Indo-American Charity Ball

By MARGARET THORNBERRY
PHOTOS BY MARY LYNN PELICAN

Indo-Americans for Better Community (Indo-ABC) formed as a charitable non-profit to share Indo-American values and culture through community service, and to make a difference, locally. In the past 13 years Indo-ABC has provided over \$650,000 in grants for families, children, and the elderly, through LIFE ElderCare's Meals on Wheels, Kidango, the Fremont Senior Center and many others. Grants are awarded at Indo-ABC's annual gala and banquet.

Everyone is invited to attend the 14th annual Indo-Americans for Better Community "Charity Ball" on Saturday, May 13 at the DoubleTree by Hilton in Newark.

SEEING THE SIGHTS ON TWO WHEELS

By ROBBIE FINLEY
PHOTOS COURTESY OF
FREMONT FREEWHEELERS
BICYCLE CLUB

With all the hustle and bustle of Bay Area living – in and out of traffic every day, constantly on the go – have you ever wanted to slow down and enjoy the sights? Many residents do just that by trading in four wheels for two

as cyclists with the Fremont Freewheelers Bicycle Club (FFBC). Cycling is a fantastic way to gain a new perspective on the natural beauty of the East Bay, socialize, and engage in a healthy activity. The FFBC has been a popular gathering point for local cycling enthusiasts since 1972.

Playwrights Festival showcases up and coming writers

SUBMITTED BY
OHLONE COLLEGE
PHOTOS BY RAVI MASAND

The "Ohlone College Playwrights Festival" is back for its third year, showcasing world premieres of timely, edgy, and inspiring 10-minute plays written by professional and emerging playwrights around the country. Presented by the award-winning Ohlone College Department of Theatre and Dance, this exciting selection of comedic and dramatic plays explore topics oriented toward college students and general audiences. Some of

the themes in this year's plays are love and relationships, superheroes, politics, war, immigration, exploitation, and the 2016 presidential election. Many of the playwrights have been published and have had their work produced Off-Broadway or at other venues, such as the Cherry Lane Theatre, Atlantic Theater Company, The Public Theater, Ensemble Studio Theatre, Playwrights Horizons, Primary Stages, New York Theatre Workshop, Classical Theatre of Harlem, La Mama, East West Players, SF Playhouse, San Francisco Mime Troupe,

Magic Theatre, Marin Theatre Company, Stanford University, and Juilliard. The Student Repertory Theatre Company, a class of student directors, producers, actors, and designers at Ohlone, is producing the festival. Student Rep gives first-time and more experienced theatre students the opportunity to create a full theatre ensemble geared toward producing live theatre. It introduces all aspects of theatre to new students and is a space for experienced students to hone their skills and craft.

Learn About Cardiovascular Health at Local Health Expo

Washington Township Cardiologist Answers Your Questions at Four Seasons of Health Expo on May 12

Community members have the opportunity to meet Catherine Dao, MD, a noninvasive cardiologist with Washington Township Medical Foundation (WTMF). Dr. Dao will be available to meet with attendees and answer questions about cardiovascular health at the 8th annual Four Seasons of Health Expo on Friday, May 12.

Dr. Dao and other volunteers from Washington Hospital and WTMF will provide free blood pressure screenings in addition to answering questions about heart health issues. The Expo is scheduled from 9 a.m. to 1 p.m. at the Fremont Senior Center in Central Park, 40086 Paseo Padre Parkway in Fremont.

The Four Seasons of Health Expo is primarily intended for adults over age 50, as well as U.S. military veterans, along with their families and caregivers. Many of the exhibitors also serve younger families, however, so all ages are welcome to attend. There is no need to register for the free event. Food will be available for

purchase at the Fremont Senior Center. The event is sponsored by the City of Fremont Human Services Department and the Tri-City Elder Coalition.

Dr. Dao believes adopting a healthy lifestyle is key to managing cardiovascular disease. “You can help improve your cardiovascular health by exercising regularly, eating a ‘heart-healthy’ diet, avoiding smoking and excessive alcohol, reducing sodium intake, and losing weight,” she explains. “Other common health conditions that contribute to cardiovascular disease – such as diabetes – also can often be managed with lifestyle modifications.”

Dr. Dao also encourages people to “know their numbers” that relate to heart disease risk, including cholesterol, blood pressure, body mass index (BMI), and blood sugar levels, since diabetes is a major risk factor for heart disease.

Cholesterol is measured in levels of milligrams per deciliter of blood (mg/dL). In general,

total cholesterol should ideally be less than 200 mg/dL. Total cholesterol includes LDL (the “bad cholesterol”), HDL (the “good cholesterol”) and 20 percent of triglycerides (another type of fat in the blood). The optimal guideline level of LDL cholesterol is less than 100 mg/dL. For HDL, the recommendation is a level greater than 45/ mg/dL, and the higher the better.

“High levels of total cholesterol and LDL cholesterol, along with a low level of HDL, can increase heart disease risk,” says Dr. Dao. “A high level of triglycerides combined with low HDL cholesterol or high LDL cholesterol also is associated with cardiovascular disease. Cardiologists might prescribe medications to control high cholesterol when lifestyle changes don’t provide adequate control.”

Cardiologists also may consider a variety of medications to control high blood pressure that persists despite lifestyle changes.

Blood pressure is generally recorded as two numbers. The

Community members can ask Dr. Catherine Dao cardiovascular questions at May 12 health expo.

top number measures the systolic pressure in the arteries when the heart contracts. The lower number measures diastolic pressure in the arteries when the heart relaxes. The American Heart Association defines “healthy” blood pressure as 120/80 or less. High blood pressure, also known as hypertension, generally is defined as 140/90 or higher.

“About one-third of Americans have high blood

pressure, and millions of them do not realize that they have it,” says Dr. Dao. “High blood pressure usually causes no symptoms, so it sometimes is called a ‘silent killer.’ People who are overweight, with a BMI over 25, are especially at risk for high blood pressure. Women with a waist circumference measurement greater than 35 inches and men

Signs of a Stroke? Call 911 Now

Delays Can Be Devastating

If you are with a friend or family member and suddenly his or her face looks strange, perhaps the smile seems crooked or speech is slurred, what do you do? Is your friend having a stroke? Don't spend time trying to figure it out; instead, call 911 immediately.

The elapsed time between a stroke onset and medical treatment can be the deciding factor in the degree of damage and the speed of recovery, according to Dr. Ash Jain, cardiologist and medical co-director of Washington's Vascular Services Program, which includes stroke care.

Treatment must begin within a few short minutes from the onset of a stroke, Dr. Jain advises. Brain damage occurs quickly; a person suffering a large stroke loses 2 million brain cells every minute, according to the American Stroke Association.

"It is important to know as much as possible about strokes since a stroke can occur without warning," Dr. Jain explains. "This is why the information in these seminars is so important. If a stroke should happen, you'll know what to do," he adds.

Stroke Nurse Melissa Reyes, RN, will discuss, "Living with Stroke: The Future in Diagnosis and Management" at a free, two-hour community education program from 6 to 8 p.m. Tuesday, June 6. The public is encouraged to attend.

Because time is critical in mitigating damage from a stroke, members of the Washington Township area are fortunate to have a certified Primary Stroke Center with cutting-edge care, such as Washington Hospital.

"Our primary goal is to treat a stroke as quickly as possible once a patient reaches our emergency department,"

Don't delay. Call for help if you think someone may be having a stroke. Free seminar on stroke awareness at Washington West, 2500 Mowry Ave. in Fremont.

Dr. Jain says. "Even small delays can have heavy costs. Research has shown that outcomes are better when an individual can properly identify signs of a stroke and then seek help immediately. Knowing when the symptoms started is crucial in deciding how

aggressively we manage the stroke." The degree of the patient's disability is determined by how big the stroke is and what part of the brain is affected.

Disability is defined as difficulty speaking and communicating, difficulty using one's arms

or legs due to paralysis, blindness, and/or difficulty swallowing. Stroke survivors often lose their independence and ability to live the same life they lived before a stroke. Patients have to undergo extensive lifestyle modification.

"Participation in an ongoing rehabilitation program, under the direction of specialized therapists, offers stroke patients some measure of improvement," says Melissa Reyes, RN.

"Stroke patients and their caregivers must take advantage of rehabilitation experts who include physical, occupational and speech therapists. Equally important," Reyes notes, "Is the will of the stroke survivor to get better."

As seating is limited, advance registration for the free program is recommended. To register or for more information, visit www.whhs.com/events or call (800) 963-7070.

Seminars also may be televised on InHealth, a Washington Hospital Television Channel (Comcast Channel 78) and online at inhealth.tv.

To learn more about the Washington Hospital Healthcare System, visit www.whhs.com. To find out more about the Washington Township Medical Foundation, visit www.mywtmf.com.

While you shouldn't delay calling 911 if you suspect a stroke in a friend or family member — or yourself, here are some signs of a stroke you can watch for:

Remember them by thinking **FAST**.

Facial weakness — sometimes an asymmetrical smile or droop.

Arm weakness — one arm is weak and drifts down when the person is asked to hold his/her arms out.

Speech impairment — is the person able to speak? If so, are the words slurred or unclear?

Time — it is an emergency. Call 911 immediately.

Washington Township Cardiologist
Answers Your Questions at
Four Seasons of Health Expo on May 12

with a waist measurement greater than 40 inches are at an additional increased risk."

To determine your risk for diabetes or to diagnose diabetes, which can increase your risk for cardiovascular disease, the American Diabetes Association recommends regular testing of your blood glucose levels. Most physicians consider the A1C test as the preferred method of blood glucose testing because it measures average blood sugar levels over the past two to three months and does not require fasting. Diabetes is diagnosed with an A1C of 6.5 percent or higher. An A1C level of 5.7 to 6.4 percent is considered prediabetes, and less than 5.7 percent is considered normal.

"We want people to be aware of their risk factors for diabetes – including their family history of the disease – and to be

seen by their doctors sooner, rather than later," Dr. Dao says. "It's important to catch diabetes and manage it before you develop serious complications such as cardiovascular disease."

The Senior Center is served by AC Transit Lines 239 and 215. Overflow parking and shuttle service to the Expo is available at the Teen Center and Waterpark parking lots. For more information, email FourSeasonsExpo@comcast.net or call Linette Young at (510) 917-3241 or Raymond Grimm, PhD, at (510) 574-2063.

Dr. Dao's clinical practice is located at 2287 Mowry Ave. in Fremont. If you need help finding a physician, visit the Washington Township Medical Foundation website at www.mywtmf.com and click on the tab for "Your Doctor."

Indo-American Charity Ball

Entertainment will feature Ariel Dance of Campbell with several eclectic and fusion performances, including a theatrical jazz piece inspired by the movie "La La Land," a Latin cabaret jazz number, a story told through ballet, and a dance number fusing jazz and hip-hop. Of course, no event by the Indo-ABC would be complete without a performance of Indian classic dance.

Abode Services will be honored as the 2017 grant recipient. Abode provides transitional housing and support for families in crisis in our community, as they "leave homelessness behind." However, a less known problem faces over 300 youth each year in Alameda County as they "age out" of Foster Care when they turn 18; they are expected to fend for themselves. Project Independence steps in to provide a two-year bridge safety net of housing, personal and career counseling, support for continuing education and assistance to enter the job market. Mr. Louis Chicoine of Abode will

be accepting the 2017 Indo-Americans for Better Community grant for this very worthwhile purpose.

Join the fun at the Indo-ABC Charity Ball, enjoy a wonderful dinner, good company, entertainment, an evening of dancing and conviviality – and come away with the warm feeling that you are "making a difference, one person at a time."

For those unable to attend, but would like to contribute to this worthwhile cause or learn more about Indo-ABC, please visit <http://indoabc.org/charity-ball/> or call (510) 657-0396.

SEEING THE SIGHTS ON TWO WHEELS

“The club itself caters mostly to recreational cyclists,” explained FFBC President David Walker, adding, “A typical ride will have a dozen people... It’s always so beautiful to go out and ride. You appreciate the countryside in a different way, you can enjoy the scenery. It’s a meditative activity (and) there’s so many places to ride here.”

Many members join FFBC for long-distance cycling or to train for a cycling event. “A popular ride is the Cinderella Classic and Challenge,” Walker said of the female-only ride. The club hosts a Cinderella training ride series, which comes in two phases: beginners (an academic course for newcomers or people returning to cycling) and conditioning (for current cyclists).

