPhone-like apps to the big screen

By Anick Jesdanun **AP TECHNOLOGY WRITER**

NEW YORK (AP), It turns out that Apple's streaming-TV box aptly named Apple TV - isn't just for streaming anymore. Its latest incarnation, which ships this week, offers on the big screen just about anything you could previously only do on an iPhone or iPad.

Whether that's good may depend on whether you really want to buy shoes, browse home listings or read comic books on your TV. The new Apple TV looks to be a capable device for those purposes, although it's not flawless. Its streaming-TV features also trump those of its predecessor.

The new Apple TV will set you back \$149, or \$199 for a version with extra storage. Apple will still sell the old version for \$69. Neither requires an iPhone or iPad, although either iDevice can simplify the Apple TV setup process.

THE BASICS

Apple TV has been a dependable streamer, but until now its repertoire was limited to a few dozen services. Sure, these included Netflix, Hulu and HBO. But Apple didn't let you add other channels - say, competitive videogame play from Twitch.tv on your own.

That's all changed. The new Apple TV features an iPhone-like app store that lets you choose your own streaming services. And it's no longer pushy about steering you to iTunes and other Apple services. You can easily customize the home screen with your favorites.

Video quality on the new Apple TV maxes out at full high definition, known technically as 1080p. That should be plenty for most people. Video enthusiasts may complain that it doesn't support a higher-quality video standard called ultra-high definition or 4K, as several other streaming boxes do. But there aren't many 4K TVs or much programming for them available yet.

The Apple TV remote doesn't have a headphone jack, which other streaming devices like the Roku 3 and 4 and the Nvidia Shield offer to spare your family and roommates late at night. It can be tricky doing chores with a remote dangling from your headphone cords. What Apple TV offers instead is support for Bluetooth wireless headphones - sold separately, of course, by Apple and others.

It's not yet clear whether you'll be able to stream video from Amazon and Google Play. Both companies have competing video stores, and one sticking point could be the cut Apple takes on in-app digital sales. Other major services, including Google's YouTube, are expected on the Apple TV.

INNOVATIONS

The new Apple TV enables voice searches using the Siri virtual assistant. Request ``Seinfeld" or Jennifer Lawrence, and Apple TV will look through catalogs for iTunes, Hulu, Netflix, HBO and Showtime, with more to come. You can even ask for ``good documentaries to watch."

Although similar capabilities are available on other devices, Apple

TV goes further in a few ways:

The remote replaces traditional rewind and forward buttons with a laptop-style trackpad. By sliding left and right, you control playback and navigate the onscreen keyboard more quickly. Sliding down gets you settings and show details, when available. The remote also lets you control the TV's power and volume directly, something I've seen only with TiVo video players.

 You can control playback by asking Siri to rewind 45 seconds or jump ahead five minutes, though some services won't let you forward past commercials. Saying "What did she say?" will rewind video 15 seconds and briefly turn on closed captioning, when available. It works fully with iTunes for now, but the closed-captioning part doesn't work with all third-party services yet.

- You can ask Siri for a specific episode, such as the "How I Met Your Mother" episode with Katie Holmes. Guest stars tend to trip up rival devices.

BEYOND STREAMING

Siri offers weather, stocks and sports information. It was great for tracking Tuesday's World Series opener without watching the game. This feature isn't unique to Apple TV, but unlike the competition, Apple TV feeds you info without interrupting your video by sliding up results from the bottom of the screen.

I had to rephrase or repeat my questions a few times, especially if I was speaking quickly. As long as I enunciated clearly, results were mostly satisfactory. Apple TV's version of Siri, however, won't handle general Web searches.

Apple TV catches up with rivals in enabling games. The remote has sensors that let you navigate spaceships and swing baseball bats by moving it around. But a bigger potential lies in bringing other apps to the big screen.

You can browse home to buy through Zillow and places to stay on vacation through Airbnb. Images on the big TV gave me a better sense of these properties than phone browsing would. You can also shop through Gilt and QVC.

ROOM TO GROW

Apple still needs to persuade developers to make more apps that really exploit the larger, and often shared, TV screen. Many of the apps now available are limited to one user profile or account, making them difficult for others to use.

It would also be nice for Apple TV to work better with payment services. You can easily buy videos and games with your iTunes account, but non-digital products are another story. Airbnb, for instance, will let you ``favorite" places to stay, but you'll need a phone or computer to book a room. It's not exactly the relaxed, couch-potato experience you expect from TV.

Generally speaking, though, the new Apple TV has taken an important first step into a broader world. Plenty of devices do video and games well. With a new range of nonstreaming apps, Apple has an opportunity to do much more than that.

AP WIRE SERVICE By Kristin J. Bender

SAN FRANCISCO (AP), State officials for the first time are fining California water suppliers for failing to meet a mandated 25 percent reduction in water use in the state's battle against a widespread drought.

The \$61,000 fines are being imposed on Beverly Hills, Indio, Redlands and the Coachella Valley Water District.

Redlands spokesman Carl Baker said the city learned of the fine late Thursday and said officials will seek direction on how to respond from the City Council on Tuesday. He declined to elaborate.

Representatives from Beverly Hills, Indio and Coachella Valley Water District were not immediately available for comment Friday.

For a fourth straight month, Californians as a whole have cut back water consumption by more than 25 percent since Gov. Jerry Brown put that mandate into effect last June.

"Millions of Californians have saved water during the summer months, which are the four most critical months to save water," said State Water Resources Control Board Chairwoman Felicia Marcus. "This is important and wonderful, and we are thankful for all of the effort by individuals and agencies. Now, we need to keep it up as best we can, even as we hope for as much rain and snow as we can safely handle."

In September, Californians reduced water use by more than 26 percent.

Statewide cutbacks amounted to 27 percent in August, 31 percent in July and 27 percent in June.

That put the state more than halfway toward its goal of saving 1.2 million acre-feet of water between June 2015 and February 2016.

An acre-foot or 325,851 gallons is about enough water to supply two households for a

"Up and down the state, residents and water suppliers are making the necessary sacrifices needed to help California meet its conservation goals. However, some urban water suppliers simply have not met the requirements laid before them," said Cris Carrigan, director of the Office of Enforcement. "For these four suppliers, it's been too little too late to achieve their conservation standard."

Beverly Hills, with its huge mansions, including many fronted by sprawling, emeraldgreen lawns, has drawn the ire of Los Angeles residents who have complained of excessive water use by their wealthy neighborhood. Some of the city's homes have been targeted by so-called "drought shamers" who post videos online of water being wasted and allowed to run into the street.

Redlands actually has a link on its website that people can use to report water wasters,

continued on page 11

WATER continued on page 10

and city officials say they have taken numerous efforts to cut usage, including limiting watering days and installing drought-resistant landscaping in public places.

Once a sleepy agricultural area 70 miles east of Los Angeles, the city of 70,000 has grown into a bustling LA suburb in recent years. Indio, a desert resort town 20 miles east of Palm Springs and with a population of about

70,000, is located in the typically hot, dry Coachella Valley section of Southern California.

Carrigan acknowledged the \$61,000 fines being sought would have more impact on smaller districts but pointed out that continued violations could lead to a cease and desist order with potential fines of \$10,000 a day. The water suppliers can appeal the fines.

Three hundred and eighty nine suppliers reported water use in September. The figures showed that the four communities missed mandated targets by between roughly 9 and 12 percent. For example, Beverly Hills was 11.7 percent off its 32 percent conservation target, or the equivalent of 175 million gallons of wasted water, officials said.

Associated Press writers John Rogers and Janie Har contributed to this report.

Fed looks at way to shift big-bank losses to investors

By Marcy Gordon **AP BUSINESS WRITER**

WASHINGTON (AP), In their latest bid to reduce the chances of future taxpayer bailouts, federal regulators are proposing that the eight biggest U.S. banks build new cushions against losses that would shift the burden to investors.

The Federal Reserve's proposal put forward Friday means the mega-banks would have to bulk up their capacity to absorb financial shocks by issuing equity or longterm debt equal to prescribed portions of total bank assets.

The idea is that the cost of a huge bank's failure would fall on investors in the bank's equity or debt, not on taxpayers.

The Fed governors led by Chair Janet Yellen voted 5-0 at a public meeting to propose the socalled "loss-absorbing capacity" requirements for the banks, which include JPMorgan Chase, Citigroup and Bank of America.

The eight banks would have to issue a total of about \$120 billion in new long-term debt to meet the requirements of the proposal, the Fed staff estimates.

If formally adopted, most of the requirements wouldn't take effect until 2019, and the remainder not until 2022.

The new cushions would come atop rules adopted by the Fed in July for the eight banks to shore up their financial bases with about \$200 billion in additional capital – over and above capital requirements for the industry. And they would be in addition to 2014 rules directing all large U.S. banks to keep enough high-quality assets on hand to survive during a severe downturn.

Combined with the regulators' previous actions, the new proposal "would substantially reduce the risk to taxpayers and the threat to financial stability stemming from the failure of these (banks)," Yellen said at the start of the meeting.

Stricter capital requirements for banks were mandated by Congress after the financial crisis, which struck in 2008 and set off the worst economic downturn since the Great Depression. Hundreds of U.S. banks received taxpayer bailouts totaling hundreds of billions of dollars during the crisis, including the eight Wall Street mega-banks that became known as "too big to fail" in Washington.

The previously adopted capital and liquidity rules are the "belt" designed to reduce the likelihood of big banks failing, while the new proposal for transferring potential losses to investors is the "suspenders" in case banks do fail, said Oliver Ireland, an attorney specializing in banking law at Morrison & Foerster who was an associate general counsel at the Fed.

Investors will know that if a bank fails, "they will be on the hook" and likely won't recover the full amount they put in, Ireland said. Higher interest rates paid by banks on the debt they issued beforehand would compensate for the investors' risk.

The other banks subject to the requirements are Goldman Sachs, Wells Fargo, Morgan Stanley, Bank of New York Mellon and State Street Bank.

In its action Friday, the Fed was putting forward its piece of a plan proposed by international regulators in November 2014 for "lossabsorbing capacity" for the world's firms to speculate.

30 largest banks. Including the eight U.S. banks, they are considered so big and interconnected that each could threaten the financial system if they collapsed.

U.S. regulators won the power under the 2010 financial overhaul law to seize and dismantle big banks and financial firms that could topple and jeopardize the broader system. The Fed sees a mandate for loss-absorbing capacity as a key to enabling that process. It would put long-term debt into a bank's holding company that could be converted to stock as an injection of capital instead of taxpayer funds. If a bank failed under the regulators' scenario, the holding company would be seized but subsidiaries would be allowed to continue to operate.

Also at their meeting Friday, the Fed governors set requirements for collateral to cover possible losses that banks have to post for trades in derivatives that are made outside of clearinghouses. The Fed joined other U.S. regulators who adopted the requirements last week.

The aim is to cut down on the kind of risky trades that contributed to the 2008 financial crisis. Policymakers have blamed the \$600 trillion global derivatives market, which was unregulated before the crisis, for hastening the financial meltdown. Derivatives are transactions whose value comes from an underlying investment - oil, for example, or currencies, interest rates or stocks. Farmers, airlines and industrial companies use derivatives to hedge against risks. But derivatives have also been used - sometimes recklessly - by financial

FFMA's Flood Man **Service Center**

The City of Fremont has been a member of the National Flood

For those who cannot access the online system, the City of Fremont Development Services Center located at 39550 Liberty St., will continue to maintain copies of Letters of Map Change and Elevation Certificates.

Insurance Program since 1983 and has adopted a floodplain management ordinance to reduce flood risks for properties within Special Flood Hazard Areas. To help communities, FEMA offers user-friendly tools that support the needs of the public in viewing, analyzing, and printing flood hazard maps in an online website called FEMA's Flood Map Service Center at www.msc.fema.gov.

The Flood Map Service Center provides the ability to download maps and Letters of Map Change. It also provides a link to view flood hazard information as Geographic Information Systems data through a free interactive mapping application called the FEMA Geo-Platform. As the official public source for flood hazard information, the Flood Map Service Center is a great resource for novice and advance users alike.

For more information visit www.Fremont.gov/FloodInfo.

Senior Helpline

The City of Fremont has always had a special place in its heart for its senior residents. And one of our unique services is the Fremont Senior Helpline, available in English, Farsi, Spanish,

and Mandarin.

The Fremont Senior Helpline offers information and referral to a wide array of programs specifically for those over the age of 60, including care management services for frail seniors, caregiver support and emotional and mental health services. Last year, the Senior Helpline responded to more than 1,500 calls.

While calls typically come in from seniors themselves, we also get plenty of calls from professional staff in the community, neighbors, pastors, and family members living locally as well as in other areas. Hours of operation are Monday through Friday from 9:30 a.m. to 4:30 p.m. If you cannot reach someone immediately, please leave a voice message and your call will be returned in less than one business day. To reach Fremont's Senior Helpline, call 510-574-2041.

Join the Sabercat Creek **Restoration Project**

The City of Fremont was awarded \$1.2 million in Proposition 50 grant funds in 2008 from the Resource Agency California River Parkway Program for creek restoration and additional improvements to Sabercat Creek and its surrounding area. This includes ongoing need for volunteers.

Join the City of Fremont's Environmental Services on the first Saturday of every month from 10 a.m. to 1 p.m. Help plant native trees and shrubs, remove non-native vegetation and weeds, restore plant basins and mulch mats, and learn the importance of plants for our environment.

Please visit www.Fremont.gov/SignupHabitatRestoration to sign up. No special training is required.

Solicitors - To Open or Not to Open

Think twice before opening your door to a stranger. Door-todoor solicitors may pretend to be selling products or offering services, but they could be casing the neighborhood for a home to burglarize. Follow these steps to keep yourself and your home safe:

Do not open your door when someone knocks. Check through a peephole or window before opening your door to anyone. Burglars commonly ring the doorbell to see if anyone is home before breaking and entering. If you do not let that person know you are home, they may choose your house to burglarize. Once they move to the side or backyard out of view from the street, they have lots of time to find a way to break in.

What should you do instead? If you get an unexpected knock on the door and do not recognize the person, do not open the door. Speak to the person through the door and tell them directly, "I am not interested in anything you are offering. Please move on."

What if you are home alone? Just because you are alone, doesn't mean you have to reveal that to the stranger at your door. Talk to an imaginary person and say, "Just a moment. Let me see who is at my door. I'm not expecting anyone else today." Let aggressive strangers know that you are home, you have a visitor and you have no intention of opening the door to them. Do not engage in conversation with them.

Should you call the police? What if they persist? What if they don't 'move on'?

Yes. Call the Fremont Police non-emergency number 790-6800, option 3 to report them if:

•You feel threatened, you think they are suspicious, or they do not leave your door step when you ask. Tell them you are calling the police.