FFBC’s biggest event each year is undoubtedly the Primavera Century, a tour that winds through the local area and consists of four tracks: 100 miles, 85 miles, 100 kilometers, and 25 miles. Unfortunately, it was canceled this year due to the road closures from the severe weather in recent months. Funds raised through the Primavera ride keeps the club going and are also donated to local causes. “We donate to charities like God Karma Bikes, Adobe, and Bay Area Recreation Program,” Walker said. Two of the club’s more popular ride series are the Less Aggressive Progressive and Progressive. “The Progressive ride series is preparation for 100-mile rides,” Walker said, while the Less Aggressive Progressive is

exactly how it sounds: a less challenging ride to get cyclists who aren’t quite ready to tackle 100 miles. All training programs start in January, and rides typically begin in the spring and continue through the summer, from around April to June or July. “Usually by October, they’ve pretty much wound down,” Walker noted.

Though the weather halted the Primavera this year, the Freewheelers haven’t let the weather slow them down too much. They host rides virtually every day of the week, usually on local routes that start in the morning and are done by the afternoon. “It’s a social club. First and foremost, it’s about riding our bikes. The thing that brings us all together is getting out and riding,” Walker said. The club has one popular monthly ride that starts in Niles, traces along Calaveras Road, weaves through the canyon and up past Sunol, by the reservoir. When there aren’t preplanned official rides, members will often craft their own routes and lead one themselves. Once summer hits, the Freewheelers stage pizza rides, where they will meet at a local pizzeria, go for a 15- to 20-mile ride, then meet back at the pizzeria and enjoy a meal together – a perfect way to spend a nice summer day in the Bay Area.

Though there are always a few transitory members that pop in and out of the club, Walker counts a number of cyclists still in from when he first joined a decade ago. “We’re kind of a

smaller club, the median age is the mid-40s,” he said. What keeps people coming back is the pure joy of the cycling. “I’ve always just enjoyed riding my bike. There are racers that are really into the competitive aspect, some who enjoy the social aspects, some who like to go out by themselves and ride, long distance riders, and commuter riders,” he explained, continuing, “It’s hard to stick with anything if you don’t love it... (and) people really love it. Some might love the camaraderie or the exercise.”

The FFBC’s mission is to bring together cyclists of all types and promote bicycling education and culture. With a majority of its members from Newark, Fremont, and Union City, the FFBC offers individual and family rates for year-long memberships. Individual memberships cost \$20, family memberships are \$26 and come with a subscription to the club’s monthly newsletter, access to the FFBC’s online community, and of course, fellowship on the rides.

With the weather starting to take a turn for the better, now is the perfect time to get out there and start pedaling. For more information about the Fremont Freewheelers Bicycle Club’s rides and membership, please visit www.ffbc.org.

Upcoming FFBC rides:

Calaveras Clockwise
Saturday, May 6
8:30 a.m. – 12:30 p.m.

Health and Wellness Expo

will offer healthy living tips

SUBMITTED BY CITY OF FREMONT

Get healthy and get informed. That’s the idea behind the Tri-City Elder Coalition and the City of Fremont’ annual Health and Wellness Expo

The Friday, May 12 event will include about 80 organizations that serve older adults, their families and veterans. Information will be available on a variety of topics including services related to health and wellness, outdoor spaces, transportation, social participation and inclusion, volunteering and civic engagement.

Other topics will include community information, employment and learning opportunities, housing, and dementia-specific support. A partner in the expo is the World Health Organization’s Age-Friendly City initiative.

The expo will be from 9 a.m. to 1 p.m. Friday, May 12 at the Fremont Senior Center and Central Park, 40086 Paseo Padre Parkway, Fremont. Admission is free.

For information about the expo email Linette Young at fourseasonsexpo@comcast.net.

Community Forum on Affordable Care Act

SUBMITTED BY LUCY HERNANDEZ

Leaders in the House recently proposed and then withdrew the American Health Care Act, which would have repealed and replaced significant parts of the Affordable Care Act (ACA). Discussions continue about possible paths to repealing the ACA, but are also shifting focus to administrative changes to the ACA as well as to discussions of other key health care policy issues.

Join us at this community seminar featuring policy experts from Holland & Knight, based out of Washington DC, to hear the latest developments in health care reform, an overview of other policy issues that may arise, and what this all means to you.

ACA Community Forum
Tuesday, May 9
5:30 – 6:30 p.m.
Conrad E. Anderson, MD, Auditorium
2500 Mowry Ave., Fremont
(Washington West)

DeVry University throws a fast ball

Sports and education in this day and age seem to connect like baseballs and bats. Better watch out! DeVry University is throwing a fast ball!

Recently, DeVry's Group Director of Admissions Dan Cardenas and Center Dean Mike Park attended baseball games of local high schools Fremont Christian and John F. Kennedy to encourage and inspire students in the community to focus on — and achieve — their goals.

Cardenas and Park also threw out the first pitch and presented a generous donation to the schools. The donation was offered as part of DeVry University's "Doing Well by Doing Good" program, through which the University makes positive impacts on the community.

A FAMILY EVENT
Celebrating Our Multicultural Community
In Recognition of Ohlone College's 50th Anniversary

A WORLD OF CULTURES

IN ART, FOOD & DANCE

SUBMITTED BY
PATRICE BIRKEDAH

Ohlone College is in a partying mood. After all, it's not every year they get to celebrate a milestone anniversary. And this year marks the college's 50th anniversary serving the Tri-City community. As part of the college's year-long celebration, it's honoring the area's multicultural community with an arts, music and dance program, "A World of Cultures" on Saturday, May 6.

Starting at 5 p.m. the event will be in the college's Smith Center for the Performing Arts. It will include an exciting slate of events including food samples, art exhibits and dance performances representing the many cultures that make up the Tri-Cities population.

It's family friendly, too. Kids can unleash their creativity on crafts from around the world, with make and take items including yarn "paintings" from Mexico; henna tattoos from India; rain sticks from Brazil; origami from Japan; and brightly colored African necklaces. Projects allow young children or older children to participate. Crafting takes place in a tent, open one side from 5 to 6 p.m. Parents can get involved with the craft or watch from the sidelines as their kids participate. Children receive a World of Cultures cotton tote bag to carry their artwork home.

The food tent operates at the same time, with a variety of foods from around the world. Walk through the tent, grab samples of foods from Thailand, Mexico, China and India, and enjoy the evening on the plaza with a beautiful view of the bay. The kids' tent is open on the side facing the plaza and children are welcome to sample the food as well.

Starting at 6pm, the craft tent and food service close and the audience will be ushered into the nearby Jackson Theater for a spectacular evening of dance. The evening starts with colorful Aztec dancers, and weaving through world cultures with Bollywood-style dance, Tai Chi performance, Ballet Folklorico, Pacific Island dancers, a sword display and hip-hop. Many of Ohlone's students are part of these performances. The evening ends at 7:30 p.m.

The event is \$5 per person, which includes all the food, crafts and performance. For those who leave the kids at home, there is a wine and cheese tasting bar available for an additional \$10 for guest 21 and older.

Parking is free for this event. For tickets, go to smithcenter.com and click on "box office," go to boxoffice.com, or call (510) 659-6031. The first 150 adults to arrive will receive an Ohlone College 50th anniversary carryall bag. There is also a raffle drawing for a free prize basket, which will take place at the performance.

To learn more about Ohlone's 50-year history, please see visit the ohlone50.org website or follow ohlone50 on Facebook, Instagram and Twitter, or Ofifty on Snapchat.

A World of Cultures
Saturday, May 6

Plan Bay Area 2040 Meeting

SUBMITTED BY CHRIS CAVETTE

The Metropolitan Transportation Commission (MTC) and the Association of Bay Area Governments (ABAG) will present a draft of Plan Bay Area 2040 at a community meeting on Thursday, May 4, from 6:30 p.m. to 8:30 p.m. in the Fremont City Council Chambers at 3300 Capitol Avenue.

Plan Bay Area 2040 is a regional plan for future growth throughout the entire San Francisco Bay Area. It covers transportation-related subjects, such as freeways and public mass transport, as well as housing-related subjects, such as priority development areas. During the meeting, the public will be able to view displays, talk to staff, ask questions, make comments, and express concerns. This information is also available at www.PlanBayArea.org

Written comments may be submitted by email to info@PlanBayArea.org or by postal mail to MTC-ABAG, Plan Bay Area 2040 Public Comment, Bay Area Metro Center, 375 Beale Street, Suite 800, San Francisco, CA 94105. All written comments must be received by June 1, 2017.

Plan Bay Area 2040 Meeting
Thursday, May 4
6:30 p.m. – 8:30 p.m.
Fremont City Council Chambers
3300 Capitol Ave, Fremont

Shape Our Fremont

Osgood Road Corridor to Get Bigger and Busier

Take an already busy commute route, line it with rows of high-rise housing on one end, drop a two-story private school in the middle of an industrial area on the other end, and throw in a BART station that has no firm construction date. That's the plan for the Osgood Road Corridor.

High Density Plus

All the land within a one-half mile radius of the proposed Irvington BART station at the southwest corner of Osgood Road and Washington Boulevard is part of the BART Transit Oriented Development (TOD) Overlay, which allows high-rise, high-density housing. The only exception is an irregular-shaped area along the north end of Osgood, which is designated as the Irvington BART Station Study Area and cannot be developed until the

station's land needs for parking, access, and support structures are determined. In the meantime, several projects on other parts of Osgood are moving forward.

Serra Apartments includes 179 apartments in a six-story complex at 4200 Osgood Road on the east side. The apartments will be rented at various levels of affordability based on several factors. This project was recently approved by the Planning Commission and does not need City Council approval. Construction has not started.

Osgood Residences includes 93 condominiums in a five-story building at 42111 and 42183 Osgood Road on the west side. This project was approved by the Planning Commission and does not need City Council approval. Construction has not started.

Next door, Osgood II Multi-Family proposes 140 units (70 apartments and 70 condo-

miniums) in a five-story building at 42021 Osgood Road. This project is still going through a Preliminary Review Process with the Planning Department and has not become a Formal Application yet.

A proposal to build 31 condominiums in a five-level building at 41868 Osgood Road on the east side is within the BART Station Study Area and is on hold.

New housing developments aren't the only projects planned on Osgood. Further south, Stratford School recently announced plans to relocate from their current site and build a new private school for up to 660 students at 43055 and 43077 Osgood Road on the west side, between Blacow Road and Auto Mall Parkway. The area is designated industrial, but schools are allowed. The project was approved by the Zoning Administrator and does not need further approval. Construction is

expected to start this summer.

Issues and Concerns

The Osgood Road Corridor is a major commute route, so traffic is one of the biggest concerns. When the TOD area south of the Irvington BART station is fully built out, there could be as many as 3,000 to 4,000 additional people living there and traveling on Osgood to and from schools, jobs, and other destinations. Because there are no side street connections along this section of road, all traffic will have to go north to Washington Boulevard or south to Auto Mall Parkway, which are already congested. One solution would be to reactivate the Blacow Road underpass or overpass project. This idea got as far as building four-lane approach roads on either side of the Union Pacific and BART right-of-ways, but was never completed.

Another concern about building so many residential units along the Osgood Corridor is the

lack of access to public schools and retail stores. The nearest schools are too far to walk, and many are already full. Most children, including those attending the new private school, will have to be driven to and from school, thus adding more traffic on Osgood. Likewise, the nearest grocery stores and other retail shops are at least a half-mile away in downtown Irvington. Proximity to schools and stores are supposed to be requirements of a TOD Area in order to reduce greenhouse gas emissions from vehicle trips, but that's not the case here.

As more projects are proposed along the Osgood Road Corridor, the public has an opportunity to speak out. All residents are encouraged to express their concerns.

Trump's constant tweeting isn't lifting Twitter's profit

BY BARBARA ORTUTAY
AP TECHNOLOGY WRITER

NEW YORK (AP), You'd think Twitter would be able to milk its status as President Donald Trump's megaphone. But the company still faces stagnant user growth, has never made a profit and may even report a quarterly revenue decline Wednesday, a first since going public.

Trump's frequent tweets ricochet well beyond his 28 million Twitter followers. Anything he tweets can serve as fodder for social media, TV news shows and, often, late-night comedy. Analysts say Twitter's user engagement — how often people respond, retweet or “like,” for instance — likely benefited from “political discourse” in the first quarter.

The problem: The people already on Twitter may well be using it more, but America's first true “Twitter President” hasn't inspired others to sign up for Twitter en masse.

Michael Pachter, an analyst with Wedbush Securities, was expecting “minimal” user growth, consistent with recent quarters ahead of the release of Twitter's quarterly financial report last week.

At the end of 2016, Twitter had just 319 million monthly users. By contrast, Facebook had 1.89 billion and Facebook-owned

Instagram had 600 million. More users, of course, mean more advertising revenue for the companies, since businesses try to reach as many eyeballs as possible.