•Post a "No Solicitors" sign on your front door. If a solicitor arrives on your front step unannounced, yell firmly through your closed door, "Read the

•Post a "Beware of Dog" sign. Having a large barking dog is handy to deter these burglars. You may just want to have a 'Beware of Dog' sign.

What if they have a permit?

There is a Fremont ordinance requiring a permit for door-todoor solicitation for sales and services. Most solicitors will carry around something that looks like a permit and it may or may not be valid. Even if they have a permit, you are not obligated to engage in conversation or open the door. You can view the Municipal Code 5-4116 at www.Fremont.gov/MunicipalCode.

Attracting and Retaining Employees for Your Business

Business owners know that good employees are needed for a successful company. Learn best practices for finding and keeping those good employees at an upcoming free workshop for small businesses hosted by the Alameda County Small Business Development Center (SBDC). Home Sharing offers creative, affordable housing solutions

SUBMITTED BY CITY OF FREMONT

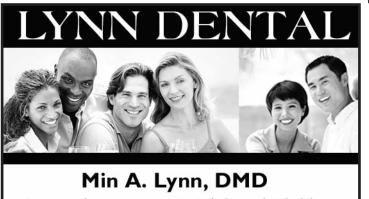

In an effort to create more affordable housing options for its residents, the City of Fremont reached out to HIP Housing, the San Mateo based nonprofit that runs one of the nation's largest Home Sharing programs and has been around for more than 40 years. As of August 1, 2015, the organization now serves those who are seeking housing who live or work in the City of Fremont and persons with a room to rent who live in Fremont, Newark and Union City.

The Home Sharing Program creates affordable housing from the existing housing stock by matching people who have spare bedrooms with those looking for a place to live. It is a mutually beneficial solution – those renting out a room in their home (Home Providers) can supplement their income, while those who need a place to live (Home Seekers) can find stability and security at an affordable rate.

Since sharing a home can come with occasional conflicts, HIP Housing has developed a system to help prevent and mitigate any problems. When matches are made, both parties sit down with one of the organization's experienced counselors to perform a "Living Together Agreement," wherein they outline the rules, details, musts, and deal-breakers for cohabitating. From there, every participant has long-term counseling available to them for as long as they remain in the program, with the staff serving as an unbiased, professional support system for the clients.

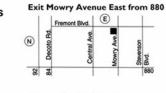

HIP Housing's solutions are especially useful in the current housing climate as the average cost of rent continues to rise. New affordable housing units are built, but not fast enough to account for the rapidly growing numbers of people who cannot afford to live here. The organization has seen a sizeable increase in calls about Home Sharing from those hoping to boost their income, those trying to recover from homelessness, and everyone in between. And, after 41 years, HIP Housing's Home Sharing Program has become a strong network of staff, board members, and clients truly invested in this community.

For more information about HIP Housing's Home Sharing Program, please contact HIP Housing Coordinator Laura Moya at (510) 574-2173 or visit Fremont's Human Services Department at 3300 Capitol Ave., Building B in Fremont.

Home & Garden

Tips for Fall Gardening

SUBMITTED AND PHOTOS BY LALITHA VISVESWARAN

♦ here is a slight chill in the air, the golden sunflowers, the last of red cherry tomatoes and brilliant purple orbs of eggplants are all huffing and puffing towards their end. It's time to welcome fall! It's time to plant crisp greens and slow-growing root vegetables that will slowly get plump and fat under the earth as temperatures plummet.

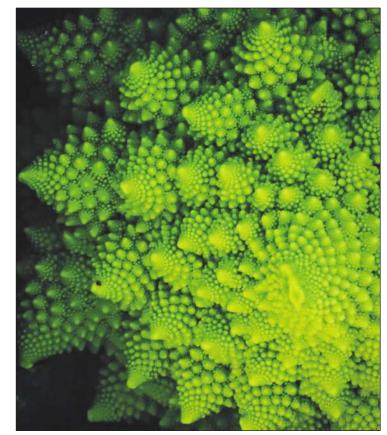

Fall planted crops have a longer harvest season. It does get nippy, but it is much more pleasant to work outdoors than in the brutal heat of summer. The soil isn't warm enough for the weed seedlings to wage their war against the gardener, and the insects aren't marauding the plants. Yes, fall in the California garden is a beautiful and pleasant time.

Here are some tips to derive the best out of your fall garden:

- 1. Clean the garden debris. Insects and pests can overwinter in the soil and plant materials, coming back with a vengeance next year as they wake up.
- 2. Amend soil with good, rich compost. Compost not only acts as a mulch, but is also capable of slightly increasing your soil's tem-

peratures. Rake in the compost about an inch deep.

- 3. Practice crop rotation. This means gardeners ought not to grow the same type of crops in the same area continuously. It is a practice by which nutrients that are depleted from the soil are replenished or replaced due to the sequence by which the gardener plants crops in the same section of the soil. Crop rotation increases soil fertility and crop yield, and discourages soil pathogens and diseases from ruining a soil. There are three-year, four-year, and even six-year crop rotations. For a home garden, here is a simple plan:
- Know your plant. It will either fall into one of two categories - heavy feeders or light feeders.
- Heavy feeders are crops like greens (lettuce, Swiss chard), brassicas (broccoli, cauliflower, cabbage), nightshades (tomatoes, eggplants, peppers) etc. Usually they are leafy vegetables or vegetables that flower/fruit.
- Light feeders are usually root vegetables like radish, beets, carrots, etc. These are usually less demanding of soil nutrients because they take a long time to get ready and mature for your

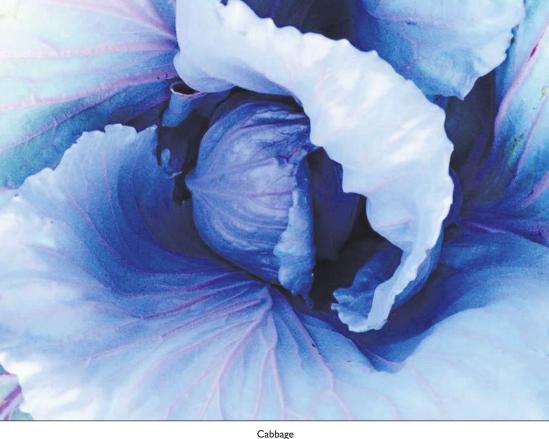

Broccoli

pany. They are usually seeds of plants like oats, peas, vetch, etc.

- Added benefit: the roots of these plants will anchor themselves to the soil so that rains won't erode and wash away the precious top soil of your beautiful garden.
- 5. Now that your garden plot is prepared and ready, great fall plantings are: kale, spinach, Swiss chard, turnip, carrot, radish, beets, fennel, cauliflower, cabbage, broccoli, Brussels sprouts, kohlrabi, collard greens, scallions, lettuce varieties, and mustard greens.
- 6. For flower gardeners, prune the roses hard. They will go to sleep now and come back with renewed vigor in spring.

Many plants will benefit from root division this time of the year.

continued on page 16

Cabbage

- To rotate crops in your garden, always follow a heavy feeder with a light feeder.
- There is another category of plants called givers. They pump nutrients, especially nitrogen, back to the soil. They are usually legumes like peas, beans, favas, etc. Cover crops are also a good example of givers. They replenish organic matter, nitrogen, and carbon back to the soil.
- Fall is a great time to plant light feeders as well as givers.
- Cover crops grow well in cooler temperatures and will replenish the soil for the next growing season. You can buy cool weather organic cover crop seeds from any reputable seed com-

continued from page 15

You can also plant cool weatherloving flowers like hydrangea, alyssum, ranunculus, crocus, and daffodils.

7. Late fall is a good time to clean up the area around your fruit trees. Pick up dropped fruit, trim dead branches and leaves. This is where larvae, cocoons, and eggs of insects and pests overwinter. Plant debris can act as a mulch in areas where there is no vegetative growth, but never in your vegetable plots or under trees in the home orchards.

The weeks between November and March are the dormant period for most pests and insects. They are inactive and often unable to survive the cold temperatures. It is an ideal time to get rid of them and make sure that they don't return for your next season's harvest.

Seedling

8. The most important fall gardening tip: savor every moment outside! Fall is my favorite season because it is such a pleasure to work outside and the temperatures are still warm enough for things to grow. Frost-kissed kale and carrots are sweeter, lettuce is crisper, spinach Spinach

is not bitter and doesn't bolt (flower). Root vegetables patiently become chubby under the earth.

Fall is a time to wind down and relax for all things in nature. It is a time for reflections of the past and contemplation for the future. Brew a cup of tea, tuck your feet in a comfortable chair and pencil your fall garden plans

Classically trained as a French chef in London, Lalitha Visveswaran is a full-time farmer at Jellicles Farm in the Sunol Ag-Park where she grows vegetables, herbs, flowers, and lavender. For more information, visit www.jelliclesfarm.com,

It's Carnaval Time for the Arts

SUBMITTED BY WINDA SHIMIZU

ayward Arts Council's

"It's Carnaval Time for
the Arts" will take center stage at the Hayward City
Hall Rotunda on Friday, November 13 with dining, entertainment, and live and silent auctions
to raise funds for Hayward Arts
Council's programs and galleries.

In addition to a fine meal catered by Fresh and Natural with beverages from Snappy's Café and Buffalo Bill's Brewery, there will be entertainment throughout the evening. The Mt. Eden String Ensemble will lead off the show, followed by folk dancing from Hayward Area Senior Center, and keyboard by Milt Bowerman of the Music Hall of Fame, and more.

Emcee Anna May will coordinate activities of the

evening, with the live auction handled by City Councilman Francisco Zermeño. Disneyland tickets, a stay at Black Oak Casino Resort, four tickets in a luxury suite for the Golden State Warriors vs. Los Angeles Lakers game, a stay at North Lake Tahoe Cabin that sleeps 13, a foursome at TPC Stonebrae golf course,

"Hayward in Alphabetical Order," digital art by Jeanne Bertolina

and much more will be part of the live auction.

A silent auction will offer a variety of prizes, from restaurant gift certificates to many creative art pieces from local artists.

During Carnaval, animal art prints created by four pets —a rabbit, chicken, dog, and a cat—will be auctioned. 20 percent of the proceeds will benefit the Hayward Animal Shelter.

It's Carnaval Time for the Arts funds will support Hayward Arts Council's five community galleries in Hayward, which offer local artists frequent opportunities to show their work. Hayward Unified School District's Art IS Education exhibit, AP Studio Art show at Foothill Gallery, and scholarship awards to students at Cal State University East Bay, Chabot College, and high school seniors are among the programs that will benefit from the funds raised at the event.

To get your tickets e-mail HACmail@haywardarts.org, call (510) 538-2787, or stop by the Hayward Arts Council office at 22394 Foothill Boulevard (open

Mt. Eden High School String ensemble. Photo by Michael Wallace.

Thursday through Saturday, 10 a.m. to 4 p.m.). Tickets are \$40 in advance and \$50 at the door.

Free home buyer workshop

126 Mahogany Lane

2375 Royal Ann Drive

2809 Pelican Drive

356 Teddy Drive

SUBMITTED BY TERESA MEYER

The City of San Leandro and the Bay Area Home Buyer Agency are offering a free home buyer seminar on Saturday, November 7. The seminar is part of the City of San Leandro's efforts to promote home ownership in the City and to assist first-time homebuyers. The free seminar focuses on: how to prepare to become a homeowner, strategies and protocols to finance and purchase a home in the current competitive real estate market, and special homebuyer assistance programs available to first time homebuyers. In addition, upon completing the seminar, eligible San Leandro residents may make an appointment to receive free homebuyer counseling.

There are still a number of helpful homebuyer assistance programs that are made available through public and private sources. These programs could significantly reduce the amount of down payment and monthly costs for eligible homebuyers. The seminar will discuss how a homebuyer may be able to take advantage of one or more of these programs.

To sign up for the free seminar, please visit the Bay Area Home Buyer Agency's website at www.myhomegateway.com. Please make certain to provide one's full name and email address when registering. The Bay Area Home-Buyer Agency is a not-for-profit municipal agency that is contracted by the City of San Leandro to administer the City's first time homebuyer program.

For more information, please visit www.myhomegateway.com, call 1-(800) 480-9020, or send an email with any questions to: info@myhomegateway.com

Free Home Buyer Workshop Saturday, Nov 7 9 a.m. -2 p.m. Marina Community Center, Thunderbolt Rm 15301 Wicks Blvd, San Leandro 1-(800) 480-9020 Register: www.myhomegateway.com

Affordable Student Transit Pass Programs

SUBMITTED BY TESS LENGYEL

The Alameda County Transportation Commission voted at its meeting on October 22 to approve a contract for the development and implementation of four pilot Affordable Student Transit Pass programs throughout Alameda County. The four-year contract, awarded to local firm Nelson\Nygaard Consulting Associates, will support four three-year pilot programs and test models that address the differences in geography, transit service availability and economic needs in different areas of Alameda County.

Alameda CTC has convened a working group of interested stakeholders, including school districts, transit operators, Alameda County, the Metropolitan Transportation Commission, youth, environmental and community organizations to discuss the program purpose and objectives.

Measure BB, passed by Alameda County voters in November 2014, includes \$15 million for an Affordable Student Transit Pass Program as well as additional grant funds to support the implementation of successful model programs aimed at increasing the use of transit among junior high and high school students.

Union Sanitary District continues work on **Union City** sinkhole repair

SUBMITTED BY MICHELLE POWELL

Repair work to damage caused by an October 14 sinkhole in Union City continues as Union Sanitary District (USD) undertakes a complex project to assess and repair a damaged sewer pipe.

The damaged pipe is 33 inches in diameter and runs 20 feet below Alvarado Boulevard in Union City. A nearby manhole also was damaged when the sinkhole occurred.

Assessing the extent of the damage to the sewer pipe has been hampered by difficult soil and groundwater conditions in the affected area. The groundwater level is very high and soils are unstable, which makes it impossible to simply excavate the damaged pipe without risking additional damage to the street and other utilities. The presence of groundwater above the damaged sewer pipe also makes it impossible to assess the damage with a remote camera.

The initial excavation was backfilled immediately following the repair of a water main about 10 feet above the USD sewer pipe. This was done for safety reasons, as well as to stabilize the pavement and allow the reopening of one traffic lane.

Before a complete assessment can be performed and the best repair option selected, USD must stabilize the site by pumping the groundwater out of the area. This will require the drilling of three wells, each about 30 feet deep and two feet in diameter, through which the groundwater will be pumped.

When the area is stabilized, USD will assess the damage, select the best method of repair to the damaged pipe, and complete the repairs. Without knowing the precise nature of the damage, it is not possible to project a completion date at this time.

Throughout this project, the damaged sewer pipe must be bypassed so that sewer service is not interrupted. Currently, this is being achieved with pumps and a bypass line running along Alvarado Boulevard. In the next week, USD expects to finish the installation of an underground bypass line and remove the street-level bypass lines. It is hoped that an additional eastbound lane may reopen as soon as the middle of next week, after the underground bypass is completed.

Repair of the damaged sewer pipe will require the ongoing closure of one westbound lane of Alvarado Boulevard between Fair Ranch Road and New Haven Street. This lane will remain closed throughout the entire project. USD has been able to keep one lane open in each direction, and is making every effort to minimize the impact on street traffic and to safely reopen lanes as quickly as possible.

"Our objective in this project is to protect the safety of motorists and others in the area while performing a repair that will be permanent and effective," said Paul Eldredge, USD general manager. "This work has been our number one priority, and it will remain our priority until the repair is complete and the street is fully reopened,"

Although no estimate of a completion date is possible at this time, USD will continue to provide updates on this project as it progresses.

Governor Brown announces appointment

Governor Edmund G. Brown Jr. announced on October 28, 2015:

Javier Esquivel-Acosta, 39, of Union City, has been appointed to the California Physician Assistant Board. Esquivel-Acosta has served in several positions at the Foothill Community Health Center since 2011, including director of the Health Education and Nutrition Department and the Innovation Department, associate medical director and clinic supervisor.

He was a physician assistant and certified aesthetic consultant at Med Spa from 2011 to 2013 and a bilingual case manager at La Familia Counseling Services from 2007 to 2009. He was a physician in private practice in Zacatecas, Mexico from 2005

to 2007, a health educator at Tiburcio Vasquez Health Center Inc. from 2003 to 2004 and chief of emergency care services at the Hospital General De Jerez in Zacatecas, Mexico from 2001 to 2003, where he was chief of outside consultation from 2000 to 2003.

Esquivel-Acosta earned a Foreign Medical degree from the Autonomous University of Zacatecas School of Medicine, a Master of Science degree in medical science from Saint Francis University and a Physician Assistant degree from the Stanford University School of Medicine. This position does not require Senate confirmation and the compensation is \$100 per diem. Esquivel-Acosta is registered without party preference.

Essay contest for Milpitas students Grades 4-12

SUBMITTED BY

CHARLETTE SMITH

The Milpitas Library is asking local students their thoughts on "What Does it Mean to Be Human?" A new essay contest open to Milpitas students, grades 4-12, the contest is held in conjunction with the Smithsonian Institution's traveling exhibit: "Exploring Human Origins: What Does It Mean to Be Human?" which opens on November 25, at the Milpitas Library. The essay contest is sponsored by the Milpitas Public Library and the Milpitas Public Library Advisory Commission.

All Milpitas students (grades 4-12) currently attending public or private schools or home schooled are invited to submit their essays. Compositions must be original; only one entry per person. Each essay must be typed, double-spaced, with 1-inch margins and 12 point Times New Roman font and adhere to the maximum word counts for their grade levels:

Grades 4-6 (500 maximum word count)

Grades 7-8 (600 maximum word count)

Grades 9-12 (700 maximum word count)

Essays must include information and reactions regarding content learned while visiting the Human Origins exhibit at the Milpitas Library between November 25 and December 13, 2015. Student essays will be judged on how well students portray ideas, word choice, sentence structuring, punctuation and overall paragraph ordering. Papers may be submitted to the Children's Reference Desk or the Adult Reference Desk at the Milpitas Library, 160 N. Main Street, Milpitas on or before Sunday, December 13, 2015. An entry form must be stapled to the front of the essay. (Entry forms can be found at the Milpitas Library or downloaded from SCCLD's website: http://www.sccl.org or http://bit.ly/1Rxxv5L.

The top 10 essays in each of the three categories will win a \$100 gift card. Winners will be announced during an award ceremony scheduled for Sunday, December 20 at Milpitas Library. For additional information, please contact Stephen Fitzgerald at sfitzgerald@sccl.org or (408) 262-1171.

For All Signs: For this month I shall be writing about a major challenging aspect between Saturn and Neptune that will be exact on November 26. It will be in astrology news through 2016. It is already happening. Saturn rules hardcore reality, the rules and limits of our lives. Neptune rules the spiritual and the ethereal that are illusive, lacking clear boundaries, addictive and deceptive. This month the planets arrive at a last quarter square, a point at which the outcome or the last bloom of the original aspect becomes clear. The initial aspect of this cycle was a conjunction in the sign of Capricorn (business, overall economy, authorities) in 1989. That year George H.W. Bush was inaugurated and the world experienced the fall of the Berlin Wall. It was also the year of the unforgettable Exxon Valdez oil spill in Alaska. Clearly the Berlin Wall and the Valdez oil tanker belong to Saturn, both representing absolute boundaries. The culprits were the sea (Neptune) breaking through the tanker, and the rapid erosion of Russian authority and power. I leave it to the reader to determine how George H.W. Bush matches the pattern. Whatever has been built on sand will collapse during the next year (more next week).

Aries the Ram (March 21-April 20): Concentrate on awareness of any self-sabotaging activities or those things you are avoiding. You have already run yourself short of time, so it's important that you pay attention now before the situation becomes more critical.

Taurus the Bull (April 21-

May 20): Your attention turns to personal healing, diet or exercise. For some there will be an improvement in the everyday environment at work. A new person, who will be helpful and friendly, may enter your work arena.

Gemini the Twins (May 21-

June 20): Continue to allow your intuition to be your guide. The Muse wants to speak through you during this period of two to three weeks. Focus on art, music, dance and color - whatever gives you pleasure. Take long breaks if possible. Being near the water will be most soothing, even if it is only the shower.

Cancer the Crab (June 21-**July 21):** This is a particularly good time to commune with family. You will probably be drawn together over a matter of importance to each of you. Give attention to whomever or whatever enters your life at this time. A spiritual teacher is coming. It may be a person or an experience.

Leo the Lion (July 22-August **22):** This is a favorable week for the Lions. Your personal creativity will help you access assistance from the world at large if you need it. This is a healing time. Your wisdom and strength serve as healing balms for others. If you need emotional or physical healing, someone

fills that role for you.

Virgo the Virgin (August 23-September 22): You have especially good aspects regarding relationship(s) this week. It is a good time to share your truth with lovers, children and partner(s). Let your intuition flow and guide you. Give attention to your dreams. You may be drawn to creative projects or writing.

Libra the Scales (September 23-October 22): Venus, your ruling planet, enters your sign on November 8 and will be with you

through December 3. You always have an interest in appearance, and this transit notches it up a couple of pegs. You may "redecorate" yourself with new glasses, clothing or hairstyle. Often when Venus is prominent we become more interested in anything, which adds beauty to our lives.

Scorpio the Scorpion (October 23-November 21): The Gift of Gab is your sidekick this week as you stroll through life. You can talk your way into or out of anything you choose. Romance is enjoyable although it is probably not something to bet your life on. Just enjoy the game. Education and short distance travels are favored.

Sagittarius the Archer (November 22-December 21): An unexpected, fairly sudden development interferes with your forward motion in career this week. If hi-tech equipment is important

to your job, it may throw a ringer in the works. Whatever the cause, it seems you must stand aside until time fixes the problem.

Capricorn the Goat (December 22-January 19): Aspects particularly favor social and community. You are in an effective position. Others agree with your guidance and leadership and are willing to give whatever support is needed. The trick for you is to pry your mouth open to ask. Don't command or others will work against you.

Aquarius the Water Bearer (January 20-February 18):

Everything seems to be grinding toward a halt at this time. It is possible that you have a quarrel with the direction of things around you. Therefore you are dragging your feet. Or maybe you feel ill. This is temporary. Things will pick up next week.

Pisces the Fish (February 19-March 20): Problems concerning a partner or someone that you love may pressure you into sacrificing your independence for a while. Meanwhile you have favorable aspects related to activities involving distant travel, the law, education, the Internet and church.

Are you interested in a personal horoscope? Vivian Carol may be reached at (704) 366-3777 for private psychotherapy or astrology appointments (fee required).

Ohlone presents

'One flew Over the Cuckoo's Nest'

SUBMITTED BY
OHLONE COLLEGE
PHOTOS BY RAVI MASAND

With a cast and crew of more than 50 students, the Ohlone College Department of Theatre and Dance presents the acclaimed play, "One Flew Over the Cuckoo's Nest." The play, set in a mental hospital for convicted criminals, explores the issues of individual identity and freedom. Inmate Randle Patrick (R.P.) Mc-Murphy clashes with head nurse, Nurse Ratched, fighting for the dignity of patients.

Director Michael Navarra says, "When choosing a play the first question I ask is, 'Is this play rele-

vant today?' As I read the latest headlines and observe the world, I think that this story is even more pertinent now than in its time. Respect and acceptance for who we are as individuals has not been fully realized, even in 2015. We are still far from it. Until that day comes, I hope this play will continue to be produced and that its message will be heard."

Adapted from the novel by Ken Kesey, the original play written by Dale Wasserman ran Off-Broadway in New York for over 1,025 performances, winning several Tony Awards. The 1975 film version became the second movie to win all five major Academy Awards (Best Picture, Actor, Actress, Director, and Screenplay).

Performances will be held November 6-7, 12-14, and 19-21 with an ASL Interpreted performance on November 14. For more information or to purchase tickets, please visit www.smithcenter.com.

Oakland Zoo and Taiwan Tourism Bureau Honor Animals Asia

SUBMITTED BY NICKY MORA

On Tuesday, November 10, 2015, from 6:30 p.m. – 9:30 p.m., Oakland Zoo welcomes the public to attend a Conservation Speaker Series featuring Jill Robinson, founder and CEO of Animals Asia. Robinson is widely recognized as the world's leading expert on the cruel bear bile industry, and her organization is devoted to saving bears and improving the welfare of animals in China and Vietnam

"Animals Asia's work to end bear bile farming depends on you, our incredible supporters and friends from around the world," said Jill Robinson of Animals Asia. "I can't wait to meet you face to face - and talk about the work that moves mountains for animals - at the upcoming speaker series at the Oakland Zoo." The evening's lecture will focus on first-hand accounts of bear rescues and up-

lifting stories of bears surviving and thriving. Many in the animal conservation community consider Ms. Robinson a champion for animals, especially the moon bear.

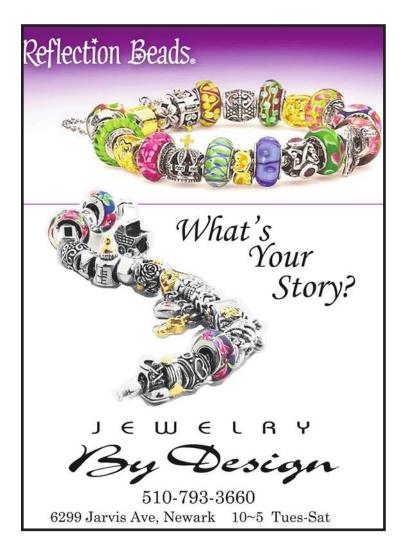

The evening engagement will also include a check presentation to Animals Asia of \$10,000 from Oakland Zoo and Taiwan Tourism Bureau, sponsor of the evening's festivities and Conservation Speaker Series lecture.

Friends of Chabot College host Annual Gala

SUBMITTED BY MARK SALINAS AND Maria Ochoa

Last year, a group of Hayward and Hayward area educators, business people, and labor leaders re-established the foundation at Chabot College. In the re-launch, a new board of directors was established, new by-laws were written, and a new commitment was made to raising money for students and student-centered programs. To continue our goal to support Chabot College students while they prepare for transfer and careers, Friends of Chabot College Foundation is hosting the second annual "Celebration of Chabot College Firsts Gala" on Thursday, November 12 at TPC Stonebrae Country Club in Hayward.

Our signature special event brings together Chabot College supporters from around the Bay Area, who wish to enjoy an evening of fine dining, lively entertainment and good company. The funds raised benefit our college best known for its 50 years of innovation, excellence and accomplishment. Rep. Eric Swalwell (D-Calif.) will grace the event as well, joined by speakers Wendy Tokuda and Mohr-Fry Ranches. For tickets and sponsorships, call or email Maria Ochoa at (510) 723-7091 or Mochoa@chabotcollege.edu, or Obray Van Buren at Obrayv@gmail.com or (925) 766-7328. Please wear business formal attire.

> Friends of Chabot College **Foundation Annual Gala** Thursday, Nov 12 6 p.m. **TPC Stonebrae Country Club** 222 Country Club Dr, Hayward (510) 723-7091 Mochoa@chabotcollege.edu www.chabotcollege.edu/foundation/ **Individual Ticket: \$150** Sponsorship: \$500-\$15,000

The Diary of Anne Frank

SUBMITTED BY DAVE BAPTIST

Healthcare - What Now? Trends-Challenges-Innovation

Thursday, November 19, 2015 DoubleTree by Hilton 39900 Balentine Dr., Newark

The challenges facing the US health care system are substantial and immense. Innovation in all aspects of health care is responding rapidly and changing the landscape. Gain insight into major scientific, technological, consumer and social trends that will, in the near future, allow for some very dramatic change in the concept of health care delivery. What will this mean to you?

THE PROGRAM:

Includes a presentation and panel discussion by a group of area industry experts.

Our Keynote Speaker:

Tom Hanenburg, Sr. VP/Area Manager Kaiser Permanente Alameda County

Mr. Hanenburg has oversight of two medical centers in Alameda County and associated medical office and ambulatory centers in Hayward and Union City, managing a \$2 billion budget, and the delivery of healthcare services to 320,000 covered lives

Concert pianist Tao Lin lights up the stage

SUBMITTED BY OHLONE COLLEGE

'nternationally recognized for his "keen musical intelligence and excellent facility," (Miami Her-▲ ald) Tao Lin, a native of Shanghai, opens the 2015-2016 Season of the Arts at Ohlone College, presenting great piano works by Brahms, Chopin, and Liszt.

A graduate of the Shanghai Conservatory of Music, Lin has performed in concert venues across the world. Critics describe his music as a "...creative interpretation carried out with bravura technique and a prismatic sense of keyboard color" (Coral Gables Gazette), while another said Lin's music was an "adventure for the ears," (Arkansas Democrat-Gazette).

Born into a musical family, Lin entered the spotlight at a very young age. At the age of four, he began piano lessons; at age eight, he was accepted into the Shanghai Conservatory of Music. As a teenager, he performed in the Chinese premiere of Bartok's "Sonata for Two Pianos and Percussion."

As a recitalist, Lin has performed at prestigious concert halls around the world including the Kennedy Center, Izumi Hall (Osaka, Japan), and the Edvard Grieg Museum in Norway. He has performed as a soloist with the Moscow Chamber Orchestra, Winnipeg Symphony, and the Miami Chamber Orchestra, amongst others. Lin recorded

Schubert's complete music for piano and violin with Argentinian violinist Tomas Cotik on Centaur Records. The recordings brought recognition from the international press.