Twitter has never turned a profit, and for the first time since going public in 2013, it is expected to report a decline in revenue from the previous year. In the first three months of 2016, the San Francisco-based company posted revenue of nearly \$595 billion.

With its slogan “it's what's happening,” Twitter has been trying to corner the market for real-time information, to be a place where people can go to find out what's going on in the world and talk about it with friends and strangers.

And it's not just politics, but also sports events like the March Madness college basketball tournament or World Cup soccer, not to mention the stuff seemingly made for Twitter, such as the outrage over the dragging of a paying United passenger off a full flight to make room for crew. Video was shared widely on Twitter, as were jokes and anger toward the airline.

As with Facebook, Twitter also has been pushing live video — whether on its main service or through its Periscope app — to keep users interested and engaged.

This includes both user-generated content and live-streaming deals. Sports events are especially lucrative.

That's why the recent loss of an NFL deal to Amazon was an especially hard blow to Twitter. Twitter streamed 10 Thursday Night Football games last year and had counted on them to lure in users and keep existing ones entertained. In its quarterly letter to investors in February, the company called the games “the major highlight of the fourth quarter” when it comes to live sports.

Amazon appears to have simply outbid Twitter. The Associated Press and other news outlets reported that Amazon's one-year deal for the 2017 season is worth close to \$50 million, about five times what Twitter paid for the right to stream the games last year. Stifel analyst Scott Devitt said that while the NFL deal likely contributed about 1 percent of Twitter's 2016 revenue, it “seemed to be an important pillar of Twitter's Live strategy.”

And in the wake of such setbacks, competition is growing. Besides Facebook and Instagram, Twitter is also vying for advertising revenue from Snap Inc., the owner of Snapchat. Snap recently had completed its initial public offering and will report earnings in May.

Opportunity knocks at Spring Career Fair

SUBMITTED BY
OHLONE COLLEGE

Opportunity is knocking at the Spring 2017 Career Fair, sponsored by the Ohlone College Foundation/Tri-Cities One-Stop Career Center! Whether you are looking for full-time work or a part-time job, or if you're ready to move to the next level in your career, the Spring 2017 Career Fair at Ohlone College is the place to start.

The free event is set for Friday, May 5th at the Ohlone College Newark Center and is open to the public. Visitors will have a chance to meet and network with a broad range of potential employers and explore leading edge career options in many areas including:

Healthcare
Law Enforcement/Security
Manufacturing
Education
Non-profit
Government
Retail

Employers recruiting at the career fair include:

- Advantech
- Allied Universal
- Applied Thin-Film Products
- Bethesda Community
- City of Fremont
- Consolidated Engineering Labs
- Easterseals Bay Area
- Fremont Police Department
- Oakwood
- Pacific Homecare Services
- Serra Center

For information on how to update your resume, prepare for the career fair, or for more details on the employers, visit the Tri-Cities One Stop website at www.tricitiesonestop.com.

Tri-City Stargazer FOR WEEK: MAY 3 - MAY 9

For All Signs: This week the cosmic agenda has calmed, so I have decided to write about the significant activity in this overall month. It will help you plan better than the shorter range week-to-week forecasts. In the next column I will return to the usual format for each sign.

A big piece of cosmic news is that Mercury is stationary direct on May 3, 2017. The truth of the matter is that the period lasts an additional 2.5 weeks after the stationary date because the process of returning to normal speed requires additional time. Mercury's retrograde purpose symbolizes the need to slow down, think and rethink everything, before proceeding with plans. It is ideal for those who meditate and who are working on self-study. It is not favorable for moving forward with new plans because we will inevitably find something in error as we proceed. The next 2.5 weeks of acceleration offer us the opportunity to regroup and make needed adjustments.

The real finale of this Mercury retrograde occurs on May 20, 2017. It will become increasingly easy to arrive at conclusions and make decisions once the initial retrograding point has been crossed. If it were graphed, it would resemble the breakout point on a given stock at the NYSE.

Many planets in the cosmos are conflicting with the others. That is the hallmark of this decade. War in the solar system represents opposition and intransigence on earth. We begin a two-week period now that favors moving forward and finding solutions to issues. It isn't exactly "peace on earth", but this period may ease some tensions and open the door to communications among those who are in conflict. This is true in the big picture as well as for individuals.

Saturn is moving into a favorable position with Uranus. The exact date is May 19, 2017. The energy began early this year, but with all the noise in the solar system, its meaning has been blurred beyond consciousness. Saturn rules the old, the traditional and the status quo. Uranus points at the new, the updated, the fresh idea or technology. When they meet in a favorable aspect, it is a good time to integrate the new and the old into an improved system. The aspect favors ordered, disciplined and gradual change rather than overthrow or rebellion. This is the month the two systems may find a workable blend.

I frequently need to choose a date for personal clients that favors whatever they are wanting to do. It just makes things work more smoothly. This has been nearly impossible to find since winter. However, I've recognized four specific dates in May that would be good for almost anything: buying and selling, medical treatments, putting a house or car on the market, to name only a few. **The dates are May 9 and 10 and again on May 17 and 18, 2017. Mark them on your calendar for the month!**

Playwrights Festival showcases up and coming writers

The festival was inspired by the need to create original material to engage college students and audiences, and to reconnect this demographic with live theatre. For this year's festival, the playwrights were invited to write directly for the student actors and directors in the class. They were sent videos of their actors being interviewed by the directors, along with several themes students were interested in. The playwrights then had a month to write their plays with these student actors and themes in mind.

Receiving rave reviews from Ohlone students and local audiences, the festival has sold out the last two years. Michael Navarra, the executive producer of the festival and Ohlone

College faculty member, commented on this success. "We started this festival to promote and cultivate new plays that will engage and speak directly to a younger audience. It's great to see a strong interest in this endeavor."

Selected plays are:

- "A World of Difference" by Jordan Ramirez Puckett
- "How We Got Choked/Perspectives on Hate" by Grace Hoffman
- "Slings and Arrows" by Peter Tamaribuchi
- "The Pit" by Victor Elán Vasquez
- "when she closes/opens her eyes/and the men/they go to war" by Lisa Ramirez
- "The Rise to the Top and the

Rivalry That Comes Along with It" by Leah Nanako Winkler

- "Bored Games" by Mercedes Segesvary
- "Riya Sees Nothing" by Jeffrey Lo
- "The Point" by James Anthony Tyler
- "Chop-Chop: A Fable" by Eugenie Chan

The festival takes place on May 4 and 5. All ten plays will be performed both nights. Tickets are \$10 and may be purchased online at SmithCenter.com, by calling the box office at (510) 659-6031, or at the door. Please contact Michael Navarra at mnavarra@ohlone.edu or (415) 225-2985 for more information about the festival.

SUBMITTED BY HAYWARD ANIMAL SHELTER

On May 6, Chihuahua Palooza is coming to the Hayward Animal Shelter. If you're looking for small friends with big hearts, this is your event! We will have Chihuahuas, mixes, and many other small dogs to delight and surprise with their exuberance and dedication.

There is a doggie fashion show at 1:30 p.m. and 3:00 p.m. We will offer half-price, spay/neuter vouchers for small dogs. The adoption fee of \$20 includes spay/neuter, 5 in 1 canine vaccination, Bordatella vaccination, rabies vaccination, and microchip. Hayward residents also pay a \$17 licensing fee.

Rotary Club of F.U.N. Sunset & Rotaract Club of Greater Fremont
 Rotary Club of F.U.N. Sunset
Fremont, Union City, Newark
Friday May 12, 2017
6:00 PM - 10:00 PM

BY JULIE HUSON

F.U.N. stands for Fremont, Union City, and Newark, but on May 12th, "FUN" is also a promise of an elegant evening for gamblers and dancers wanting to party for a good cause. The Rotary Club of F.U.N. Sunset is sponsoring the "007 Casino Night" with the hope it will be its signature annual event that two generations can enjoy together. Rotaract, the young professionals business and service club for the cities of Fremont, Newark, and Union City, is pairing with F.U.N. Rotary to host the event.

Rotary members serve their local communities and volunteer regionally and internationally with the mission of fighting hunger, improving health, providing education and more.

Working under the motto "Service Above Self," Rotary International has 1.2 million members in 33,000 clubs worldwide. F.U.N. Rotarian service projects include Relay For Life with the American Cancer Society, Make A Difference Day, and the Chili Pepper Challenge among others.

Varun Mitra, Event Chair for the club, says a goal of casino night is to attract and entertain younger folks, along with current club members. Another goal is to raise money for local nonprofit organizations that have performed notable work in the community. Past recipients of Rotary Club funds have been Magnolia House, a women's recovery center; Hayward Animal Shelter; Centro De Servicios, a social services non-profit agency supporting low

income people in Union City; and D.S.E.T., a school in India that educates underprivileged youth. This year's recipients have yet to be determined, but the club's goal is to support causes that benefit children.

Attendees to this 007-themed event will find a variety of food, drink, and entertainment. In addition to casino games, a picture booth and a silent auction, guests will be able to dance to music selected by DJ220. A full buffet dinner, plus a signature cocktail will make this event special. Wine and sodas will also be available at the no-host bar. Auction prizes include a sailboat ride on the bay, helicopter tour, weekend lake house stay at Clear Lake, wine, gift baskets, and other goodies.

Rotary Club president Isabel Guss promises a good time for everyone. "007 Casino Night offers dancing for people who don't gamble, and gambling for people who don't dance!" she says.

Tickets are \$75 and can be purchased at <https://www.eventbrite.com/e/rotary-club-of-fun-sunset-rotaract-of-greater-fremont-presents007-casino-night-fundraiser-tickets-31735758508>. For more information on Rotary Club of F.U.N. Sunset, visit <http://www.funrotary.com>.

Home & Garden

Gabions: the solid choice for enhancing gardens

ARTICLE AND PHOTOS BY
DANIEL O'DONNELL

Civil engineers and landscape architects often design large-scale structures that are functional but lack artistic value. Roadside retaining walls, hillside staircases, small dams, and levies are all common examples of structures that perform specific functions but have minimal visual appeal. However, every now and then, someone designs a structure that is both functional and eye-catching. One way this is done is by building the structures using gabions.

The name gabion was created from the Italian word "gabbione," which means big cage. Early gabions were wooden baskets filled with sand or soil and used by soldiers and militias for protection from cannon and other types of artillery fire. Leonardo da Vinci is said to have created a type of gabion more than 500 years ago that he called Corbeille Leonard (Leonard basket). It was to be used for the foundation of a building. Today, the U.S. military uses a collapsible gabion called a HESCO bastion for fortification and flood control.

A gabion is a metal mesh cage usually filled with gravel, rocks, or pieces of concrete. It can be used in all of the large-scale landscape applications listed above, as well as many at home. The artistic appeal comes from using one or more gabions instead of mundane concrete, dreary looking pressure-treated wood, or mounded up soil.

Civil engineers and architects use massive gabions for large public and commercial projects to enhance their visual appeal and give them a modern look. Gabions are slowly being incorporated into residential designs for the same aesthetic characteristics. A gabion can bring personality to a home and link a landscape to a style. Any

number of things can be placed in the gabion to accomplish these goals. However, the first thing to take into account when using a gabion in a home garden is its function.

A gabion or multiple gabions placed together can provide many different functions in a residential garden or even in the home. They can make intriguing fences, retaining walls, room walls, tables, benches, planters, staircases, fountains, barbecues, and fire pits. Retaining walls and steps for example, will have fewer choices for fill because they require a heavier weight to perform their task. An ornamental fence or fountain, for example, will provide the opportunity to use different lighter materials. Cut logs, tumbled glass, glass bottles, flagstone pieces, rusted pipes, or any other things left over from construction work or that can be salvaged.

Most gabion cages for purchase come in a variety of sizes and have different mesh dimensions for the capacity to retain different sized materials. They also offer different gauge wires that will account for lighter

and heavier fill. Standard shapes available for purchase include squares, rectangles, and cylinders. Gabion1.com (www.gabion1.com) is a great site to make purchases, get design ideas, and watch assembly videos. A large variety and sizes of wire cloths can be ordered from Flynn and Enslow in Hayward (flynnenslow.com/wire-mesh/) for custom build-it-yourself designs. These can be bent and curved then wired together to form custom shapes. Although they offer different metals such as copper, bronze, and aluminum, stainless steel and galvanized steel wire cloths are the best choices for durability when used for an outdoor gabion.

Creating a gabion bench, fountain, or retaining wall will require the same plans, preparations, and contributing items that their non-gabion counterpart would require. This includes a solid foundation of at least three inches of compacted base rock so the gabion structure will not sink. There are a few tips for filling the gabion and supporting the base aesthetically and economically.