Football

SUBMITTED AND PHOTOS BY MIKE HEIGHTCHEW

Located just a few miles apart on the same road in Fremont, the John F. Kennedy Titans and Irvington Vikings met in a fierce

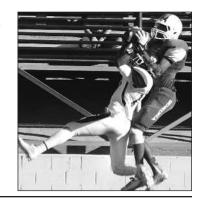

Battle of Blacow

competition, known as the Battle of Blacow on October 31st. The 2015 edition was no less fierce than in previous years as league rivals battled for bragging rights.

In a hard fought contest, the Titans were able to finish with a 40-26 win. The Titans began with a score in the first six minutes of the game but Vikings quarterback Austin Walker responded with a disciplined march down the field for a score in the last three minutes of the first quarter. However, the game belonged to the Titans as their offense moved the ball, leading to scores and a 20-7 lead. It was not an easy victory as the Vikings scored again and the lead was cut to 20-13. Additional scores in the first half gave no solid clues to

the outcome as both teams headed for the sidelines with 26-19 halftime score.

Third quarter scores by both teams made it a 32-26 game but the fourth quarter belonged to the Titan defense that shut down Viking scoring threats and secured the 40-26 victory for the John F. Kennedy Titans.

Mariners take league lead

Football

SUBMITTED AND PHOTOS BY MIKE HEIGHTCHEW

Moreau Catholic Mariners moved into a half-game lead in the Mission Valley Athletic League (MVAL) following an October 30th 41-14 offensive explosion against the Washington Huskies. The Huskies displayed offensive power in the first quarter and briefly held a 14-13 lead after a 21-yard touchdown pass from Robby Muniz to Jordan Barnum. But the Mariners responded with eight successful drives of their own, putting the game out of reach.

The Huskies did not go down without a fight however putting together an impressive offense that included a 35-yard run by Ajit Parmar and a touchdown. Parmar finished with 104 yards rushing. Mariner Jullen Ison answered with an 81-yard touchdown, giving the Mariners a

21-14 lead that was never relinquished. Hadari Darden received a pass that resulted in another Mariner score.

Mariner defense held up their end of the statistics as they stopped the Huskies, repeatedly giving the ball back to the Mariner offensive unit. Another

Mariner drive leading to a 22yard Jullen Ison run led to a double-digit lead that kept widening. In a subsequent drive, Alex Johnson took the ball on a 40 yard sweep that resulted in an insurmountable lead and 41-14 victory for the Mariners.

Women's Volleyball

defeat Titans

SUBMITTED BY MARCUS YOUNG, COACH

In Mission Valley Athletic League play, the Irvington Lady Vikings defeated John F. Kennedy (Fremont) 25-18, 25-15, 25-23. Viking game notes:

Senior outside hitter, Gabriela Charbeneau had 14 kills, 7 digs, and 3 aces.

Junior setter, Emily Kao had 32 assists, 4 aces, and 2 kills.

Sophomore opposite, Ashley Furuya had 7 kills, 5 aces, and 3

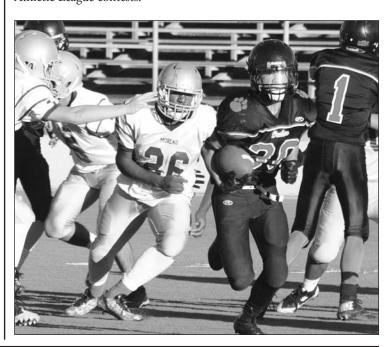

Senior middle blocker Savannah Fox had 9 kills and 3 blocks. Sophomore libero Melissa Talbot had 15 digs.

Ohlone College vs. De Anza College October 28, 2015

Ohlone d. De Anza, 3-0 (25-12, 25-23, 25-21)

- Sophomore outside hitter Alexis Chang led in kills with 9 to go with a 0.467 hitting percentage and 1 service ace
- Sophomore outside hitter Jenni Brochu led in

kills with 9 to go with 6 digs and 1 block

- Sophomore setter Camaryn Bricker led in assists with 22 to go with 1 service ace and 6 digs
- Opposite hitter Audrey Vaughn led in service aces with 4 to go with 3 kills and 4 digs
- Freshman middle blocker contributed 6 kills with a 0.444 hitting percentage

Ohlone College vs. Gavilan College October 30, 2015

Gavilan d. Ohlone, 3-0 (25-14, 25-8, 25-18)

- Freshman middle blocker Carley Ward led in kills with 6 to go with a 0.455 hitting percentage and 3 blocks
- Sophomore setter Camaryn Bricker led in assists with 12

Sikh Sports promotes health and wellness

PHOTOS COURTESY OF GURCHARAN SINGH MANN

sikh Sports Association aims to promote a healthy body and mind by hosting the 9th annual "Guru Nanak Marathon" on Saturday, November 14 at Quarry Lakes Regional Recreation Area in Fremont. Join 200 to 300 runners for a half marathon or 5K run; kids will be able to participate in the 2-mile kids run.

According to Race Director Gurcharan Singh Mann, the main focus of the event is "to bring the youth to the sports so they can stay away from drugs and obesity." Everyone is invited to join, but Sikh Sports also encourage high schools to send their athletes to join the marathon. The Track and Field Department of the school with the winning participant will receive a cash prize. This year's cash prizes are \$1,500 for first place winners, \$1,000 for second place winners, and \$500 for third place winners.

Sikh Sports Association is a Fremont-based nonprofit organization established in 2006 to promote "Healthy Body, Healthy Mind" through sports. Among their many objectives are to promote and encourage the development of amateur athletes, cooperate with other organizations in promoting and conducting sports events, and encourage and promote a positive and drugfree lifestyle. Sikh Sports hold other annual events such as Sikh

Annual Games and Annual Golf Tournament.

The marathon is dedicated to founder of Sikhism, Guru Nanak, who traveled far and wide to teach people that everyone should be treated equally regardless of race, class, creed or color. He preached purity, justice, goodness and fraternal love among others.

The event is sponsored by A&I Trucking, PC Micro, J&N Petroleum, Chevron, Mann Insurance Agency, Lachman Mangat, Fremont Bank, Dhaliwal & Associates, Fremont Chevrolet, Subway local Franchiser Rana Kahlon, Kuldip Singh Sidhu, Rajinderpal Dhillon, Hardeep Singh Aulakh, Bhupinder Singh Parmar, Manraj Singh Natt, Robin Singh, Gold's Gym, Gakhal Brothers and others. Pioneers end season with a draw

Women's Soccer

SUBMITTED BY STEVE CONNOLLY

Cal State East Bay honored women's soccer seniors Mindy Castro, Joanna Giron, Sara Silva, Laura McIntosh, and Corryn Barney for the final game of their Pioneer careers before notching their first tie of the year. The Pioneers played to a 0-0 draw with Cal State L.A. on October 31st at Pioneer Stadium, earning a point in the finale of the 2015 season.

"I'm really proud of the effort the team gave today. I thought we played very well and was very happy with the seniors and the contributions the team made for them," said Head Coach Amy Gerace.

The Pioneers finish the CCAA portion of their schedule 3-8-1 and 5-12-1 overall. The Golden Eagles move on to the CCAA Tournament next week with a 7-3-2 conference mark and 7-6-4 overall record.

CSUEB's Hauanio named National Swimmer of the Week

Women's Swimming

SUBMITTED BY STEVE CONNOLLY PHOTO BY TREVOR WILL

Cal State University East Bay (CSUEB) senior Madison Hauanio has been named Female

Division II National Swimmer of

the Week by CollegeSwimming.com for October 19-25. She is the first Pioneer

ever to claim the award.

Hauanio turned in a fantastic performance in leading East Bay to a first place finish at the Bay Area Invitational. She took home victories in all four of her individual races, and swam in two first-

place relays for the Pioneers.

She captured the 100 backstroke in 58.72 and the 200 backstroke in 2:05.50. She also took top honors in the 100 butterfly with a time of 58.64, and she out-touched teammate Alyssa Littlefield in the 50 freestyle by six-tenths of a second with a winning time of 24.12. In all four of Hauanio's wins, the Pioneers boasted the second-place finisher as well.

The Hawaii native also helped East Bay capture first place in the 400 medley relay (4:00.09) and the 200 freestyle relay (1:39.62). Through two meets in 2015-16, Hauanio has won every race she has entered.

FIRST ANNUAL MOTHER & SON GAME NIGHT OUT

SUBMITTED BY REBECCA ROSE

Join Union City Leisure Services for our first "Mother & Son Game Night Out." Create a special memory for you and your best little guy. Moms and their sons will enjoy lots of fun games including Scooter Board Races, a Hole in One Contest, Basketball Speed Shoot Out, and a Photo Booth complete with fun props.

Leisure Services hosts the annual Father and Daughter Sweetheart Ball in February, and many moms were asking for something to do with their sons, so this is their very own event!

Join the fun Friday, November 13 at the Holly Community Center. \$15 registration fee includes all of the games, photo booth, and light refreshments. Register online or at any of our community centers (Activity code: 60997). For more information, please call (510) 675-5488 or log onto www.UnionCity.org.

MTC approves plan to consolidate regional planning with ABAG

SUBMITTED BY JANICE ROMBECK

On October 28, the Metropolitan Transportation Commission (MTC) took an important step toward fully consolidating its functions with those of the Association of Bay Area Governments (ABAG).

"The MTC reaffirmed its commitment to meeting the goals of California's landmark climate change law, AB32, by voting to move toward the creation of one regional government agency to plan for how best to improve our crumbling transportation infrastructure, improve rapid transit options and provide affordable housing near job centers," said Dave Cortese, Santa Clara County Board of Supervisors President and Chair of the MTC.

The MTC is the transportation planning, coordinating and financing agency for the nine-county San Francisco Bay Area. ABAG provides planning and research resources to local cities and towns related to land use, housing and other projects. Every

other region in California has one government entity that coordinates the regional planning of major transportation infrastructure projects and affordable housing.

The 21-member board voted unanimously to begin the process of consolidation, which will:

Create a "one-stop-shop" for expanded technical assistance and grants focused on serving local governments better.

Use taxpayer dollars more productively by improving communications between regional agencies and cities.

Bolster staff resources on policy development and analysis to develop solutions to the region's challenges.

Enable local elected officials, business leaders, and the public to speak with one voice on the most important state and federal policy issues

For questions or an interview, call the Office of Supervisor Dave Cortese at (408) 299-5030.

Special Olympics is back

SUBMITTED BY NEW HAVEN UNI-FIED SCHOOL DISTRICT

New Haven Unified School District (NHUSD) students in

moderate/severe special education classes will join students from Newark Unified and Fremont Unified School Districts in the first Special Olympics event of the year. Students will participate in soccer games as part of

the Special Olympics School Partnership Program, a grant given to the Mission Valley Special Education Local Plan Area, that includes New Haven, Fremont and Newark school districts.

"Let me win, but if I cannot win, let me be brave in the attempt" is the Special Olympics motto. Special thanks to our Special Olympics Coordinator, Bria Rosenthal, and all the teachers who coached their students in basketball, as well as sportsmanship. All parents, relatives and community members are invited to come out and cheer on our students.

This week's word:

HONOR The verb **honor** means to show respect.

Our town honors our veterans with a big parade every year.

Try to use the word honor in a sentence today when talking with your friends and family members.

Veterans Day Summary

Find an article in the newspaper about a veteran and/or Veterans Day events happening in your community. Write a summary of the article. Have a parent check your work.

Standards Link: Writing Applications: Write in a variety of forms

Write about your personal hero. Be sure to tell why this is your hero.

Park It

BY NED MACKAY

s has been widely reported, Mission Peak Regional Preserve in Fremont has been loved to death in recent years. On any given weekend, hundreds of people ascend the peak at all hours of the day and night to enjoy the sense of achievement the trek creates, and to obtain panoramic views of the South Bay.

In part because of the impact of traffic on the neighborhood, East Bay Regional Park District has worked on a Stanford Avenue Staging Area Expansion Project designed to provide additional parking and restrooms at the most frequently used starting point for the ascent.

Essentially the project offers two options. Both include 300-space parking areas, new restrooms, a kiosk, picnic tables, landscaping and storm water controls. One option locates the new parking northeast of the existing lot; the other option places it southeast.

A draft environmental impact report for the project can be read on the Mission Peak Regional Preserve page at the park district web site, www.ebparks.org. It is also available at the Fremont main library reference desk, 2400 Stevenson Boulevard, and at park district headquarters, 2950 Peralta Oaks Court, Oakland.

You can comment on the draft EIR through 5 p.m. Nov. 30 by writing to Michelle Julene, Senior Planner, East Bay Regional Park District, P.O. Box 5381, Oakland 94605-0381, or by

StanfordAveProject@ebparks.org.

The park district board of directors is expected to discuss and vote on the report in 2016.

In Alameda, the park district has reached an agreement to purchase Neptune Point, a three-acre parcel on McKay Avenue, which will expand Crown Beach.

The purchase will resolve an eminent domain action by the United States government against the state and park district to control portions of McKay Avenue, the main access to the park district's Crab Cove. The property had originally housed offices of the U.S. Department of Agriculture. The federal government had planned to sell the property to a private developer who intended to construct 48 homes there. The park district has agreed to a purchase price of \$2,182,500.

"The public's interest prevailed with this agreement," said Doug Siden, long-time park district director representing Alameda. "Much credit goes to the Friends of Crown Beach, who worked hard to share the voices of thousands of residents who thought public access to the shoreline was more important than creating a few dozen luxury houses. We are appreciative of their efforts.'

Rain sticks, tule boats, and a

puppet show are all on the schedule on Nov. 7 and 8 at Tilden Nature Area near Berkeley. The rain stick program is from 10:30 a.m. to noon on Saturday, Nov. 7, under the guidance of interpretive student aide Sharona Kleinman. Materials will be provided so you can fill and paint your own rain stick, then see if sympathetic magic will help to end the drought.

Then from 1 to 2:30 p.m. the same day, you can make a miniature boat out of tule reeds and find out how well it floats. Naturalist Gail Broesder will

preside. Native Americans used tule reed boats for centuries to travel on San Francisco Bay; the boats are very seaworthy.

Recycling is the theme of a puppet show from 10:30 a.m. to noon on Sunday, Nov. 8, featuring Dante the Dragon, Sharona and interpretive student aide Alec Boliver.

All three programs are free. Meet at the Environmental Education Center, which is located at the north end of Tilden's Central Park Drive. For information, call 510-544-2233.

The Over-the-Hills Gang is an informal group of hikers age 55 years and older interested in nature lore and history, which explores a different regional park each month. On Tuesday, Nov. 10, the group will visit Lake Temescal, led by naturalist James Wilson. Meet at 10 a.m. at park's north entrance off Broadway Avenue in Oakland. For information, call 510-544-2233.

Millard Elementary wins Green Star School Award

SUBMITTED BY SHANTI BALARAMAN

On Friday, November 13, during an award ceremony, CA Senator, Bob Wieckowski, and CA Assembly Member, Bill Quirk, will present a prestigious Green Star School Award to Steven Millard Elementary School from the Fremont Unified School District. In attendance will be Fremont Councilmembers Vinnie Bacon and Rick Jones.

Steven Millard Elementary School will be awarded the Green Star School status, under the Zero Waste School category. "I'd like to congratulate Millard Elementary School on their accomplishment and thank them for leading by example in being a Green Star School," says Robert Hanna, great, great grandson of Mr. John Muir.

Millard Elementary has been following the Zero Waste School Guidance from www.Green-StarSchool.org for two school years 2013-2014 and 2014-2015, and fulfilled all requirements for the Green Star School Award under the Zero Waste School category.

There are five sub-programs to this main Green Star School Awards program; each sub-program can earn the school one green star. The sixth sub-program leads students to the path of responsible innovation. Schools who adopt activities at this level can earn the Gold Star Award and become a "leader in environmental sustainability."

All programs are designed to show students the importance and relevance of environmental sustain-

For more information about the program, visit: www.GreenStarSchool.org

> Millard Elementary Green Star School Award Ceremony Friday, Nov 13 9:00 a.m. - 9:45 a.m. Millard Elementary School 5200 Valpey Park Ave, Fremont (510) 793-1343 / (510) 657-0344

ability activities to their long term career paths.

Stratford School announces it will open a new campus in Milpitas,

California, its 19th in the region. The new Milpitas Great Mall Parkway campus will offer a full program from preschool through eighth grade. Stratford offers an accelerated curriculum from preschool through eighth grade with an emphasis in the areas of STEAM (Science, Technology, Engineering, Arts, and Mathematics) that incorporates music, physical education, foreign language, and social skills development. Renovations on the current property will begin in February 2016. Stratford invites the public to attend an Open House on Saturday, November 7, from 10 a.m. to 2 p.m. Applications for ad-

Cargill awards grant for Dyslexics

(L to R): Beth Mattsson-Boze receives check from Aileen Fox of Cargill

SUBMITTED BY BETH MATTSSON-BOZE, DIRECTOR PHOTO BY GABRIEL ROBERTS

The generous folks at Cargill Contributions Committee have awarded a grant of \$5,000 to Stellar Academy for Dyslexics in Newark. Since 1988, Stellar Academy for Dyslexics has been a non-profit private school providing an alternative education for bright dyslexic 2nd-8th grade students from around the Bay Area. Stellar has also been a source of parent information, teacher training, dyslexia simulation community workshops, and movie screenings regarding dyslexia.

This gift from Cargill enables Stellar's teachers to receive training in the Making Math Real Multisensory Structured Method (MMR) which is perfectly suited to dyslexic students. MMR will equip the teachers to achieve the same success with math instruction that they now achieve in reading, writing, and spelling instruction. Making Math Real was developed by David Berg, Director of the Making Math Real Institute and instructor for University of California Extensions at both Berkeley and Santa Cruz. Teachers trained in the MMR are equipped to teach students whose learning needs are best addressed through multisensory structured instruction. "Cargill's generosity will revolutionize our math program," said Beth Mattsson-Boze, Director of Stellar Academy.

The Stellar staff is greatly encouraged by Cargill's commitment to the community and their efforts to partner with Stellar in educating local struggling learners. In the words of one student, being dyslexic is, "Like having to crawl up a mountain on my hands and knees when all the other kids get to take the chair lift." A non-profit organization such as Stellar depends on generous folks like Cargill to carry out their mission of "Unlocking the Door of Language" for dyslexic children in the Bay Area.

Stellar Academy for Dyslexics is located at 38325 Cedar Blvd in Newark. For more information,

visit www.stellaracademy.org or call (510) 797-2227.

cal student organizes coat drive

SUBMITTED BY ELISA BRASIL ROSA

Sophia Rosa, a freshman at Washington High School is holding her second Coat Drive. This year, Sophia has joined with One Warm Coat to get the word out to more people. She hopes that everyone takes a minute to look through their closets for a possible donation. Gently worn coats, jackets, sweat jackets and vest jackets of all sizes for men, women and children will be accepted. Sophia will continue to collect through the end of November.

Donations are accepted every Tuesday in November between 6 p.m. - 8 p.m. at Newark Pavilion, 6430 Thornton Ave., Newark. A drop off box is provided; just look for the One

Warm Coat sign. On Saturday, November 28 between 9 a.m. - 3p.m., Sophia and volunteers will be at Newark Pavillion accepting. The process is simple: drop off your extra coat(s) and they take care of the

rest. All donated coats will be

given to a local agency for distribution to local children and adults in need.

One Warm Coat is a national non-profit organization that works to provide a free, warm coat to any person in need. One Warm Coat supports individuals, groups, companies and organizations across the country by providing the tools and resources needed to hold a successful coat drive. Since One Warm Coat's inception in 1992, they have worked with volunteers to give away more than 4 million coats. For more information, visit www.onewarmcoat.org

Dredging & Beneficial Reuse workshop

SUBMITTED BY BAY PLANNING COALITION

For over 30 years, the Bay Planning Coalition has been working to ensure that the channels and harbors of our region are able to be dredged to adequate navigation depths.

On Thursday, November 12, hear from some of Bay Area's leading experts on dredging and the beneficial reuse of dredged materials. The workshop will provide an update on current dredging projects, an examination of legislative actions that may affect dredging and disposal, and the latest developments in the region-wide effort to increase beneficial reuse.

Speakers will discuss their perspective on the economic, regulatory, and operational challenges associated with dredging in the Bay Area; and the abundant opportunities and positive impact of the beneficial reuse of dredged material in our region.

The line-up of speakers will include Ian Wren, San Francisco Baykeeper and Jessica Burton Evans, United States Army Corps of Engineers.

Inaugural Summit Marks Major Milestone for REDI

By Kelly Kline, ECONOMIC DEVELOPMENT DIRECTOR

Last week, the San Jose Silicon Valley Chamber of Commerce's (www.svedc.com/ceo-message/about-redi/), or REDI, entered its next phase with a public unveil during the inaugural REDI Summit. You may recall from a previous blog post (www.thinksiliconvalley.com/silicon-valley-east/region-ready-redi/) that REDI is harnessing regional collaboration to advance innovation in key industries that are all contributing to the acceleration of IoT (Internet of Things).

The event featured key speakers from each of REDI's four action teams — Agile
Manufacturing & Development,
Transportation R&D, Smart
Buildings, and Health Technology — sharing key updates, findings, and next steps to put their priority projects into action in
2016. In summary, here are the action items and next steps for each working group:

Agile Manufacturing & Development

- Develop an ongoing forum to promote Business-to-Business connections in Silicon Valley;
- Advise creation of an online resource directory and connection hub to generate stronger local buyer-supplier relationships, including a map of local manufacturers;
- Develop compelling rationale and brand for manufacturing

cers at events including Coffee

A first-of-its-kind Justice and

with Cops and Recess with Cops.

in the region, including case studies of Silicon Valley manufacturers.

Transportation R&D

• Showcase event with senior public and local elected officials to raise awareness of transportation technologies being developed in the region, and the opportunity for these technologies to address key regional challenges: congestion and safety.

Smart Buildings

- Partner with PG&E to work on opportunities with small and medium businesses to improve building efficiency;
- Work with the City of San Jose to identify potential pilot/demonstration projects for innovative smart building technologies;
- Create a marketing/outreach strategy to reach target audiences and build awareness of smart building technologies and improve efficiencies.

Health Technology

• Convene an initial forum in Fall 2015 to provide a venue for startups to understand customers and real-world barriers to execution, as well as institutions/health systems to find solutions to healthcare problems.

If any of this sounds interesting to you, get involved by visiting www.svedc.com/ceo-message/about-redi! The REDI team is actively seeking industry expertise to lend perspective and guidance to this effort.

Union City State of the City

SUBMITTED BY LAUREN SUGAYAN

osted by the Union City Chamber of Commerce, community members and City officials gathered at the Masonic Home on Wednesday, October 28th to hear Mayor Carol Dutra-Vernaci and City Manager Tony Acosta talk about the City's progress and goals.

Mayor Dutra-Vernaci spoke about the City's emphasis on economic growth and development, and an Economic Development Strategic Plan, focused on three core strategies: marketing and promotions, business attraction and business retention.

City staff is conducting a business sector analysis to identify growing industries. Also, high visibility marketing campaigns aimed at attracting visitors and businesses to the area are now a "way of doing business." Updates to the City Council on economic developments will assure effective communication and coordination.

The Mayor also spoke about community access to police offi-

Equality Summit took place last summer during which students engaged with men and women in uniform in a "real" conversation about today's policing. The City's Youth and Family Services team continues a seven-year youth violence prevention program, "Taking Care of Business", a multi-week course on life and career development. The Police Department is working to extend youth outreach with routine video-messaging to local students.

A General Plan Update will include ongoing input from a community advisory team developing a City vision and taking inventory of economic, demographic, geographical data.

- Mr. Acosta is taking an optimistic and fresh approach to city management with a focus on four major themes:
- First, the City will enhance communication by bolstering its social media and website presence and implementing digital solutions for easier government access.
- Second, employees will function more autonomously in their respective departments with less micro-managing to foster a sense

of ownership, empowerment and creativity that is needed to serve our diverse community.

- Third, the City will work to organize a growing library of data, ultimately, making data more easily searchable for the purpose of smart transparency.
- Fourth, Union City will continue the crucial work of improving its outreach to its multi-cultural community through a more diverse and multilingual staff, multi-lingual public messaging and working with community leaders to craft culturally appropriate and relevant communications, engagement strategies and processes.

Both Mayor and City Manager agreed that the state of Union City is strong. Economic growth is expected to steadily climb, which will benefit residents by providing more options for retail, dining and entertainment, more jobs that are local and more city revenues that will enhance City services. The product of City goals will be visible and tangible to the community, while City employees will find more value in the work and services they are providing to the community.

OPINION

WILLIAM MARSHAK

fter years of bad economic news, state of the city or county gatherings are now sounding hopeful and upbeat. Speakers talk of increasing revenues and programs to address societal ills. Accomplishments are laudable, yet at the recent Union City State of the City address, a topic often relegated to a secondary position struck a chord. City Manager Tony Acosta stressed increased trans-

Relevance and Transparency

parency not only between the community and city departments, but within the bureaucracy as well. Continuous communication with councilmembers is not only helpful, but vital to create a link to the ultimate boss of any public institution, the public and their elected representatives.

Mr. Acosta elaborated to include formal and informal dialogue within the City's structure without micromanagement. Changing mores and pressure to change traditions may require attention, but citizens expect and deserve a clear institutional memory and structure as well. New methods of communication are a welcome addition but should be tempered by the realization that Southeast Bay Area communities are composed of many different groups - age, ethnicity, technology, customs – that have a variety of expectations of public employees. Government can be innovative, but just as banks became a bit too adventurous and lost the trust of the public and even among themselves, there

are limits to change that can be tolerated in bedrock financial and public institutions.

One of the most challenging issues faced by municipalities is employee attitude and commitment. Although there are many who work diligently at providing service, sometimes the added factor of living within the community served extends commitment to friends and neighbors who will feel the effects of departmental decisions. As Mr. Acosta said, the objective is to "do the right thing," moving toward the ultimate goal of a well informed and responsive system.

State of the District event honors local citizens and organizations

SUBMITTED BY JEFF BARBOSA

At a program, held October 29 at Sun-Power, to honor exceptional service within the 10th Senate District, Senator Bob Wieckowski's awarded commendations to 2015 honorees. The 10th Senate District includes southern Alameda County and northeast Santa Clara County.

Santa Clara – Sister Cities Association

Brings together different cultures through people to people relationships and cultural exchange programs

San Jose – Judy Santiago

Co-founder of Santa Visits Alviso Foundation, which works in partnership with the Alviso community, and Library and Youth Center on its annual Christmas program and promotes community activism.

Milpitas - Eric Emmanuele

President of the Milpitas Police Officers Association, the California Conference of Arson Investigators and the Milpitas Rotary Club. He continues his 25 years of service to his home town.

Fremont - Lori Stokes

Founder of StarStruck Theatre, a non-

profit organization whose mission is to enrich the lives of youth through theatre arts education, performance opportunities and musical productions.

Newark - Rebecca Gomez

A Newark leader in cancer awareness events, she serves on the Board of Directors of Drivers for Survivors, a non-profit that provides free transportation and supportive companionship for cancer patients in the Tri-Cities

Union City - Helen Kennedy

Executive Director of New Haven Schools Foundation, she is a business owner active in numerous local organizations and enjoys promoting fundraisers and community events

Hayward -Kari McAllister

Manager of the Chabot College Reed L. Buffington Visual and Performing Arts Center, and a member of numerous community and city committees in Hayward.

Castro Valley - Castro Valley Matters

A community organizing group, advocating for more local control of Castro Valley affairs and transparency in local government.

San Lorenzo – Betty Moose

A long-time community activist who has

served on the school board, and been advocating for shoreline preservation, the Bay Trail extension, and domestic violence prevention for decades.

San Leandro – REACH Ashland Youth Center

Provides a variety of educational, health and artistic services and programs for local youth.

Community Partner – Shop With a Cop Foundation of Silicon Valley

Offers a multi-faceted approach to develop relationships with the community through bereavement support, education and crime prevention.

Non-Profit of the Year – Ruby's Place

A non-profit agency that, since 1972, has provided support services and shelter for women and children who experience domestic violence, homelessness and, more recently, human trafficking.

Unity Award – NAACP – Southern Alameda County Chapter

Has built a decades-long legacy for fighting injustice, and promoting tolerance and harmony through a number of events, including this year's Action Readiness Summit at Mount Eden High School.

Obituary

Nancy Close Repine

Aug. 10, 1929 - Oct. 22, 2015

Resident of Fremont

Nancy Repine passed peacefully on Oct 22, 2015 at her home at the age of 86. She is survived by her sons Jeff Repine (Mary) of Livermore, her son Dan Repine of Fremont, and her grandson David Repine of Walnut Creek.

Born and raised in Millersburg, OH to Blanche and James Close (deceased) Nancy received her Bachelor's degree from Miami University, Ohio in nutrition. She served her internship and worked for several years as a dietitian at The Ohio State University hospital. Nancy married Robert Repine in 1955 and had two sons. The family moved from Ohio to Montana, and then settled in Fremont, California in 1966 where Nancy continued her career as a die-

titian at Stanford University Hospital. Nancy returned to college in 1968 and received her teaching credential from San Jose State University. She spent the remaining years of her career as a teacher in the Newark Unified School District and spent many of those years at Newark Junior High teaching 7th and 8th grade English.