Decorative rocks, tumbled glass, and some other materials can be expensive. Use a less expensive drain rock in the center and backside and the pricier materials as a façade on the front. When using heavier rocks and salvaged concrete pieces, brace wires might need to be run through the gabion for support. The face of the gabion is what makes it so intriguing and stunning. Taking a little time to individually place larger materials so they fit cohesively will pay off in the long run. A gabion is a solid and durable structure; the long run is a long time.

Use of gabions as an artistic statement is a wonderful way to add personality and interest to a home and garden while still performing a necessary function. Whether a bench to take a break on or a retaining wall that holds back a hill, a gabion will do its job and look great doing it.

Daniel O'Donnell is the co-owner and operator of an organic landscape design/build company in Fremont.

Veteran educator named Teacher of the Year

Victoria Quintana

ARTICLE AND PHOTOS SUBMITTED BY BRIAN KILLGORE

Selecting from a talented collection of educators, the Fremont Unified School District (FUSD) recently named veteran educator Victoria Quintana as its 2017 Teacher of the Year.

Quintana, who has worked in the FUSD for 26 years, is an Intervention Specialist at Grimmer Elementary School. At a district office ceremony on April 26 Quintana was chosen from 40 candidates and seven finalists representing all FUSD schools and programs for the honor.

"I feel very honored and humbled to receive the award. Representing FUSD teachers, Spanish Dual Immersion and Grimmer Elementary makes me feel very proud," Quintana said. "It was exciting and invigorating to receive so much praise and positive energy from my peers at the ceremony. However, I am the one who feels blessed to be working in a place where I can call my colleagues friends who make coming to work fun. I am surrounded by extremely hard working teachers and staff who are always supportive and easy to collaborate with."

A Fremont native and graduate of Kennedy High School, Quintana attended Ohlone College and California State University in Hayward before joining FUSD as a Bilingual Para Professional in 1990. She was one of four teachers hired to launch the

Spanish Dual-Immersion program at Azeveda Elementary in 1997 and spent time at Vallejo Mill Elementary before joining Grimmer in 2003, teaching several different grades — all in Spanish Dual-Immersion.

Quintana was hired as Program Improvement Specialist at Grimmer in 2012, and then transitioned to Multi-Tiered Student Support Coordinator. Among her duties is supporting teachers, coordinating intervention groups at all grade levels, assisting with the Junior High Immersion Task Force and creating parent outreach.

She earned an MS and Admin Credential from CSU-East Bay in 2015. "We are so proud of Victoria and the significant contributions she has made to students, families, and staff alike both at the school and district levels," said Grimmer Elementary School Principal, Judy Nye. "She is committed to strong programs supporting learning and equity in education. She is well-respected among a wide array of professionals in our community, and has the best interests of students at the forefront of her mind at all times."

For the Teacher of the Year Award, each school in the district nominates one teacher for consideration. In addition to Quintana, this year's finalists included Debbie Afana from Brookvale Elementary; Tracy Barnett from Vallejo Mill Elementary; Erica Hart from Millard Elementary; Jenny Inman from Oliveira Elementary; Farah Moayer from Mattos Elementary and Bob Sterling from Kennedy High School.

In addition to Quintana, this year's finalists included Debbie Afana, Tracy Barnett, Erica Hart, Jenny Inman, Farah Moayer and Bob Sterling.

8th Annual Celebration of Life

Thursday, May 11, 2017
7 to 8:30 p.m.

Location:

Washington Hospital
Washington West Building
Conrad E. Anderson, M.D. Auditorium
2500 Mowry Avenue
Fremont, CA 94538

Celebration Sponsors:

Cancer survivors, friends and loved ones are invited to join us for an inspirational evening of hope, healing and health.

A panel of speakers will share their personal stories of living with cancer, and how the diagnosis helped them grow and discover renewed strength.

Light refreshments will be served.

This event is complimentary.

RSVP to **510-608-1301**.
Please leave your name and the number of people in your party.

Bridging Divides, Changing Minds

SUBMITTED BY WILLIAM SAUERLAND

May is a busy month for the Chabot College performing arts community. Highlighting the month will be a concert, “Bridging Divides, Changing Minds,” performed by the Chabot College Choir and featuring the Lesbian/Gay Chorus of San Francisco (LGCSF) as a special guest ensemble.

Founded in 1980, LGCSF is one of the oldest LGBTQ choirs in the country. Sauerland has served as Artistic Director of the chorus since 2011. This will mark LGCSF’s first performance at Chabot College.

The 70-minute concert is set for Friday, May 12 and will focus on social justice, truth, equality, and peace. The performance will touch on many ideas and moods and will feature Rollo Dilworth’s settings of three poems by Langston Hughes, Hebrew songs, American folk tunes and hymns. A selection of popular melodies by Harry Belafonte and John Lennon will round out the program.

The Chabot College Choir is made up of 16 students under the direction of William Sauerland, Di-

rector of Choral and Vocal Activities. Paul G. McCurdy, Staff Pianist, accompanies the ensemble. Founded in 1980, LGCSF is one of the oldest LGBTQ+ choirs in the country. Sauerland has served as Artistic Director of the chorus since 2011. This will mark LGCSF’s first performance at Chabot College.

The music department at Chabot College offers more than 50 different music classes. Sauerland, a former member of the Grammy Award-winning vocal ensemble Chanticleer, and a doctoral candidate in music education at Columbia University, leads the choral/voice area.

Put more in... get more kid out!

SUBMITTED BY YMCA OF THE EAST BAY

The Y is all about more. The more support, guidance, and opportunities we give kids, the more amazing qualities they’ll get out. The more they get out, the more they can achieve growing up.

Summer is the time for kids to get up, get out and grow. But for some kids, exposure to activities that stimulate the body and mind ends with the school year. In fact, research shows that kids are prone to

gain more weight and fall behind in studies. That’s why we provide kids with a healthy, caring environment of fun, learning and belonging to help them reach their fullest potential.

And that’s why we celebrate “Healthy Kids Day,” our biggest day of the year devoted to kids and more! Fremont/Newark YMCA welcomes the community on Saturday, May 6 to participate in sports and games, music, crafts, activities, resource fair, information booths, and healthy snacks.

Healthy Kids Day
Saturday, May 6
10 a.m. – 2 p.m.?

Ducks splash down for charity

SUBMITTED BY SHIRLEY SISK

Sponsored by the Kiwanis Club of Fremont, 5,550 ducks raced toward the finish line on Saturday, April 22nd for the 23rd Annual Tri Cities’ Ducks For Bucks Benefit Race.

The rubber duck “athletes” won some great prizes for their sponsors:

- Grand Prize of \$2,000 sponsored by Kiwanis Club members Chip and Laura Koehler, Al and Marsha Badella, Tom and Gail Blalock, and Shirley Sisk and went to Angela Lee.

- First place prize of a \$1,725 Wellness Package donated by Tereo Chiropractic went to Dave Le Vecchio.

- 2nd place prize of a Living Trust donated by Bernard, Balgley, Bonaccorsi, LLP valued at \$1500 went to Davinder Grewal.

- Third place went to Quin Cavazos who won a lovely white gold pendant with an 11mm pearl and .14 CTW of diamonds, valued at \$1,099, donated by Chris Jewelers.

- 4th place prize of four all-day Park Hopper passes to Disneyland & Disney’s California Adventure, valued at \$620, went to Joyce Dobro.

- 5th place prize of a youth bicycle, valued at \$450 and donated by Special Needs Children Center Foundation (SNCCF), went to John and Charlotte Lowrey.

- 6th place went to Dottie Harvey who will enjoy fine dining in Fremont with gift certificates from Papillion, Massimo’s, and Spin-a-Yarn, plus a weekend stay at Double Tree by Hilton in Newark.

- 7th place went to Celina Garcia who won a Pier 39 Family Fun Pack, with tickets for the Blue & Gold Cruise Adventure, SF Carousel, 70 Experience, Rocket Boat, and 2 hours of parking, valued at \$309.

- 8th place winner John Meurer is going to pamper his car with a \$250 certificate from TGIF Body Shop.

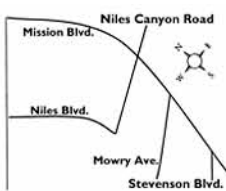

The 22 nonprofit agencies that participated in ducks sales will be invited to a Kiwanis Club breakfast on May 2nd when over \$15,000 in checks will be distributed.

Tri-City Animal Shelter provides sanctuary, care, adoptions

SUBMITTED BY SANDI STADLER

A ball of kittens rolling around, dogs barking a greeting to any and all, rabbits peeking around a mound of hay; this might sound like the makings of a Disney movie, but it is a regular sight at Fremont's Tri-City Animal Shelter. The shelter provides a sanctuary to pets that are lost, sick, injured or abandoned. Staff and volunteers work tirelessly to find these animals their lost owners or a new home.

Located behind the Fremont Police Department at 1950 Stevenson Blvd., the Tri-City Animal Shelter offers a number of services to residents and visitors in the Bay Area. The shelter is open to the public five days a week. Visitor hours are Tuesday – Friday noon – 5:00 p.m. and Saturday 11:00 a.m. to 4:00 p.m.

While we provide shelter services for the communities of Fremont, Newark, Union City and San Leandro, pet adoption is open to all. We welcome anyone who is looking to find their perfect companion. Our customer service representatives are ready to help match one of our special animals to your unique situation. We strive to make the right fit, so the animal is placed in its final forever home. Please call the Tri-City Animal Shelter at 510-790-6630 for any questions. All of our available pets can be found online at www.petharbor.com.

Robert came to the Tri-City Animal Shelter as a stray cat from Fremont. He was already neutered and is a very nice adult. If you would like to meet Robert and possibly make him part of your family, please come by the shelter.

Reginald came to the shelter as a stray from the City of Newark. He is approximately 2 years old and very enthusiastic about life. Although he loves to play he does calm down quickly and walks well on a leash. Given his size and exuberance for life, we do not recommend a home with small children. If you would like to meet Reginald and possibly make him your companion, please come by the shelter.

The adoption fee for a cat is \$136.00 and \$173.00 for a dog. All animals are spayed and neutered, have age appropriate vaccinations, and are micro-chipped with lifetime registration and licensed (Fremont residents only). Cats are tested for Feline Aids and Leukemia prior to adoption. We also perform an extensive behavior evaluation on dogs, which helps us make a good match.

We have a discounted rate for seniors; \$112 for cats and \$149 for dogs. Rabbits are available for adoption for \$35.00 and are spayed or neutered and microchipped.

Licensing: All dogs and cats living in Fremont require a current rabies vaccination and a current license.

The licensing office is open Tuesday – Friday, 9:00 a.m. – noon and 1:30 p.m. - 4:00 p.m. Seniors over 60, receive a discount on their pet's license fee. The license is good for the same term as the rabies vaccine. A 50% discount on the license fee is applied, if your dog or cat is spayed or neutered. Please call the Fremont Pet Licensing Department at 510-790-6644 for license terms and rates.

Legacy of a Local Artist

Retirement sale offers unique buying opportunities

SUBMITTED BY LAUREN N. KOHLI

I think that the first moment I knew my dad was a little different than others was in third grade, when we were asked to give a “how to” presentation to the class for Demonstration Day. While other students showcased how to draw a horse or bake muffins, I came to school with a pair of safety glasses and grozier pliers, and proceeded to demonstrate how to properly score and cut a sheet of glass. Growing up in a glass shop in downtown Niles provided a wealth of unique skills (and a penchant for eating slices of cheese pizza from Bronco Billy's Pizza Palace, a habit I find hard to break years later and cities away).

When Loren English, my father and owner of The Glass Works in downtown Niles, decided to leave his job as a national sales manager for Motorola and pursue a career in art glass, there would have been no way for him to predict the number of lives he would touch through his artistry. What began as a garage hobby to balance effects of job-related stress led to a 39-year career bringing inspiration to life. English's first big commission was St. Anne's Church in Union City, and he has since been commissioned to create and repair windows for numerous churches, including Memorial Church at Stanford University. He recalls being awed by the age and history of magnificent multi-colored stained glass windows, and the artisans who up to a century earlier. His singular goal, to leave the object as if untouched. Customers have appreciated English's passion for excellence, designing and creating one-of-a kind pieces.