Nancy was a member of the Daughters of the American Revolution, and the Miami University Alumni Association. Nancy spent her retirement years traveling the world and spending time with her family.

Services will be private.

LIFE ElderCare offers services to Hayward seniors

SUBMITTED BY LIFE ELDERCARE

VIP Rides, Friendly Visitors and Fall Prevention programs are now offered by LIFE ElderCare to seniors in the Hayward area. If you know a senior who needs a ride to appointments, is feeling isolated, or has taken a fall, tell them to give us a call at (510) 574-2090. We are also recruiting volunteers to give those rides and be those friends to Hayward seniors. For more information, visit http://lifeeldercare.org.

Twenty-five members selected for Blue Ribbon Commission

SUBMITTED BY JANICE ROMBECK

Santa Clara County Board President Dave Cortese has appointed 25 people to serve on the Blue Ribbon Commission to Evaluate Custody Operations in Santa Clara County.

The announcement, which also named Retired Judge LaDoris Cordell as the Commission's Chair, came at a news conference on October 26, at the County Government Center in San Jose.

"The commissioners appointed today came from a very qualified and diverse pool of applicants. It was very difficult to whittle that pool down," said Supervisor Dave Cortese. "They were chosen for their unique perspectives that can move us toward a more holistic approach to better serve and keep inmates, custody staff and visitors safe."

The creation of the commission was approved by the Board on October 6, and applications were received by October 16 deadline. The urgent call to action comes in response to the beating death of inmate Michael Tyree on August 27 at the County's Main Jail. Three correctional officers face murder charges in connection with his death.

The Blue Ribbon Commission will conduct a series of public meetings to assess where the corrections system is now in terms of policies, procedures and operations and where it should be. The commissioners, which will meet for 120 days, will hear testimony from the public and experts. Chair Cordell will guide the commissioners to schedule public meetings and develop a work plan.

Blue Ribbon Commission members and one alternate:

Chair: Retired Judge LaDoris Cordell Retired Judge Susan Bernardini Judge Stephen Manley Wes Mukoyama, Santa Clara County Behavioral Health Board Gail Price, Santa Clara County Behavioral Health Board

Navah Statman, National Alliance on Mental Illness

Dr. Divya Reddy, Union of American Physicians and Dentists

Pastor Dale Weatherspoon, Mountain View, PACT Pablo Gaxiola, Goodwill of Silicon Valley Re-entry

Programs, former inmate Christine Clifford, San Jose PACT and Debug Rose Amador-LeBeau, La Raza Roundtable and

Center for Training and Careers Rick Callendar, NAACP

Alison Brunner, Law Foundation of Silicon Valley Hope Holland, National Alliance on Mental Illness and former inmate

Erin O'Neill, City of San Jose, Office of Independent Auditor

Dennis Grilli, Former Police Office for the Cities of Santa Clara and Richmond, with experience in custody operations

Otto Lee, Former Sunnyvale Mayor

Supervisor Cindy Chavez Supervisor Ken Yeager

Sheriff Laurie Smith

Chief of Correction John Hirokawa

Public Defender Molly O'Neal

Chief Probation Officer Laura Garnette,

District Attorney Jeff Rosen

Behavior Health Director Toni Tullys Alternate: Ann Rosenzweig, active member of Amnesty International

For more information, contact the office of Supervisor Dave Cortese at (408) 299-5030.

Obituary

IN REMEMBERANCE Rebecca (Becky) Silva-Parks

July 12, 1953 – October 20, 2015 Resident of Union City (Decoto)

A Loving Tribute To Our Beloved Wife, Sister, Mother, Grandmother, Tia, Godmother, Cousin, Comadre & Friend.

Becky Silva-Parks, 62 passed away peacefully on Tuesday, October 20, 2015. She was born on July 12, 1953. Becky was preceded in death by her parents, Manuel Silva Sr. & Isabel Hernandez Silva and her brother Richard Silva. She is survived by family members: Husband, Wayne Parks; Daughter: Leticia E. Silva; Brother: Manuel H. Silva and wife Rocio Cortes; Becky's five pride and joy grandchildren: Selena Ortega, Diego Rivera, Rebecca-Rose Lerma, Julissa Lerma and Ezekiel Gudino; her nieces and nephews: Monica Silva-Nubla and husband Rod Nubla; Manuel S. Silva and wife Alexis Harrington; Richard Silva, Natalia Silva, Frida Silva; and numerous loving extended family members.

Becky was a graduate from James Logan High School, Class of 1971! She went on and completed her Master's Degree at Cal-State Hayward. She was a well accomplished community member who always delivered the true meaning of giving back to the community which included but not limited to:

--Tiburcio Vasquez Health Center – Opening up the first satellite Clinic in Hayward. --Hayward Unified School District - D.A.R.E. Program
--New Haven Unified School
District - Pioneered the James
Logan High School Health
Center; the "Kids First" Extended
Day Care Program; Children
Family and the Community
Services – State Head Start
Program
--CAPE – Executive Director of

--CAPE – Executive Director of State Head Start Program based in Livermore

--Board of Directors Member for Centro de Servicios of Union City; and many more successful endeavors.

Becky loved to travel and enjoyed fine dining. She loved spending weekends at Half Moon Bay with Wayne! She loved attending her grandchildren softball / baseball games. Becky was an avid "Giants" fan. She loved to entertain. She loved music and loved to dance. Her favorite was Tejano Music: "Little Joe"! Becky was a, in her words: a "sharp" dresser and at the same time loved her sweat suits! She loved her camping trips to Bass Lake with her family! Becky was not only a strong mentor for those students in the community but also instilled the importance of education in her daughter, grandchildren, nieces and nephews.

Becky, your smile, laughter, fun loving personality was contagious and will always live in our hearts! Loving you forever!

Obituary

Patricia Hample Heijn

September 29, 1924 - October 29, 2015

Resident of Fremont

Patricia Hample Heijn passed away peacefully at her home surrounded by her books and her clip¬pings on October 29, 2015. She is survived by her children: Riki Cavanaugh, Jansje Schmitz, and Paul (Beverly) Heijn all of Fremont; five grandchil¬dren: Ezra VanBuskirk, Pieter (Leslie) VanBuskirk, Jon VanBuskirk, Martin (Ramona) Cavanaugh, and Kathleen Cavanaugh; and 4 great-grandchildren. She was preceded in death by her husband Jacob Heijn, her parents, and her brother.

She was born on September 29, 1924 in Minnesota, raised in Oakes, North Dakota. She received her nurs-ing diploma and moved to Minneapolis where she met her future husband in a dance hall. Jake followed her out to California and they were married. After college he taught in sev-eral cities and they moved to Fremont in 1958. Pat worked as a

R.N. until she retired. She was a 69 year member of P.E.O. and a life time Girl Scout. She was a troop leader in the 60's and 70's and enjoyed many ad-ventures and camping with the troop who called them-selves the "Purple Ding-a-lings".

A Celebration of Life will be held for Pat on Saturday, November 14, 2015 at 2pm at Fremont Chapel of the Roses, 1940 Peralta Blvd., Fremont, CA 94536. In lieu of flowers the family requests donations to the Girl Scouts of Northern California Camp Improvement Fund to help ensure that generations of girls can attend Girl Scout Camp. www.girlscoutsnor¬cal.org/donate or mail to Girl Scouts of Northern California, 1650 Harbor Bay Pky. Suite 100, Alameda, CA 94502.

BART third rail being powered at Warm Springs

SUBMITTED BY FREMONT PD

As part of the BART Warm Springs Extension (WSX) Project, starting November 2, 2015, the third rail will be powered on in segments moving southbound along the alignment starting from the Fremont Station to the new Warm Springs/South Fremont Station, including the tail tracks south of the new Station and other BART facilities (i.e., substations).

The third rail is a power source and method for providing electricity to the railway track and trains. Please adhere to all posted safety and warning signs and other safety information. BART facilities are right-of-way protected and violators will be prosecuted. Physical contact (touch) with the third rail may result in death by electrocution - WARNING: STAY OUT OF THE FENCED-IN BART RAILWAY TRACK. Effective November 2, 2015, the third rail trackway will be powered on.

We appreciate your patience and will attempt to minimize construction-related noise, dust and incon-

venience as testing and finishing work continues.

Ready to Rumble!

Foot speedcubing. Photo courtesy of April Chan.

"Primarily, Rubik's Rumble is a cube speed solving competition. There are different types of events, different puzzles and ways to solve them," said April Chan, one of the event organizers.

The event will feature a variety of activities in addition to the main cube competition, which currently boasts 85 registered competitors. There will be a one-handed competition, blindfold solving, and Pyram-

inx competitions. What is a Pyraminx? A triangular version of a Rubik's Cube, of course!

"We're really excited about it. It's a brand new event and it's got a lot of very cool elements to it," said Frank Holland, the City of Hayward's community and media relations officer. Kicking off Saturday morning at 10 a.m., the free, family-centric event will celebrate anything and everything Rubik. The 41-year-old puzzle has captivated people of all

Photo courtesy of Pete Fecteau

ages, and nowhere will it be more apparent than at the Rumble. Did you know that there is a whole community of Rubik's Cube enthusiasts called speedcubers who can solve the 3" x 3" cube puzzle in a manner of seconds?

As far back as 1982, there have been competitions around the world for speed-cubers. In 1999, Rubik's Cube enthusiasts began building a community together online, which led to the creation of the World Cube Association (WCA), which governs all competitions for Rubik's Cubes. The WCA has officially sanctioned Hayward's event. It doesn't get bigger for cube fans!

"Every aspect of the event is jaw dropping, from the almost impossibly fast competitors to Pete Fecteau's award-winning artwork," said Holland. "The educational angle can't be overstated either. We hope to see a good turnout among young people from Hayward and beyond with an interest in math or puzzles." Hayward alone sees an estimated 65,000 students within its borders every day, according to Holland.

Artist Pete Fecteau will be busy constructing his latest artwork in real time in the City Hall's rotunda. "I'm building a 900 cube portrait of Malala (Yousafzai)," Fecteau said, adding, "I'm very excited to tribute her." Fecteau, a digital media designer who began focusing on fine art in 2006, was first inspired to use the Rubik's Cube as art in 2010 when he was looking for a creative concept for a work of art to submit for the ArtPrize competition. He dreamt of using the cubes as pixels on a mosaic, and from there he created the "Dream Big" mosaic of Martin Luther King, Jr., using over 4,000 cubes. The Malala mosaic will be constructed throughout the day, with help from anyone who wants to lay a cube and take part.

Speedcuber Jeremy Fleishman and Chan have been involved in numerous speedcubing events (Chan's son Kai is a speedcuber) and they hatched the idea with Fecteau to establish a local competition. When they were searching for a home for their Rumble, they found a fitting locale in Hayward. "We were interested bringing event to Hayward because of its diversity. (We) hope the Rubik's Rumble attracts young people who are interested in learning how to solve and maybe even speedcubing," Chan said, adding, "We are thrilled to be using Hayward City Hall for the competition, which is a beautiful venue for the event."

The organizers are as excited for the Rumble as the competitors. "Since this is our first year we are very focused on making sure everything runs smoothly," Chan said. Though cube-solving competitions are popular, this is the first of its kind in the East Bay. "From our perspective, it's such a cool event. Everybody can relate to picking one up. It's fun and something people can bring their families to," Holland explained.

Participant registration closed November 1, but the public is invited to come spend the day learning, participate in the creation of some fantastic art, and watch the experts with their craft. The finals begin at 4:30 p.m. and will conclude with a ceremony at 6:30 p.m. For more information, please visit

Newark Police Log

SUBMITTED BY CMDR. MIKE CARROLL, NEWARK PD

Wednesday, October 21

At 9:24 p.m., Ofc. Kovach investigated an armed robbery that occurred on California Street involving a handgun. Boyfriend and girlfriend traveled from San Mateo to purchase pills in Newark. The pair parked on California Street so the male could get high. While in the process, three suspects approached the vehicle and robbed the pair at gunpoint. Of the three suspects, one was described as a black male adult, wearing a dark-colored hooded sweatshirt pulled up over his head and partially covering his face. He was armed with a handgun.

Thursday, October 22

At 5:52 p.m., Ofc. Jackman handled a citizen's arrest/shoplifting case at NewPark Mall Macy's store. A 70-year-old female of Hayward and an 82-year-old female of Fremont were both cited and released for petty theft.

Friday, October 23

At 6:04 p.m., Ofc. Jackman accepted a citizen's arrest at Macy's for shoplifting. A 34-yearold female of Fremont was cited and released for shoplifting.

Saturday, October 24

At 11:19 a.m., officers responded to Macy's for a reported struggle between loss prevention officers and a suspect stopped for stealing clothing items. A 21year-old male of Oakland was arrested after he was found in possession of \$671 worth of

Macy's property. He was arrested for the theft, and a warrant check revealed the three outstanding warrants for his arrest. He was booked at Santa Rita.

Sunday, October 25

At 6:06 a.m., Ofc. Nobbe responded to 6788 Thornton Ave. (Shell gas station) regarding a domestic violence incident. The victim fled to the gas station to call 911. The suspect identified as a 34-year-old male of Newark fled the scene prior to officers' arrival. An Emergency Protective Order was granted by a judge. The suspect later responded to the station and was arrested for domestic violence. He was booked at Fremont Jail.

At 12:45 p.m., Ofc. Neithercutt responded to a residence in the 5600 block of Civic Terrace Avenue for a reported assault and battery incident between a mother and her adult son, a 24year-old male of Newark. During the assault, the suspect made threats to get a knife and kill his mother. The victim called 911. The son was located fleeing the residence and arrested for battery and making deadly threats. He was booked at Fremont Jail.

Monday, October 26

At 11:17 a.m., officers responded to a reported door kick burglary in the 6200 block of Rockrose Drive. The caller reported seeing and hearing someone in her backyard. While on 911 the suspects kicked in the door from the backyard to the garage. Once inside the garage, the suspects attempted to kick the door to the main residence open. It appears the suspects heard the caller on the phone with the police and fled the area. An area check was conducted but the suspects were not located. A

neighbor did see two males running from the area but lost sight of them.

At 11:48 a.m., officers responded to an apartment in the 35900 block of Newark Boulevard for a possible burglary. The caller reported her ex-husband, a 39-year-old male from Newark, was inside her apartment. The caller stated she was at work and no one was at the apartment. After officers arrived the suspect exited the apartment and was taken into custody. He was arrested for burglary and stalking. He was booked at Fremont Jail.