English (and his wife Betty), have worked side-by-side as owner/operators of The Glass Works for nearly 40 years. Their downtown shop is lined with custom creations, carefully hand-crafted

following the legacy of old-world masters. Shelves are stocked with beautiful, hard-to-find glass and supplies. Over the years, English also set himself apart as one of the only contractors in Northern California offering re-silvering for antique mirrors and custom glass bends for cabinets and windows, that he creates in a kiln he built himself. He takes pride in his ability to build or repair just about anything, from custom wood cabinets to rewiring a persnickety hairdryer in my high school days. He was active in the Fremont Chamber of Commerce, and served on the Niles Merchants Association for many years, working to build Niles into the destination community that it is today.

Having downtown Niles as my playground in my formative years taught me many things, but some of the most important lessons in life, I learned directly from my dad... look at a project carefully, from all perspectives, and take your time to build something that adds value to the world. Reuse and refinish, instead of buying new. Be a good neighbor and give back the community.

While my mom and dad have decided to retire, their legacy has been permanently woven into the fabric of the Bay Area. My family is excited to welcome the public into their store one last time before closing the doors. Woodworking and metalworking tools, stained glass tools and supplies, shelving and furniture, building supplies, custom glass pieces, antiques and many other treasures are available for purchase on May 6 and May 13, 11 a.m. to 4 p.m. We look forward to seeing you there.

Don’t toss those broken household items, fix them!

Volunteer coaches will work with people to help them repair broken household items at a Fixit Clinic in Union City.

ARTICLE AND PHOTOS SUBMITTED BY UNION CITY

Before you throw it away, let’s try to fix it together! A free, family-friendly Fixit Clinic for household items is planned for Saturday, May 13 at the Union City Library.

Sponsored by Union City Recycles, Alameda County Library, and Stopwaste, the clinic’s goal is for people to succeed in fixing a valuable or sentimental item which previously was destined for the waste bin. Even if the item ends up not being fixable, participants will have at least gained the knowledge and confidence to help with future repair projects.

Participants are encouraged to bring their old broken toaster, coffee maker, electronic device, toy, clothing, fabric, or other household item and learn “hands-on” how things work and

how to repair them. Items must be carry-in only.

Clinic organizers will provide the workspace, tools and coaches to support participants through the process of trouble shooting and hopefully getting a favorite household item back in working order.

The event is free, but registration is required. Visit the Fixit Clinic website at www.fixitclinic.org then click on “Attend Event” or contact the Union City Recycling Programs Coordinator, Jennifer Cutter, at (510)-675-5353, jenniferc@unioncity.org.

May the 4th be with you

SUBMITTED BY GIVETEENS20

On May 4th, GiveTeens20 will participate in East Bay Gives, a 24-hour-online giving blitz celebrating the generosity of the Bay Area. GT20 has set a goal of \$10,000 to be raised through this program, and we have a matching fund grant for the whole amount!

We are raising funds for the following:

- The no-cost GT20 in-class presentation will be available to 2,000 more high school students in 2017
- Production of additional GT20 4-minute Career Videos that provide a road map for teens navigating onto career paths
- Production of our Financial Literacy Video Series where we are partnered with Microsoft and Charles Schwab

Vino con Amigos

SUBMITTED BY NEW HAVEN UNIFIED SCHOOLS FOUNDATION

Union City Kids’ Zone, Vino Latino, and the New Haven Unified Schools Foundation invite you to our 2nd annual “Vino con Amigos” charity event. Our school district and community has a growing number of displaced families and this is our only fundraiser of the year to help families who have emergency needs.

Union City Kids’ Zone promotes “cradle to career” success by engaging and empowering children, youth and families in the Decoto community to use their full potential. We are a partnership of families, schools, community, and public and private organizations working together to foster empowerment, quality education, wellness, and economic opportunity.

The \$30 VINO con Amigos ticket includes tacos, chips and salsa, wine tasting, dessert, live music performance, and a keep-sake wine glass. Come learn the stories behind six different Latino-based wines and sample each one. Be surrounded by friends for a night of fun as we bring wine country to Union City for a great cause!

Please RSVP at kidszone@nhusd.k12.ca.us or (510) 476-2770.

Vino con Amigos
Friday, May 5

Grab a plate and help fund youth education programs

Milpitas Rotary President Hon Lien celebrates the group’s successful 2016 Gala Fundraising Dinner.

SUBMITTED BY FRANK DESMIDT

Following the success of its first Fundraising Dinner for Youth Education last year, Milpitas Rotary Club is bringing out the dinner plates again. But this year’s event is much more than a delicious seven course Vietnamese cuisine dinner. It will include silent and live auctions, a raffle drawing, music, dancing and plenty of networking opportunities according to Rotary President Hon Lien.

Funds raised from the event will benefit the Youth Education Project which serves students in the Milpitas area and in Vietnam.

The gala event is set for 6 p.m. Saturday, May 13 at Ta Restaurant in Milpitas. Because dinner tickets sell out quickly, Lien suggests people call to reserve

tickets as soon as they can. Tickets are \$75 and are available by calling Lien at (408) 439-1207.

Milpitas Rotary is a part of Rotary International a worldwide service organization that boasts more than a million members whose focus is building local communities through education and humanitarian services.

Find Kid Scoop on Facebook

© 2017 by Vicki Whiting, Editor Jeff Schinkel, Graphics Vol. 33, No. 21

With the weather getting warmer, my pal Fritter decided to open a refreshment stand to make some money.

MENU

Lemonade	\$1
Cookie	25¢
Kid Scoop	\$1.50
Peanuts	75¢
Banana	30¢

What could you buy from **Fritter's Refreshment Stand** with this exact amount?
\$2.05

Refreshing Change

Fritter has been saving towards a summer visit to **Six Wags Amusement Park**. His goal is to save and earn a total of \$100. Fritter is now up to \$97.50!

Make Change!

Can you help Fritter count out the correct change for his customers?

Tonya bought a glass of lemonade plus two cookies. She paid with two dollars. Circle the coins Fritter should give her in change.

.....

Lien-hua bought a bag of peanuts, a glass of lemonade and a copy of *Kid Scoop*. She paid with a \$5 bill. Circle the bills and coins Fritter should give her in change.

To Coin a Word

Each picture below represents a slang word for money. Can you guess what each one is?

ANSWERS: Bread, dough, clams and buck.

Did you know?

Ever hear "A penny saved is a penny earned"? Well, to become a millionaire, you'd have to save lots of pennies! In fact, a stack of \$1 million's worth of pennies would rise 95 miles high!

If you stacked all of the pennies made in the U.S. in one year, you would get a stack more than 6,000 miles high!

Exchange Change

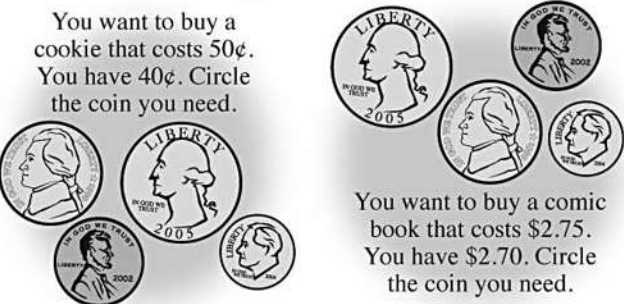

Look for the price of the newspaper on the front page. Draw the coins you need to pay for the newspaper. How many different ways could you use coins to pay for the paper?

Standards Link: Measurement: Solve real world problems involving computation with cents.

Kid Scoop Puzzler

Which coin do you need?

You want to buy a cookie that costs 50¢. You have 40¢. Circle the coin you need.

You want to buy a comic book that costs \$2.75. You have \$2.70. Circle the coin you need.

You want to buy an apple that costs 35¢. You have a dime. Circle the coin you need.

Double Double Word Search

Find the words in the puzzle. Then look for each word in this week's Kid Scoop stories and activities.

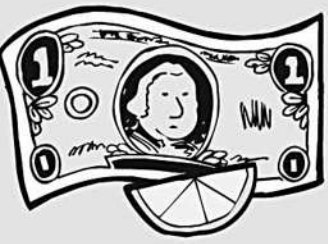

AMUSEMENT	E T I R O V A F E A
SATURDAY	Y G N I N R A E M G

TOTAL	S T E A D G D S U P
GOAL	
DIME	
COIN	
WORK	
HOOR	

Standards Link: Letter sequencing. Recognized identical words. Skim and scan reading. Recall spelling patterns.

FROM THE KID SCOOP LESSON LIBRARY

Newspaper Success Stories!

Find an article from the newspaper about a person you believe has achieved success. It might be an athlete, actor, business person or community volunteer. List why they are being recognized. List what you think that person had to do to reach this success.

What do you get when you combine a lemon and a dollar bill?

ANSWER: Sour dough.

Write On!

The Money Tree

Imagine you found a money tree. What would it look like? How would you take care of it? What would you do with the money?

Kid Scoop Together:

Dollars and Cents Challenge!

Work with a partner at home to complete the following dandy Dollars and Cents Challenges!

Name: _____

Name of Learning Buddy: _____

1. Look through the newspaper for five or more numbers that represent money. Cut these out and glue them on the box below in order from smallest to largest:

2. Give each letter of the alphabet a money value. Starting with A = 1¢, B = 2¢, C = 3¢ and so forth until Z which equals 26¢. Using these letter values, add up the "value" of each word in the headlines on the front page of the newspaper.

Which word is the "most expensive?" Cut it out and glue it here:

Word Value: \$ _____

Which is the "least expensive?" Cut it out and glue it here:

Word Value: \$ _____

3. Look at the sports news. Find and circle ten or more numbers. Calculate the sum and the average of these numbers.

What a Character!™ Responsibility is ...

... spending money wisely.

Kid Scoop VOCABULARY BUILDERS

This week's word: **EARN**

The verb **earn** means to obtain in return for labor or services.

Fritter could **earn** money by looking after a puppy.

Try to use the word **earn** in a sentence today when talking with your friends and family.

Spring Fling fashion supports local charities

TRI-CITIES WOMEN’S CLUB

The Tri-Cities Women’s Club held their annual “Spring Fling” on April 18, 2017 at the Elks Lodge in Fremont. The event featured a luncheon and fashion show by Dress Barn, with raffle prizes and gifts donated by local businesses. More than 170 guests enjoyed the presentation of spring fashions from Dress Barn; but the highlight of the day was the group of men from Centerville Presbyterian Church who served the lunch,

making the members and guests feel very special. The Tri-Cities Women’s Club has raised money for local charities for more than 54 years, including Meals on Wheels, Shelter Against Violent Environment and the Tri-City Homeless Coalition. This year the proceeds from the “Spring Fling” will go to Kidango, a full-day and part-day preschool program that helps prepare the children academically for a lifetime of learning, while focusing on the child’s social development and overall well-being. The Tri-Cities Women’s Club, originally known as the Newcom-

ers Club, was organized in 1963 by a group of women whose main objective was to promote friendship among women in the area. The club, which has more than 80 members, meets from September through June at the Fremont Elks Lodge on the third Tuesday of each month. We have several social groups: Book Club, Bridge Marathon, Card Groups, Mini Tours, Walking Group, Let’s Do Lunch, Rummikub and Bocce Ball. Please give us a call at 925-201-7487 or 510-793-4168 if you are interested in learning more about our organization. We would love to hear from you.

Swalwell announces 2017 nominees to U.S. service academies

SUBMITTED BY JOSH RICHMAN

Rep. Eric Swalwell (CA-15) held a reception on April 24 in Pleasanton to honor nine students from the 15th Congressional District whom he has nominated to the United States Service Academies. “These young people, among our communities’ very finest, now are making a solemn commitment to serve and protect our nation,” Swalwell said after the reception for the nominees and their families at Pleasanton’s Veterans Memorial Building. “America’s military service academies are among the world’s top educational institutions, but also have earned their reputations for developing character and encouraging physical achievement. California’s 15th District should be proud of these nominees, and I expect they will continue making us proud for many years to come.”

Ryan M. Warren, 17, of Hayward, graduating from Castro Valley High School in Castro Valley, will attend the U.S. Naval Academy at Annapolis, Md. Ryan is president of his school’s Academics for Athletes club, maintains a rigorous academic schedule, and is captain of his JV baseball team

Michael E. Leonard, 18, of San Ramon, graduating from California High School in San Ramon, will attend the U.S. Air Force Academy near Colorado Springs, Colo. A four-sport athlete earning varsity letters in both cross country and track and field, Michael was the 10th-grade top performer in track and field, finishing the 800-meter in 2:01.

Fabio Salvioni, 18, of Pleasanton, graduating from Foothill High School in Pleasanton, will attend the U.S. Air Force Academy near Colorado Springs, Colo. Fabio was a North Coast Section Scholar Athlete in 2013, 2014 and 2015; a Foothill High academic letter holder in 2015; and an Advanced Placement Scholar with Distinction in 2016.

Jonah Ong, 18, of Pleasanton, graduating from Foothill High School in Pleasanton, will attend the U.S. Naval Academy at Annapolis, Md. As a member of the varsity swimming team, he won the California State Championships in 2016 as well as the North Coast Section Championships in 2015 and 2016.

Jonathan R. Liu, 18, of Pleasanton, graduating from Amador Valley High School in Pleasanton, will attend the U.S. Military Academy at West Point, N.Y. Jonathan is a varsity wrestler and has obtained his second-degree black belt in taekwondo. He plays the electric guitar for his church and is involved in its youth group.

Jae Y. Kim, 18, of San Ramon, graduating from Dougherty Valley High School in San Ramon, will attend the U.S. Naval Academy at Annapolis, Md. Jae was born in Seoul, South Korea and moved to the United States in 2001. Jae decided to give up his dual citizenship status, and instead pursue a career in the U.S. Navy.

Samuel R. Lee, 18, of Union City, graduating from Redwood Christian High School in San Lorenzo, will attend the U.S. Air Force Academy near Colorado Springs, Colo. Samuel has served as his school’s junior-class secretary and is currently the senior-class president. He also is the varsity cross country team captain while maintaining a heavy schedule of Advanced Placement classes.

Joshua D. Ott, 18, of Pleasanton, graduating from Amador Valley High School in Pleasanton, will attend the U.S. Air Force Academy near Colorado Springs, Colo. Joshua placed second in mechanical engineering at the Alameda County Science and Engineering Fair, and is a student board representative at his high school.

Andre Lusan, 18, of Hayward, graduating from Bishop O’Dowd High School in Oakland, will attend the U.S. Military Academy Preparatory School in West Point, N.Y. He has played soccer throughout his time in high school, including varsity for two years. Andre has a passion for photography and has served as vice president of his school’s Ski Club.

Solving problems around the world

Winners of “worldwide” Math and Logic contest

SUBMITTED BY RAJ MITTAL

The Milpitas Youth Advisory Commission sent an announcement for third through eighth grade students to take a virtual trip of all seven continents. Held at the Barbara Lee Senior Center on April 14, 2017, a crowd of enthusiastic young contestants

arrived to test their skills in this “global” challenge. On each continent, participants were asked to solve math and logic problems; grade group specific - 3rd/4th, 5th/6th, 7th/8th. To be eligible for top recognition, a one hour time limit was set for participants to visit all stations.

Discover the latest innovations in traffic control and safety

BAY AREA TRAFFIC SOLUTIONS HOSTS THIRD ANNUAL EXPO
SUBMITTED BY JANELLE EVANS

Join us, the Bay Area Traffic Solutions (B.A.T.S.) as we showcase how our local company has evolved to provide traffic control services across the Golden State to keep our roads and streets safe. We will demonstrate some the latest advancements in the field of traffic safety, display how we are helping keep our construction zones protected, hear from traffic safety experts and showcase the best traffic control products in the market. There will be demonstrations by industry and more than 12 vendors, including: traffic control plans. the art of “flagging,” lane and road closures demos, construction area traffic control and signage including scorpion trucks, barricades, signs, and cones. Road traffic control involves directing vehicular and pedestrian traffic around a construction zone, accident or other road disruption, thus ensuring the safety of emergency response teams, construction workers, and the general public. Traffic control is a lot more complicated than it might seem, and any workers performing the task must be aware of local and federal guidelines, proper safety equipment, and the best methods of communication to avoid potentially fatal hazards. We also want to show our appreciation to our clients and community by providing a free day of entertainment with food and drinks, live music, raffles, and big door prizes. Plus, a special appearance by Justin Ellis, Defensive Tackle for the Oakland Raiders along with the Raiderettes.

Cinco de Mayo Celebration

SUBMITTED BY TERESA MEYER

Mayor Pauline Russo Cutter and the San Leandro City Council invite the community to the City’s 19th annual “Cinco de Mayo Celebration,” on Friday, May 5 at Civic Center Plaza in front of the Police Department Building. The fiesta promises to be a fun celebration of Mexico’s culture and traditions. Light refreshments will be available free of charge and additional food for purchase. The event is free and open to the public. The highly popular event will feature mariachi music, regional Mexican Aztec dances, and theatrical performances, which will be performed by the Ballet Folklorico Costa De Oro. Children will also have the opportunity to make traditional Mexican arts and crafts. Spanish translation, and an ASL sign language interpreter will be available.

This event was made possible by the City of San Leandro and donations from several local businesses and individuals, including: Juan Martinez, the Optimist Club of San Leandro, Ballet Costa de Oro, Mariachi Halcones de Oakland, El Gran Taco, Guadalajara Bakery, Los Pericos, and Roccab’s Cafe and Deli. For more information, contact Lydia Rodriguez, Recreation Supervisor at (510) 577-3477 or lrdriguez@sanleandro.org.

Saving lives and celebrating life

PHOTO BY
VICTOR CARVELLAS

The American Cancer Society is on a mission: to save lives and celebrate life. Every single day. They are aided in this goal by communities around the world who take part in the world's largest volunteer-based fundraising event – Relay For Life.

Relay is a powerful tool, a time when stranger and friends band together, forming teams and donning purple to strike back at cancer. Teams gather at local schools or parks for up to 24 hours to walk or run around a track, raising money for cancer research. After an Opening Ceremony, cancer survivors take the first lap of the day, followed by a Caregivers Lap. Teams have a member on the track at all times to show that cancer never sleeps.

When darkness falls, the Luminaria Ceremony is held. Candles light personalized bags that represent a loved one lost to cancer, those currently fighting the disease, and honoring survivors. This ceremony is an opportunity to grieve, but also symbolizes hope and perseverance, with an eye toward a cancer-free future.

Food, games, and activities are also part of the event, with plenty of fun opportunities to take part and donate to the cause.

Tri-Cities events begin at Moreau Catholic High School on Friday, May 12 and continue in communities throughout the summer. Dog lovers can even get in on the action with Bark For Life of Hayward, a fun-filled day with man's best friend that includes demonstrations, contests, and games.

Join Relay For Life and your local community to support the fight against our biggest health threat.

To learn more, contact your local city representative or register online at <http://relay.acsevents.org>. Learn more about the American Cancer Society at www.cancer.org.

THEATER

Get your ‘Plaid’ on

SUBMITTED BY
TERRY SULLIVAN
PHOTO BY JESS HUTCHINS

“Forever Plaid” is one of the most popular and successful musicals in recent memory. This deliciously goofy revue centers on four young, eager male singers killed in a car crash in the 1950s on the way to their first big concert. They are miraculously revived for the posthumous chance to fulfill their dreams and perform the show that never was. Singing in the closest of

harmony, squabbling boyishly over the smallest intonations and executing charmingly outlandish choreography with over-zealous precision, the “Plaids” are a guaranteed smash. A program of beloved songs and delightful patter keeps audiences rolling in the aisles when they’re not humming along to some of the great nostalgic pop hits of the 1950s. Songs during the course of the musical include: “Three Coins in the Fountain,” “Moments to Remember,” “Perfidia,” “Cry,” “Sixteen Tons,” “Chain Gang,” “Catch A Falling Star,” “Heart

and Soul,” “Lady of Spain,” and “Love is a Many Splendored Thing.” The Tri-Valley Repertory Theatre presents “Forever Plaid” at Hayward’s Douglas Morrisson Theatre (DMT) Friday, May 6

through Sunday, May 21. Produced by Kathleen Breedveld with direction/choreography by Todd Aragon and musical direction by Cary Litchford, “Forever Plaid” stars Jordan Smith (Sparky), Matthew Kelly

(Smudge), Jesse Garcia (Jinx), Glen Riggs (Jinx May 13 and 14), and Ron Houk (Francis). Tickets are available online at www.dmtonline.org, by phone at (510) 881-6777 or at the DMT box office. For more details, visit www.trivalleyrep.org/shows/forever-plaid.

'Sanctuary Jurisdictions' safe for now

SUBMITTED BY LAUREL ANDERSON

In a historic ruling issued April 25, 2017, U.S. District Court Judge William H. Orrick granted the County of Santa Clara's request to temporarily enjoin President Trump and his administration from enforcing an Executive Order provision that would withdraw all federal funding from the County and jurisdictions across the country deemed "sanctuary jurisdictions."

The County of Santa Clara was the first jurisdiction in the country to seek this emergency relief based on the immediate harms and coercion caused by the President's January 25, 2017 Executive Order. The City and County of an Francisco subsequently sought a similar injunction.

Judge Orrick held that "the Counties have demonstrated that they are likely to succeed on the merits of their challenge to Section 9(a) of the Executive Order, that they will suffer irreparable harm absent an

injunction, and that the balance of harms and public interest weigh in their favor." He explained that "the Government's new interpretation of the Order is not legally plausible" and granted the County's motion for a nationwide preliminary injunction.

"The politics of fear has just suffered a major setback, thanks to Judge Orrick and our judicial branch, along with the support of cities and counties across the country," said Dave Cortese, President of the Santa Clara County Board of Supervisors. "Millions of people across the country can continue to receive essential medical care, go to school and remain active members of their communities without fear that their local governments are being forced to work against them, rather than for them."

"We're fighting for the United States Constitution and we succeeded after the Trump Administration tried to do an end run around it. The court's decision is a win for the neediest people in our nation—seniors in need of food, foster youth in need of shelter, and children who need

medical care," said Santa Clara County Supervisor Cindy Chavez. "We will continue being a welcoming, safe, and diverse community."

Despite federal government threats of defunding, the County of Santa Clara has not changed its immigration-related policies, including those that ensure that County resources are not used for federal immigration enforcement purposes.

"Today's decision is a historic affirmation of the U.S. Constitution's core principles—that the President cannot usurp powers not given to him, and that the federal government cannot use federal defunding to coerce local governments into becoming federal immigration enforcers," said County Counsel James R. Williams.

The Office of the County Counsel, joined by pro bono counsel Keker, Van Nest & Peters LLP, will seek to ensure that the temporary relief granted—obtained due to the immediate harms the County faced—is made permanent.

"This decision is a critically important step in ensuring that a constitutionally infirm Executive Order is ultimately struck down," said Cody Harris, a partner at Keker, Van Nest & Peters.

During the hearing on the County's motion, Judge Orrick thanked amicus participants for their involvement in the case. All fifteen amicus briefs filed, representing more than 240 individuals and entities, supported the County of Santa Clara. Amici included the State of California; cities, counties, sheriffs and police chiefs from around the United States; school districts representing over one million California students; civil and immigrant's rights groups; unions; law scholars, non-profit service providers, and technology companies.

The County's lawsuit challenges the constitutionality of the Executive Order, arguing that it violates the separation of powers, the Fifth Amendment's Due Process Clause, and the Tenth Amendment.

SPORTS

Cal State East Bay adds six women swimmers

SUBMITTED BY
STEVE CONNOLLY
PHOTO COURTESY OF CAL
STATE EAST BAY ATHLETICS

Cal State East Bay (CSUEB) head women's swimming coach Shane Pelton recently announced that six standout student-athletes have been signed for the 2017-18 season.

The new swimmers will include Allie Klinger, from Bentwood, California. She will transfer from San Diego State University to compete as a sophomore. Meanwhile, Serene Augustain, from Queen Creek, Arizona; Siera Kling, from Chandler, Arizona; Peyton Wayment, from Littleton, Colorado; Sofia Moufarrej, from Livermore and Tatum Roepke from Sacramento, will all join the Pioneers as freshmen in the fall.

"I am really excited to see what the future holds for this recruiting class," Pelton said. "Our team had a great year — one of the best in program history — and now it's time to build off that. This class is going to play an integral part in the future of East Bay Swimming."

A Bay Area native who prepped at Heritage High School and will study Nursing at CSUEB, Klinger headlines the list of 2017-18 newcomers after spending one year swimming for the Division I Aztecs. A tremendous sprinter, Klinger's top times in the 50 Free (23.54), 100 Free

(51.24), and 100 Fly (55.03) would all rank among the fastest in the Pacific Collegiate Swim Conference (PCSC) this season.

"We are extremely fortunate to have Allie coming home to compete at East Bay," Pelton added. "It's exciting to have a swimmer of her caliber joining us with three years of eligibility still left. She has a chance to blossom into a special athlete."

Augustain is a freestyle specialist now completing her senior year at Basha High School in Chandler, Arizona. She has posted personal best times of 53.66 in the 100 Free, 1:53.52 in the 200 Free, 5:03.58 in the 500 Free, and 10:37.60 in the 1000 Free.