At 4:14 p.m., officers responded to 7677 Gateway Blvd. regarding a possible domestic violence case. Officers received a call from a distraught female, who claimed her husband had made threats to kill her and was on his way to her place of work. The victim had an active restraining order. The husband, a 33-yearold male of Fremont, was found hiding in his vehicle in the parking lot of his wife's work place. He was taken into custody and later booked at Fremont Jail for making death threats and violation of a domestic violence restraining order.

At 9:00 p.m., officers responded to an apartment in the 37000 block of Cherry Street for an intoxicated male inside of the residence waving a knife around at family members. The K-9 team of Ofc. Jackman and "Eliot" led officers into the residence. After several K-9 announcements, a 55-year-old male of Newark emerged from a rear bedroom. He was taken into custody without incident. He was booked at Fremont Jail for brandishing a knife and battery.

Union City Police Log

SUBMITTED BY **UNION CITY PD**

Monday, October 19

At around 7:30 a.m., Ofc Paul was dispatched to the 32000 block of Dyer Street on the report of a battery that had occurred the day prior. The incident was eventually deemed to be an assault with a deadly weapon with possible great bodily injury. The victim asked the suspect to leave the premises, after other customers complained that the suspect was bothering customers and asking for money. The suspect threw a hot cup of coffee on the victim's face and neck. He was subsequently identified by the victim and arrested.

At around 10:20 p.m., officers were dispatched to Arroyo Park

on a reported arson. Four males and a female were seen in the area, lighting the tennis court nets on fire. Two males fled from police, and the other three subjects were detained, questioned and released. They all denied setting the fire.

Tuesday, October 20

A residential burglary occurred on the 2400 block of Almaden Boulevard between 12:00 p.m. and 2:20 p.m. A window was smashed. The residence was ransacked, and the losses included jewelry, electronics and cash.

Thursday, October 22

A residential burglary occurred on the 2100 block of Dalton Way between 10:10 a.m. and 12:00 p.m. A window was left unlocked. The residence was ransacked, and the loss is unknown at this time.

Friday, October 23

At around 9:15 p.m., officers were dispatched to 10th St. on the report of an assault with a

deadly weapon. During an argument, the suspect hit the victim in the neck with a glass bottle or wine glass. The suspect was identified by the victim and arrested.

A residential burglary occurred on the 4300 block of Horner Street between 6:30 a.m. and 11:59 p.m. A window was pried, and the losses included jewelry, electronics and cash.

Sunday, October 25

A burglary occurred on the 32000 block of Alvarado-Niles Road between 4:00 a.m. and 6:45 a.m. Entry is unknown; the suspect possibly had a key. A purse was stolen from a hotel room.

A residential burglary occurred on the 100 block of Kathy Court around 6:30 p.m. The suspect entered the home through an unlocked sliding glass door, walked around the living room and left. There was no loss. The suspect was described as a bald Asian male adult, 18-22 years old, 5'10" to 6'1" and 140-160 lbs.

Newark neighborhood forms Neighborhood Watch group

SUBMITTED BY NEWARK PD

Neighbors on McDonald Avenue, Orleans Drive, Papaya Street and LaSalle Drive have joined together to help make their community a safer place to live. All Neighborhood Watch groups are created in coordination with the Newark Police Department. It's time to stand up to crime. Together we can make a difference!

If you would like to start a Neighborhood Watch in your area please contact:

> Tim Jones Newark Police Dept. (510) 578-4209 tim.jones@newark.org

GOVERNMENT

NOTICE TO CONTRACTORS PARK AND LANDSCAPE MAINTENANCE SERVICES PROJECT 1123 The City Council of the City of Newark invites sealed bids for PARK AND LANDSCAPE MAINTENANCE SERVICES, PROJECT 1123 City of Newark, Alameda County, California. Sealed bids must be delivered to the office of the City Cashier of the City of Newark at 37101 Newark Boulevard, First Floor Cashier Counter, Newark, California, before 2:00 p.m. on Tuesday, November 17, 2015. At that time the bids will be publicly opened, examined, and declared.

Maintain landscaping and irrigation which includes turf, shrubs, groundcover and hard surface areas located at various sites throughout the City of Newark in a healthy and appealing

manner.

2. Irrigation repair services for turf, trees, shrubs, and groundcover areas located at various sites throughout the City of Newark.

3. Landscape repair services for turf, trees, shrubs, and groundcover areas located at various sites throughout the City of Newark as necessary due to vandalism, traffic accidents or plant failure. Plans and Specifications for the work may be obtained at the City of Newark's Public Works Department, 37101 Newark Boulevard (First Floor), Newark, California, for a non-refundable fee of \$25.00 per set. Construction plans that in general identify plant and irrigation details to be maintained by the Contractor are provided on a Compact Disc. For information regarding obtaining Plans and Specifications or plan holders list please call Charlotte Allison at (510) 578-4452 or charlotte.allison@newark.org. For all technical questions, please call Dan Cianciarulo@newark.org.

No pre-bid meeting is scheduled for this project. The Contractor shall possess a Class C-27, California Contractor's license at the time bids are submitted. The successful Bidder shall furnish a Performance Bond and a Payment Bond. Items of work in conjunction with this project are included in the bid.

As of July 1, 2014, all contractors bidding on this project are required to register with the Department of Industrial Relations (DIR) and to pay the required annual fee. Under California Labor Code section 1771.1, as amended by SB 854, unless registered with the DIR, a contractor may not bid, nor be listed as a subcontractor, for any bid proposal submitted for public work on or after March 1, 2015. The contractor with the course of the project. This project is subject to compliance enforcement and monitoring by the State of California Department of Industrial Relations.

The City reserves the right to reject any or all bids and to waive any minor informalities, irregularities, and/or bid nonresponsiveness that does not influence the competitive nature of the bid. The City Council will award the project, if it is awarded, to the lowest responsible Bidder as determined by whose bid complies with the requirements prescribed herein. Award will be made solely on the basis of lowest price as determined by the Total Base Bid (not including Additive Alternatives).

It is the City's intent to award the contract for this work on December 10, 2015. Work on this project is scheduled to begin January 4, 2016.

The Contractor shall submit documentation of traffic control training for all personnel on site. The Contractor shall submit standard traffic control plans for Cherry Street, Thornton Avenue, Jarvis Avenue and Cedar Boulevard with the bid submittal. If the Contractor prefers, a letter stating that all traffic control will be set up in accordance with the California Manual on Uniform Traffic Control Devices will be accepted in lieu of typical drawings. Failure to submit traffic control plans or the letter will be cause to reject a bid.

The City of Newark hereby notifies all Bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, disadvantaged business and women owned business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, religious creed, color, national origin, ancestry, physical disability, mentical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation, including a

PUBLIC NOTICES

an award.

Pursuant to Section 1773 of the Labor Code, the general prevailing rate of wages in the county in which the work is to be done has been determined by the Director of the Department of Industrial Relations of the State of California. These wages are set forth in the General Prevailing Wage Rates for this project. The Contractor and all subcontractors shall pay all their employees performing labor under this Contract, salaries or wages at least equal to the general prevailing wage rates for the particular crafts, classifications, or types of workers employed on this project. These wage rates appear in the latest Department of Industrial Relations publication. Future effective wage rates, which have been predetermined and are on file with the Department of Industrial Relations, are referenced but not printed in said publication, and are available on the internet at www.dir.ca.gov. The contractor will be required to submit certified payroll records during the course of this project. This project is subject to compliance enforcement and monitoring by the State of California Department of Industrial Regulations.

SHEILA HARRINGTON, City Clerk City of Newark, Alameda County, California 11/3, 11/10/15

PROBATE

NOTICE OF PETITION TO ADMINISTER ESTATE OF

VIOLA MARIE FISK
CASE NO. RP15787351
To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of: Viola Marie Fisk
A Petition for Probate has been filed by Randy Morris, Public Administrator in the Superior Court of California, County of

The Petition for Probate requests that Randy Morris, Public Administrator be appointed as personal representative to administer the estate of the decedent. A hearing on the petition will be held in this court on Nov. 12, 2015 at 9:30 a.m. in

Dept. 201 located at 2120 Martin Luther King Jr. Way, Berkeley, CA 94704. If you object to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your

appearance may be in person or by your attorney.

If you are a creditor or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a potice under section.

delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

You may examine the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the

court clerk. Petitioner: P.O. Box 2071, Oakland, CA 94604, Telephone: 510-577-1979 10/20, 10/27, 11/3/15

Wet Weather is Here - Is Your **Vehicle Ready?**

SUBMITTED BY CALIFORNIA HIGHWAY PATROL

As we enter into autumn and winter, the Bay Area weather will bring rain, fog, and snow in some regions. Though the rainfall is very much needed, these weather conditions bring new challenges to our roadways.

Here are some safe driving tips to help you when the roads are wet:

- Slow down in the rain, fog, and snow. Wet or snowy roads have less traction.
- Increase your following distance, and brake early.
- Always turn your headlights on in inclement weather. Often lights are the only things visible to other motorists.
- Avoid driving through puddles; your vehicle can be stranded in deep standing water.
- Hydroplaning (the loss of contact between tires and the roadway due to standing water) can lead to crashes. If you begin hydroplaning:
- Avoid hard braking movements. If you have to use the brakes, tap them lightly.
- Keep your steering wheel straight; steering is not possible when tires aren't making contact with the road.
 - -Take your foot off the accelerator.
- When you regain traction, continue driving at slower speeds to avoid future hydroplaning.
- Collisions increase with bad weather. Plan ahead and add extra travel time.
 - Never use cruise control in bad weather.

Make sure your vehicle is weather-ready. Make sure your tires are properly inflated, in good condition, and have enough tread depth. Check your vehicle's lights, and replace any burnt out or malfunctioning lights. Make sure your windshield wipers are in good condition; manufacturers recommend replacement at least yearly. Keep your windshield, windows, and mirrors clean. Use anti-fogging agents if possible. Ensure your vehicle fluids are topped off, including antifreeze coolant, oil, brake fluid, and windshield washer fluid.

When getting ready for winter trips, make sure you have a full gas tank, an emergency kit, blankets and other warm clothing, snacks and water. Carry chains, a windshield ice scraper, and flares for emergency situations.

Fatal traffic collision in Milpitas

SUBMITTED BY SGT FRANK MORALES, MILPITAS PD

On October 30, 2015, at approximately 5:44 a.m., the Milpitas Police Department responded to a collision involving an SUV and a pedestrian at N. Milpitas Bl. and Berylwood Ln. Police officers arrived at the scene and located both the driver of the SUV and the pedestrian. The pedestrian was pronounced deceased by the Milpitas Fire Department and identified as Michael Anthony Albert of San Jose. The driver of the SUV remained on scene and is cooperating with the investigation. Drugs and alcohol do not appear to be a factor in the collision.

The Milpitas Police Department is requesting the public's assistance. If you witnessed the collision or have any information regarding the collision, please contact us at (408) 586-2400. Information can also be provided anonymously by calling (408) 586-2500 or via the Milpitas Police Department website at:

http://www.ci.milpitas.ca.gov/government/police/crime_tip.asp

Robberies in Washington Manor neighborhoods

SUBMITTED BY LT. ROBERT McManus, San Leandro PD

The San Leandro Police are currently investigating two robberies in Washington Manor neighborhoods that they believe were committed by the same suspects. Investigators say that both cases have similarities:

- Victims are Asian families with high school aged children
- Victims were robbed at gunpoint after returning home after driving their teens to school.
- 3-4 suspects in each case, armed with handguns, wearing masks covering their faces.
- Items stolen include cash, jewelry, and other small, concealable

The most recent robbery occurred on Monday morning at 8 a.m. in the 1400 block of Burkhart Ave., after a man returned home from dropping his teenager off at Arroyo High School. The victim was approached by three suspects, at least one of which was armed with a handgun,

and forced into his backvard, where he was ordered to knock on the back door to get his wife's attention. When she saw what was happening, she called police. The suspects stole the man's wallet and fled. Police searched the area for the suspects, but did not locate them.

Police are asking anyone in the area who may have video surveillance on Burkhart Ave. and Farnsworth St. to please check their system for any suspicious activity or vehicles that they don't recognize from 7:30 a.m. -8:30 a.m. on Monday morning. Police are also asking that anyone who may have seen something on Monday morning to contact them too.

The first case occurred on October 8th at 8:30 a.m., after a Chinese man returned home to the 15600 block of Hebron Ct., after dropping his teen off at school. He and his wife were robbed by four suspects armed with handguns. The suspects in this case fled in a dark-colored Nissan Rogue that was captured by a neighbor's video surveillance system. Witnesses

reported that the vehicle had California license plates, but were unable to capture the license plate.

Police pursued a vehicle matching the description of the suspect vehicle later that day and arrested the passenger, after the vehicle crashed into a wall on 85th Ave. in Oakland. The driver, Kelvin Govan, fled from the vehicle leaving his 6-year-old, injured daughter in the car. He was arrested a few days later, after surrendering himself to the Oakland Police Department. Investigators have since determined that Govan and his passenger were not involved in the October 8th robbery on Hebron Ct.

Please contact the San Leandro Police Department's Criminal Investigation Division with any information regarding this case or any other case at (510) 577-3230.

Chevron cutting up to 7,000 jobs as oil profits shrink

By David Koenig **AP BUSINESS WRITER**

DALLAS (AP), Chevron is cutting up to 7,000 jobs, or 11 percent of its workforce, the latest indication of the toll that low oil prices are taking on the industry.

The two biggest U.S. oil companies reported huge profits for the third quarter. Chevron Corp. said Friday that it earned \$2 billion, and Exxon Mobil Corp. earned more than \$4.2 billion.

But those profits are down sharply from a year ago. Chevron's profit was 64 percent lower than last year's third quarter; Exxon's profit fell 47 percent, its worst third quarter since 2003.

Both companies are slashing costs to boost profits. Chevron plans to cut capital and exploratory spending next year by one-fourth, with further cuts in 2017 and 2018 depending on the oil industry's condition then.

That will include cutting the workforce by 6,000 to 7,000 jobs and shedding a similar number of contract workers, said Chairman and CEO John Watson. Many of the layoffs will be in Australia, he said, and an unspecified number will be in the U.S. Chevron has 64,700 employees.

Exxon doesn't announce job cuts, and a spokesman declined to say whether the company had reduced its headcount in response to low oil prices. Vice president of investor relations Jeffrey Woodbury told analysts that Exxon has "continuously ... right-sized our global function organization" and has the same number of employees today that it had in 1999, before its merger with Mobil.

Halliburton, Schlumberger and other oilfield-service providers have also cut thousands of jobs. While workers in the oil industry lose their jobs, consumers are saving money from lower energy prices.