Another out-of-state recruit, Wayment will join the Pioneers from Chatfield High School in Colorado. Long distance swimming is her specialty, as she has posted top times of 1:54.88 in the 200 Free, 5:01.54 in the 500 Free, and 10:30.09 in the 1000 Free. Her current PR of 17:29.60 in the 1650 Free is faster than CSUEB's school record.

"Serene and Peyton will immediately be major contributors to in our mid-distance and long distance races," praised Pelton. "Serene can swim everything from the 50 to the mile, while Peyton is strongest in the longer distances. Both are coming in with times that are close to our current program records."

Roepke is a senior at Saint Francis High School in Sacra-

mento and hails from the same club team as current Pioneer All-American Morgan McClure. She excels in the sprints and short distance strokes, and will begin her collegiate career with personal bests of 24.59 in the 50 Free, 53.91 in the 100 Free, 57.54 in the 100 Fly, and 58.70 in the 100 Back.

Kling makes it two Arizona natives in the 2017-18 class of recruits as she wraps up her senior year at Chandler High School. Kling is extremely versatile with strong times across several events and distances. She comes to CSUEB with top times of 53.60 in the 100 Free, 1:55.65 in the 200 Free, 5:15.17 in the 500 Free, 58.12 in the 100 Fly, and 2:11.71 in the 200 IM.

Finally, local product Moufarrej joins the Pioneers from just over the East Bay hills at Granada High School in Livermore. In addition to posting solid freestyle times, she is particularly strong as a mid-distance flyer, notching personal bests of 54.56 in the 100 Free, 1:57.31 in the 200 Free, and 2:07.12 in the 200 Fly.

Tatum, Siera, and Sofia will add depth and versatility to our program, especially in the butterfly races," Pelton noted. "I believe the potential is through the roof for all three of them. Once we get them here in the fall and start training, I think this class is going to really excel."

Baseball

Vikings hitting outscores Cougars

SUBMITTED AND PHOTOS BY
MIKE HEIGHTCHEW

The Irvington Vikings (Fremont) varsity baseball team beat Newark Memorial's Cougars 5-2 on April 28th with a good display of hitting. Starting their attack in the third inning with two runs, the Vikings continued with three more in the fourth, fifth and seventh. Good Vikings defensive infield plays assured continuation of the lead even though the Cougars made a late inning offensive charge to challenge the game outcome.

Lady Titans hitters outscore Lady Vikings

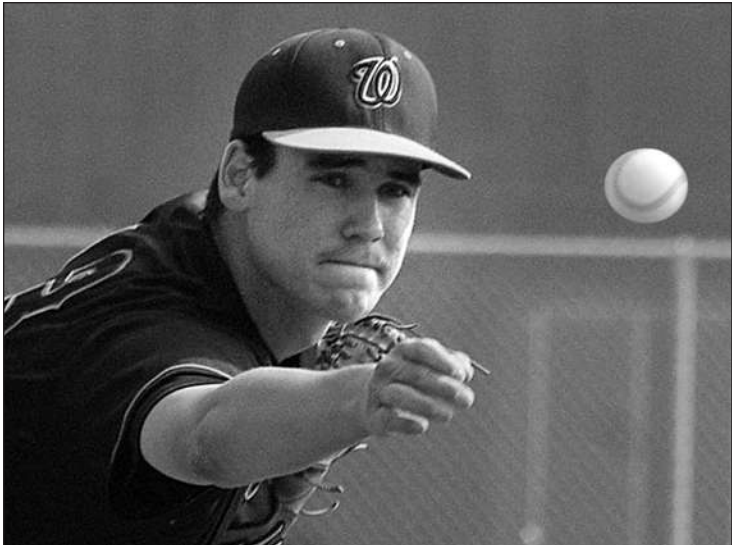

Softball

SUBMITTED AND PHOTOS BY MIKE HEIGHTCHEW

The John F. Kennedy Lady Titans (Fremont) displayed strength at the plate as they opened an early lead and kept it in their April 25th meeting with the Lady Vikings of Irvington High School (Fremont). Although the Lady Vikings fought hard to stay in the game with great defensive plays, it was a Titans day on the diamond.

Huskies late inning rally beats Warriors

Baseball

SUBMITTED AND PHOTOS BY MIKE HEIGHTCHEW

The Washington Huskies (Fremont) varsity baseball team pulled out a hard-fought victory late in their April 26th meeting with the Mission San Jose Warriors (Fremont) with runs in the fifth and six innings. An early lead by the Warriors courtesy of three runs in the fourth inning was erased by the Huskies sprint at the end as both teams fought for the victory to the last out. Final score: Huskies 4, Warriors 3.

CSUEB women add four standout prep runners

SUBMITTED BY STEVE CONNOLLY

Cal State East Bay head women's cross country and track coach Tony Nicolosi has announced the signing of four stand-out high school runners for the 2017-18 season. Makenna Duda (Trabuco Canyon, Calif.), Claire Fisher (Temecula, Calif.), Rosalva Quevado (Bakersfield, Calif.), and Angelina Ronquillo (Bakersfield, Calif.) will all join the Pioneers as freshmen next Fall. "We are incredibly excited to have these women joining our program," said Nicolosi. "All of them have proven to be tremendous competitors in California and we expect they are going to

immediately make our team stronger. This class will be a cornerstone group as we try to build towards returns to the national championship meet in cross country." Duda is a senior at Trabuca Hills High School and has posted top times of 17:33 in the 3-Mile and 5:13 in the 1600. She was named Most Improved Runner in her first year with the team, and by the time she was a senior, she was voted Most Valuable Runner. Duda is a two-time First Team All-County honoree and led Trabuca Hills to the Orange County title this past year. Fisher is in the midst of her senior season at Temecula Valley High School. She has turned in times of 5:31 in the 1600 and 12:10 in the 3200, and also notched a PR in the 3-Mile at the Woodbridge Cross Country Classic with a time of 19:04. One of two Bakersfield natives in the 2017-18 class, Quevado is a senior at Mira Monte High School. She has been a standout for both the cross country and

track and field squads, and also competed on the soccer team. She was named "Most Important Runner" twice and "Most Inspiring" once for the track team. She also earned the latter award three straight years for cross country. Quevado has posted top times of 5:28 in the 1600, 12:15 in the 3200, and 18:37 in the 3-Mile. Finally, Ronquillo is wrapping up an outstanding prep career at California South High School, having posted times of 5:23 in the 1600 and 17:29 in the 5k. She placed 30th out of more than 200 runners this past fall at the 2016 CIF State Cross Country Championships. This quartet will highlight a young CSUEB squad next Fall. The Pioneers will graduate three of their top distance runners in Sarah Perrin, Kelsey Lamb, and Kandace Compton this Spring, and they return just one senior in Dana Pollard. Similar to his men's team, second-year coach Nicolosi will look to build the women's program around a young, talented core.

Ohlone Renegades baseball on a tear

ARTICLE AND PHOTOS SUBMITTED BY DON JEDLOVEC

Ohlone is red hot and is on a tear of late. With the men's baseball team's April 27 win over Canada College, the Ohlone Renegades have the best record in the California Community College Athletic Association and are at the top of the Coast Pacific Conference. The Renegades are ranked third in the state. The last time they won the State Championship was in 2010 and they are one of the favorites to do it again this year.

Union City City Council Meeting

April 25, 2017

Proclamations and Presentations:

- Proclamation recognizing Knights of Columbus
- Proclamation recognizing Sahlee Egipto for service on Human Relations Commission
- Proclamation recognizing Helen HSU for service on the Human Relations Commission
- Proclamation recognizing Yesenia Molinar for service on the Human Relations Commission
- Proclamation recognizing Affordable Housing Week.

Consent Calendar:

- Appoint Harris Mojadedi to serve on Planning Commission.
- Create PARS Pension trust fund.
- Create a special revenue fund for rent mediation/eviction protection and appropriate a transfer of \$56,000 from unassigned general fund reserves to the rent me-

diation/eviction protection fund.

- Amend the memoranda of understanding on EPMC and cost-sharing as approved by California Public Employees’ Retirement System.

- Accept grant funding in the amount of \$64,476.77 from the Board of State and Community Corrections for homeless outreach, crisis intervention and gang resistance education.

- Authorize the city of Union City to withdraw from the Memorandum of Understanding between the cities of Newark and Union City for the combined Special Weapons and Tactics team.

- Declare city council intention to authorize the annexation of territory to community facilities district.

Fremont voting district plan advances

Community asked to weigh in

SUBMITTED BY
CITY OF FREMONT

On March 21, 2017, the City of Fremont adopted a resolution of intention to transition from an at-large to a district-based councilmember election system with six districts. The City has already held two of the five required public hearings where the Fremont City Council and community provided input on the criteria to guide the development of the district boundaries. Using this input, draft district maps have now been drawn, and the third and fourth public hearings will allow the public the opportunity to provide further input regarding the proposed district boundaries and the potential sequence of elections. The Mayor will still be chosen by the electorate on a citywide basis.

The preliminary set of draft election district maps have been drawn to divide the City of Fremont into sub-areas and include highways, major roads, creeks, and railroads as recognizable boundaries, when possible. These maps reflect public comments and direction from the Fremont City Council.

The Fremont City Council will consider and the public will pro-

vide input on the draft district maps and potential election sequencing at the third public hearing which is scheduled for Tuesday, May 2 at 7 p.m. The public hearing is part of the regular City Council meeting, which will be held at 3300 Capitol Ave., Building A in the Council Chambers.

Comments from the third public hearing will be used to modify the current draft maps, or create new maps, if required. Any amended or new maps will be published on May 9, seven days prior to the fourth public hearing that is scheduled for May 16, 2017 at 7 p.m., and will continue the conversation around the content of the draft maps and the proposed sequence of elections. At the fifth and final public hearing, the Fremont City Council will vote to consider an ordinance establishing district-based elections.

For more information and to view the draft district maps, visit www.Fremont.gov/DistrictElections. Community members are also invited and encouraged to share input, comments, and feedback by email at districtelections@fremont.gov. Comments received will be shared with the Fremont City Council as part of the public feedback at the hearings.

Fremont Street Eats returns May 5

TAKES FROM SILICON VALLEY EAST

Food Tech, Automation, and Internet of Things

BY SHAWN LANGE

A lot can be said about the impact of automation in manufacturing. But what often goes unsaid is that automation equipment itself is a burgeoning industry. These days, Fremont finds itself as somewhat of a ground zero for this industry given the robust manufacturing and supply chain activity that’s found here. Some of the biggest names in robotic equipment and integration are operating right here in Fremont, and L2F is a prime example. We recently caught up with co-founder and CEO Shawn Lange to get a better sense of the key trends in manufacturing automation, and the company’s particular niche in food tech.

Can you describe what L2F does and how it fits into the manufacturing ecosystem?

SL: L2F designs and builds custom robotic manufacturing equipment with a focus on helping hardware based start-ups move their concepts from the laboratory to full-scale fabrication (Lab2Fab™). Our vision is to bring Silicon Valley culture and innovation to the world of industrial automation.

What are some key industries that you support and/or projects that you are most known for? Any favorites?

SL: We do a lot in automotive, aerospace, solar, and semiconductor, but we’re best known for our work in food with Zume Pizza and CafeX being two prominent clients. We can’t name all of our clients, but we’ve automated production processes for chocolate, fruit, and ramen noodles, to name a few. Food tech is fun to work on because the impact of our efforts is so immediately clear. Some people like to say that L2F stands for Land2Fork. We’re helping bring

fresh, quality food to the masses and that’s exciting to get behind.

How much is automation contributing to the growth of Internet of Things (IoT) and the recent resurgence of local/regional manufacturing?

SL: Automation is at the heart of IoT growth because it requires the use of sensors, controllers, and intelligent devices that are all inherently ready to pump out data. However, many manufacturing facilities still use pen and paper to collect plant-floor data, if they collect much data at all. That’s why we’re starting to hear the phrase IoT a lot now, or Industrial Internet of Things.

At L2F, all of our machines come with the ability to connect to the outside world (unless our client doesn’t want it). The immediate impact for our clients is remote maintenance and monitoring. However, predictive maintenance is the next step. Preventative maintenance is where equipment is maintained/serviced on a regular interval (like your car, every 5,000 miles or so).

Predictive maintenance collects real-time data from plant-floor equipment and uses this to predict when a failure will occur. Maintenance is then scheduled at an optimum interval as opposed to a regular interval. Predictive maintenance will change the way equipment manufacturers service and support their tools.

What sectors do you see as L2F’s highest prospects for growth? What are the trends you are most mindful of?

Food, food, and more food. Particularly in automated kiosks and kitchens. Food tech is booming, Sand Hill Road is fully behind it, and we’re the most experienced robotics integrator in the field.