The average U.S. household is expected to spend \$730 less for gasoline this year than last year, according to the U.S. Energy Information Administration. Household spending on natural gas, oil, and propane for heating homes this winter will decline by 10 percent to 25 percent depending on the type of fuel, the agency predicts.

Oil prices have fallen from over \$100 per barrel in June 2014 to under \$50 this month, and prices for natural gas have also dropped sharply. Watson said prices will eventually rise as production slows in response to low prices, but he said it was

hard to know when that will happen. Many industry experts agree, but the

downturn in prices has lasted longer than most had expected.

"In the long run the industry can't survive on \$45 oil. There's not enough money to reinvest, and that will eventually impact supply down the road," said Brian Youngberg, an analyst with Edward Jones. He expects big producers including Saudi Arabia and Venezuela to eventually reduce production and drive up prices.

When oil prices rise, Youngberg said, oil companies going through the current downturn will be more cautious about hiring and undertaking big projects.

California-based Chevron said thirdquarter income plunged to \$2.04 billion, or \$1.09 per share, down from \$5.6 billion, or \$2.95 per share, a year ago. The latest results still beat Wall Street expectations. The average estimate of 10 analysts surveyed by Zacks Investment Research was for 79 cents per share.

Revenue fell 37 percent to \$34.32 billion despite an uptick in production. Five analysts surveyed by FactSet expected \$27.70 billion.

Exxon reported third-quarter net income of \$4.24 billion, or \$1.10 per share.

Analysts surveyed by Zacks had expected 89 cents per share. Revenue fell 37 percent to \$67.34 billion, beating the forecast of \$61.71 billion among analysts surveyed by FactSet.

Exxon's profit from exploration and production dropped from \$6.5 billion to \$1.4 billion, including a loss of \$442 million in the U.S. However, so-called downstream earnings from refining and selling petroleum products jumped from \$1 billion to \$2 billion on higher refining margins.

The Texas-based company slashed third-quarter capital and exploration spending by about one-fifth from a year ago. It has cut stock buybacks that are often popular with investors by making remaining shares more valuable. It expects to spend \$500 million on buybacks in the fourth quarter - down from \$3 billion in the fourth quarter of 2014.

Both Exxon and Chevron, however, have continued to reward shareholders with larger annual dividends – 33 straight years for Exxon; 28 at Chevron.

In afternoon trading, Exxon shares rose \$1.25 to \$83.48, while Chevron shares gained \$1.58 to \$91.47.

"The Great **Beanie Baby Bubble**"

by Zac Bissonnette

Your broker thinks your portfolio needs more diversification.

Take a little out of metals, he says, put it into tech. Move money from here, put it there. Sell manufacturing, buy oil. You hope that's sound advice but you've noticed that he never uttered a word about stuffed animals. That's a good thing, as you'll see in "The Great Beanie Baby Bubble" by Zac Bissonnette.

At the end of 1998, the "richest man in the American toy industry" threw a party for his employees, at which he handed out lavish bonuses and palm-sized bears stuffed with synthetic beans.

The man, Ty Warner, was the billionaire creator of Beanie Babies.

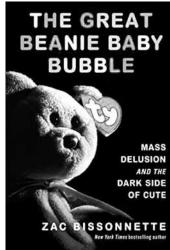

The bears, in coming weeks, were worth more than \$5,000 each.

How did it happen that people lost their minds - and their childrens' college funds – over stuffed animals? Zac Bissonnette tried to find out, but discovered that Warner grants few face-tofaces. Still, plenty of people were happy to fill in the blanks...

Warner got his start in toys when his father got him a job at Dakin, a premiere "plush" company; there, charm and a flirtatious manner quickly made Warner Dakin's top salesman. When he was caught promoting his own line of plush on Dakin's time, he lost his job but by then, he'd become obsessed with the animals he'd created. He constantly refined them, trying to understand how to make them a sensation.

That was only a matter of time. Says Bissonnette, "Warner understood things about toy sales that others didn't," pricing his Beanie Babies simply and at lowcost. That they became a fad with a handful of women in Chicago was a bonus.

Those women were fierce about Beanie Babies, and they called stores around the country, looking for hard-to-find animals and spreading the mania. Salesmen began referring to nolonger-stocked animals as

"retired," raising the perception of rarity. People realized they could "flip [stuffed animals] for two to five times" the original price. Word spread as "everyone who did it told everyone they knew about it." Warner became a billionaire.

But as "people abandoned their senses" and the market became saturated by millions of plush on store shelves in the U.S., Canada, and England, the bubble burst. And, says author Zac Bissonnette, that's still not the end of the story...

As someone who never bought one such toy, I found "The Great Beanie Baby Bubble" to be a fascinating study of the proverbial madness of crowds. From a whatwere-we-thinking vantage point years removed from the loss of serious money in pursuit of toys, that's amusing - but this well-researched and well-told story also serves as a cautionary tale: it's happened before - as Bissonnette indicates, it's perhaps no coincidence that Beanie Babies and the dot-com bubble burst at the same time - and it could happen again.

Tulips, anyone?

Pop-culture fans will find this book delightful. It's a rib-poker for anyone who can admit to a boxful of beans still in the closet. And for businesspeople and marketers, "The Great Beanie Baby Bubble" totally pops. c.2015, Penguin Portfolio \$26.95 / \$31.00 Canada 260 pages

San Leandro Police Log

SUBMITTED BY LT. ROBERT MCMANUS, San Leandro PD

This past week, San Leandro Police officers have arrested suspects in significant cases and have had criminal charges successfully filed against suspects in other crimes. The following are summaries of some of the cases that officers and detectives investigated in the past week:

On Thursday, October 22nd, 53 year old Luisito Villaruz of San Leandro was arrested by detectives after he was involved in a physical altercation with his 63 year old wife in the 1200 block of Douglas Court, leaving her hospitalized with long-term injuries.

On Friday, October 23rd at 8:40 a.m., police responded to calls of a despondent man in the 1500 block of 137th Ave. Upon arrival, the man, who police have identified as 46 year old Mario Torres of San Leandro was in his vehicle in the driveway when he began to fire gunshots from a handgun that he had with him. Police returned gunfire. Torres sustained a non-life threatening gunshot wound believed to have been fired by police, and was treated by officers and paramedics at the scene, before being transported to a local trauma center for additional

On Sunday, October 25th at 7:45pm, a patrol officer spotted a silver Toyota Solara in the area of E. 14th St. at Hesperian Blvd. and stopped it after observing traffic violations, committed by the driver, who police have identified as 25 year old Frank Williams of Union City. As the car was stopping, the passenger, described as an African-American male, approximately the same age, fled from the vehicle and ran into a residence in the

14800 block of Bancroft Ave. Police did not find the other suspect, but did locate a Glock 9mm pistol with a 30-round magazine in a crawl space below the residence, that police believe was discarded by the fleeing man. Police arrested Williams on suspicion of several crimes. He was found to be wearing a holster made for the Glock pistol, a black ski mask in his jacket pocket and more than \$1,000 cash.

On Tuesday, October 27th, officers responded to the report of two suspicious males in the backyard of a residence in the 2400 block of W. Ave. 135th. The males, later identified as two teenagers from Oakland, exited the rear yard carrying a bag of items, and got into a white, 2-door Honda, being driven by 18 year old Jose Pelaez of Oakland before fleeing the area. Witnesses were able to record the Honda's license plate and provided it to responding officers. Detectives from the Crime Suppression Unit drove towards the registered owner's house in East Oakland and spotted the car nearby. The three suspects were detained by police, identified by witnesses, and arrested without incident. They were found to be in possession of stolen items from the house that they had just burglarized. Police returned those items to the victims.

Please contact the San Leandro Police Department's Criminal Investigation Division with any information regarding this case or any other case at (510) 577-3230.

Robots and drones and autonomous vehicles, oh my!

ARTICLE AND PHOTOS BY DAVID R. NEWMAN

n September 23 and 24, RoboBusiness 2015 came to the San Jose Convention Center, marking its' 11th year in Silicon Valley. Produced by Robotics Business Review (RBR), an online resource for all things robotics, the event attracted over 1,600 people from around the world, a number that has been growing steadily.

With keynote speeches, over 35 educational sessions, and some 90 exhibitors on the convention floor, the place was bursting with new ideas and inspiration. For the relatively small robotics community, it is a chance for PhDs to mix with those with business degrees, to reflect on their progress in the field, realign their goals, and share emerging trends and hopes for the future.

A keynote address by Robert High of the IBM Watson Group set the stage. He spoke about how the relationship between humans and computers is evolving, and how cognitive computer systems that understand how people behave and communicate will lead to more personal experiences in the future. A two-foot high robot on stage named NAO (created by Alderbaran) helped illustrate his point. The little guy responded to questions in a natural way, often using hand gestures and body movement. And when asked to create a recipe for High, he personalized it knowing High's food preferences.

High also touched on the Internet of Things (IoT), the network of physical objects that are embedded with sensors and software that can collect and exchange data. Some examples of these devices are heart monitoring implants, biochip transponders on farm animals, automobiles with built-in sensors, or a home

security system that can be monitored from your phone. Experts estimate that the IoT will consist of almost 50 billion objects by 2020. High was excited about this explosion of data and talked about the challenges of processing it all.

Of course, robots were a big draw at this event. In fact, there are a few companies who make cute little robot companions for the home. With advanced sensors, facial recognition, and open source programming, they can recognize you, understand your current mood, and evolve through learning. Another company has created a robotic delivery machine for hotels. So the next time you forget your toothpaste on a trip, don't be surprised if it's delivered to your room by a wheeled bellhop (please, no tipping).

The use of robotics in manufacturing was also a major topic at the event. Gone are the dark and dirty warehouses of old with their huge clunky machines. Today's manufacturing centers are clean and quiet, employing high tech machinery like advanced robotic arms with sensitive grips and smart autonomous moving pallets and stackers. Talk centered around the need for more training opportunities for these jobs of the future, as well as the challenge of attracting more women to the field.

Several other themes emerged during the conference. Autonomous, or self-driving, vehicles are quickly gaining popularity, and may soon be showing up at amusement parks, country clubs, college where. While many people associate the unmanned flying machines with toy hobbyists, there is a growing international commercial market for them. Insurance companies are using them instead of costly helicopters to survey disaster areas, and real estate companies can use them to do flyovers of properties for their clients.

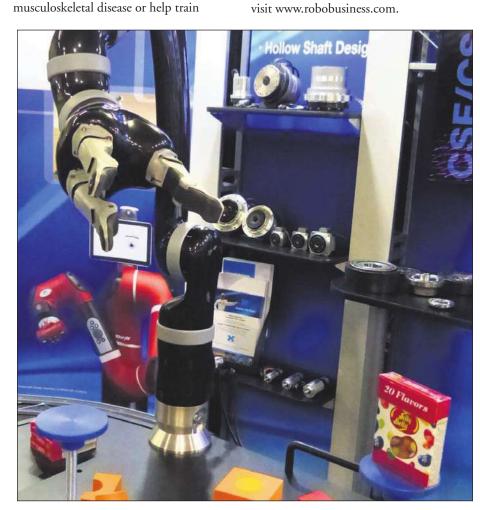

Perhaps the highlight of RoboBusiness 2015 was the Startup Pitchfire, in which

athletes. And drone technology is every-

Perhaps the highlight of RoboBusiness 2015 was the Startup Pitchfire, in which 15 of the most exciting startups in the robotics industry were given two minutes each to pitch their business idea to a panel of venture capitalist judges, with the winner receiving \$5,000 and free consultations. From an autonomous strawberry picker to smarter recycling software, the demonstrations were fresh and entertaining. The winner was Autonomous Marine Systems (AMS) for their unmanned, eight-foot long, solar powered, self-righting catamaran that collects marine data.

It is clear from this conference that robotics is an exciting and growing field, and is everywhere. One of the conference speakers, Alison Sander, Head of the Boston Consulting Group's Center for Sensing & Mining the Future, summed it up nicely: "Increasingly flexible, responsive, sensing—even humanlike—robots are beginning to augment and replace labor in a wide range of industries: a megatrend that is transforming the economics of manufacturing and reshaping the business landscape."

Henna demonstration

at Fremont Art Association

SUBMITTED BY SUSAN HELMER

The Fremont Art Association welcomes Alexa Brown as our guest artist on Wednesday, November 4. Brown is going to lead the group in a hands-on demonstration of henna art. The public is welcome to attend and materials will be provided.

Henna is a wonderful medium because it is completely natural, non-permanent, and can be made with ingredients found at home. Alexa will demonstrate using a template so that all participants can take home

their own beautiful henna creation.

Henna is an art form that has been around for thousands of years if not longer and its most popular use is for a unique beauty regimen; but, it is also used as a very special and symbolic tradition in African, Indian, and Asian cultures. Henna has symbolic meanings that represent blessings, protection, love, joy, devotion, luck, fertility, and of course beauty. It is also not only used on skin, but on hair as

campuses, and the like. The use of robotics

in healthcare is up, with varied applica-

tions, from robots that can help support

the elderly when they stand or walk, to

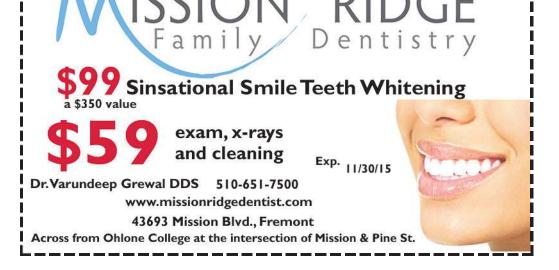

bionic exosuits that can assist patients with

well for a natural, semi-permanent hair dye. Henna, also known as "mehndi," comes from a plant that naturally has dye molecules that are released when correctly mixed with other natural ingredients – so if you love science, you will definitely love the art of henna!

Henna Demonstration at

Boy Scouts plant trees

SUBMITTED BY NELSON KIRK

On Saturday September 19, 2015 Arjun Bhagat from the Boy Scouts of America Troop #273 and his volunteers planted, staked, and ran drip lines to 32 Chinese Pistache trees along Dyer Street, between Jean Drive and Union City Boulevard. The Chinese Pistache trees are drought tolerant, can handle the constricted root space of a small sidewalk tree site, and do well as a street tree in full sun, heat, and well-drained soil.

Jimmy Gua from Boy Scouts of America Troop #110 and his volunteers planted an oak grove at William Cann Civic Center Park for part of his Eagle Scout project. The oak trees reduce energy use (trees and vegetation that directly shade buildings decrease demand for air conditioning); improve air quality, lower greenhouse air pollutants and store and sequester carbon dioxide; enhance storm water management and water quality (vegetation reduces runoff and improves water quality by absorbing and filtering rainwater); reduce pavement maintenance (tree shade can slow deterioration of street pavement); and improve quality of life.

Arjun Bhagat planted Chinese Pistache trees along Union City's Dyer Street