New EV requirements help reduce greenhouse gases

SUBMITTED BY CITY OF FREMONT

The City of Fremont has recently adopted green building standards that require residential and non-residential new construction projects and additions to include parking spaces that are “Electric Vehicle Ready.” Fremont’s specific EV Ready parking standards require that single-family residential projects include one EV Ready parking space per each dwelling unit and that all multifamily and non-residential projects include EV Ready parking spaces for 10 percent of the total number of new parking spaces. All EV Ready parking spaces must also be equipped with the EV charging unit.

Fremont currently boasts some of the highest EV ownership levels in the region. With over 5,000 EV drivers to date, Fremont represents one-third of all of the EVs in Alameda County, and Fremont’s 94539 zip code has more EV owners than any other zip code in California. Efforts to encourage the transition to cleaner vehicles such as EVs are a significant Fremont Climate Action Plan initiative. Since 2013, the conversion to zero-emission EVs has alone reduced local greenhouse gas emissions by over 20,000 tons of CO2. The new codes adopted by Fremont will provide additional opportunities for residents to charge their vehicles at home, at work, and at places of commerce, further encouraging the transition to electric vehicles and decreasing community greenhouse gas emissions.

Furthermore, home energy consumption in Fremont has decreased nearly 15 percent over the past four years, even with increasing numbers of residents plugging in their vehicles to charge at home. These energy reductions can be attributed to significant improvements in energy efficiency as well as the installation of over 2,800 rooftop solar electric systems to date. Ongoing residential climate action initiatives continue to provide opportunities for residents to reduce their greenhouse gas footprint while at the same time saving money. Such initiatives include efforts like the California Youth Energy Services “Green House Calls”, the SunShares residential solar and clean vehicle discount program, and the Fremont Green Challenge climate action engagement platform.

OPINION

WILLIAM MARSHAK

Ockham's Razor

Fremont is faced with a decision in preparation for conversion to district elections beginning 2018. As discussions have previously been focused on the number of districts and legal considerations, the demographer assisting the City has now created five maps (available for viewing at: www.fremont.gov) to begin the conversation about practical matters. Boundary lines will not only affect district priorities but also eligibility of those considering a future run for council. Within the legal confines of population equality required by law, districts should have something in common to give guidance to its representative. This can be construed as a recommendation that all districts have something in common with each other. An example would be dividing Transit Oriented Districts (TOD) between them. The complexity of such an assumption and gyrations necessary to do this (there are not six TODs in Fremont) would create boundaries that make little sense. Similarly, if the Ardenwood area is combined with the southern industrial section, what commonality would exist within that district?

Our councilmembers, longtime residents of Fremont, understand the City and, though shackled by population numbers that determine how districts form, can at least modify such anomalies.

With help from citizen input, a starting point for districts should focus on simplicity and common focus. A new census in 2020 will dictate changes but initially, cohesive and understandable boundaries need to be drawn so citizens can easily understand and identify with their district. Trying to modify boundaries to create equality of industry and residential components is unrealistic since some areas are concentrated nodes of such activity and others are not. Stretching lines into unusual shapes is the stuff of political gerrymandering, hopefully not the goal of Fremont. Although multiple current councilmembers may have residence in the same district, the decision facing Fremont should not favor any specific candidates in future elections.

Maybe a guy from the fourteenth century can help us with a twenty-first century problem!

William Marshak
PUBLISHER

Finding solutions to thorny problems is not a new challenge. Sometimes the process isn't a pretty sight and can be entangled in a multitude of possibilities, though many proposals may be obviously unrealistic. The search for a practical and amicable resolution can be vexing, much more convoluted and complex than necessary. English theologian, William of Ockham (1285-1349), grappled with the concept; his ideas were later coined as "Ockham's Razor." This idea is that when faced with a myriad of possibilities leading to the same result, a solution using the fewest assumptions can be presumed correct until proven otherwise. "What can be done with fewer [assumptions] is done in vain with more." Although there are some who would argue with its application in various disciplines, simplicity can at least create a starting point when confronted with a complex problem.

East Bay Regional Parks... After the Storms

BY DENNIS WAESPI

Although the winter storms caused a lot of damage in the East Bay Regional Parks, the district staff is hard at work cleaning up and getting ready for the summer season.

The bad news is that the storms caused millions of dollars in damage, such as flooding, road washouts, and fallen trees. Some of the trail damage is still being discovered as rangers and volunteers check remote parkland areas.

The good news is that cleanup and repair efforts are well under way, and the district is applying to the Federal Emergency Management Agency for funding assistance.

Del Valle Regional Park south of Livermore was among the hardest hit. Its reservoir, which is operated by the state, could not be drawn down, because of

flooding danger to downstream residents. So, the rising waters inundated beaches, picnic areas, lawns, campsites and the visitor center.

However, the waters have now subsided and much of the debris has been cleared away. The park reopened on April 15, and will be fully ready for summer recreation.

The Redwood Canyon Public Golf Course near Castro Valley was also hit hard as waters backed up from Lake Chabot. The plan to fully reopen the course involves removal of downed trees and silt, resetting bridges, repairing bunkers, ramps, paths and irrigation systems, and reseeding the fairways.

The golf course's driving range, bar/grill and event center are open every day, and the Meadows Restaurant is open on Friday and Saturday evenings.

For more information about the status of the golf course, call

510-587-8001. For up-to-date information on parks and trails, visit the Park District website at www.ebparks.org. On the home page under "Notices," click on "Storm Damage in Regional Parks," then click again on "current park conditions."

All the rain has resulted in a wildflower bonanza in the regional parks and elsewhere. Good parks for wildflower viewing include Sunol Regional Wilderness on Geary Road about five miles south of I-680 in southern Alameda County. Walk out Camp Ohlone Road and return on the Canyon View Trail.

Another good bet is Pleasanton Ridge Regional Park on Foothill Road in Pleasanton. Walk up the Oak Tree Trail to the Ridgeline Trail.

Farther north, climb the Briones Crest Trail from the Bear Creek Road entrance to Briones

Regional Park near Orinda. Or explore the Chaparral Loop Trail at Black Diamond Mines Regional Preserve at the end of Somersville Road in Antioch.

And don't miss the Memorial Day open house at Coyote Hills Regional Park in Fremont. It's from 10 a.m. to 4 p.m. Monday, May 29 at the visitor center, with lots of activities showcasing the park's natural and cultural history, which date back thousands of years.

Coyote Hills is at the end of Patterson Ranch Road off Paseo Padre Parkway. There's a parking fee of \$5 per vehicle. The open house is free of charge.

There are all kinds of volunteer opportunities in the regional parks as well. For a comprehensive list, visit www.ebparks.org and click on "Volunteer/Get Involved" on the left side of the home page.

Obituary

Helen Mantele Almanzor

February 6, 1922 – April 20, 2017
Resident of Fremont

Helen was born in Denver, CO. on Feb. 6, 1922. Her parents were Lucille Hilton and Frank Mantele. She was the 2nd of 8 children. First married to Panfilo Peralta, Father of Maria Zabala and Filo Peralta. Helen's 2nd marriage was to Berton Almanzor in Sept. 1961. Married for 36 years, he passed away in 1997. Her loving daughter Maria passed away in 2002.

She leaves behind her son Filo Peralta, son-in-law Bernie Zabala, and step-daughter Dawn Almanzor, 5 grandchildren, 6 great-grandchildren. As well as 4 Siblings and many loved nephews & nieces.

Helen worked at many jobs, but her favorite one was a court clerk at the Municipal Court of San Francisco, Ca. She retired in 1958. Her retirement years were spent fishing, traveling to foreign countries, & crafting novelties. She enjoyed playing the harmonica with the Fremont "Sweet Harps". She was a Baptist since early childhood & she became a member of the First Baptist church in 1997.

Becoming disabled in 2005, she was unable to stand or walk,

but she went running as fast as she could when her Dear Lord called her to his Heavenly home on April 20, 2017 at 6:20pm.

Visitation Monday, May 1st, from 4-8pm at Fremont Chapel of the Roses, 1940 Peralta Blvd., Fremont, CA 94536. A Funeral Service will be held on Tuesday, May 2nd, 12:30pm at First Baptist Church of Newark, 6320 Dairy Ave., Newark, CA 94560. Burial will follow at Los Gatos Memorial Park in San Jose, CA.

Obituary

Robert Lloyd Kammerer

January 9, 1932 – April 1, 2017
Resident of Fremont

Preceded in death were Robert's father and mother, Jack and Kathryn Kammerer, sister Florence Fandrich, and son Kirk Kammerer. Robert is survived by his wife Fern and daughters Teresa Polli and Tammy Riggs, 4 grandchildren, and 9 great grandchildren.

Robert was born in Elk Grove, California where he graduated from Elk Grove High school. Robert joined the Army in 1950 and fought in the Korean War. After Robert returned home he joined the California Army National Guard in 1953 where he served in the military police finally reaching the rank of Master Sergeant. While serving

in the Guard Robert raised his children, learned to fly airplanes, and worked in the truck parts industry where he eventually

owned his own business. Robert was known as a family man, hard worker, and his dedication to giving back to people in need. Robert was a member of the Fremont Rotary Club and a regular at Meals on Wheels to name just a few of the charities he was involved with. Robert was loved and will be missed by his family and friends.

Funeral Services will be held on Friday, May 19th, 2017 at 10am at East Lawn Elk Grove Memorial Chapel at 9189 E. Stockton Blvd., Elk Grove, CA 95624 (916) 732-2031.

Residents encouraged to
recognize signs of
illegal dumping

SUBMITTED BY THE
CITY OF FREMONT

Illegal dumping isn't just rude it can be a health and safety issue, too. And Fremont officials take

dumping of unwanted materials on public or private property seriously.

Illegal dumping of debris and garbage also can be an expensive and messy environmental prob-

lem. Clean up costs add up and impact residents, businesses, and the City of Fremont's budget. Occasionally, disposed of materials are of a hazardous nature and require valuable

Fremont resources to manage and clean the illegal dump site.

Materials can include garbage, mattresses, car parts, appliances, electronic items, construction and yard debris, and various other types of waste.

Anyone who sees regular dumping of debris or garbage in their neighborhood is encouraged to report it to the city. Fremont can cite property owners with excess debris left on or in front of their property and will cite anyone responsible for illegally dumping debris or trash on public or private property anywhere in the city.

But, before calling the city it's important that people keep in mind that some residents may have a scheduled bulky goods garbage pick-up day, which means that large amounts of debris or trash may be left on their curbside for 24 hours before pickup.

More details about illegal dumping can be found by visiting the City of Fremont's Environmental Services webpage at https://fremont.gov/133/Environmental-Services and clicking on the Illegal Dumping link.

Newark City Council

April 27, 2017

Presentations and Proclamations:

- Proclaim May as National Water Safety Month. Senior Recreation Supervisor Peter Beireis accepted the proclamation.
 - Proclaim May 4, 2017 as National Day of Prayer. Pastor Emeritus Ed Moore accepted the proclamation. Observation to be held at City Hall flagpole at noon on Thursday, May 4th.
 - Update of Union Sanitary District operations by Paul R. Eldredge, P.E., General Manager.
- ### Public Hearings:
- Consider property owners' objections to the 2017 Weed Abatement Program and instruct Superintendent of Streets to abate public nuisances. No objections received.

Consent Calendar:

- Authorize an Encroachment Permit to the Portuguese Fraternal Society of America Council No. 16 (Holy Ghost Festival Committee) for the an-

Proclaim May as National Water Safety Month. Senior Recreation Supervisor Peter Beireis accepted the proclamation.

Proclaim May 4, 2017 as National Day of Prayer. Pastor Emeritus Ed Moore accepted the proclamation. Observation to be held at City Hall flagpole at noon on Thursday, May 4th.

State Homeland Security Grant for two unmanned aerial systems

- nual Holy Ghost Festival on July 22 and 23, 2017. Small Parade, Saturday, July 22, from 1 :00 p.m. - 3 :00 p.m. Traditional Annual Parade, Sunday, July 23, from 10:45 a.m. - 2:30 p.m.
- Authorize an agreement with The Tri-City Voice for legal advertising services for Fiscal Year 2017-2018.
- Reclassify the Public Information Officer/Administrative Analyst position in the City Manager's Office to Assistant to the City Manager.
- Approve partial release of security bonds for Tract 8130, Timber (Timber Street LLC) located on the east side of Central Boulevard, south of Central Avenue.
- Approve Amendment to the Project Specific Funding Agreement with Alameda County Transportation Commission for the design phases of the Central Avenue Overpass.
- Accept U.S. Department of Homeland E.6 Security, California Governor's Office of Emergency Services (Cal OES) 2016 State Homeland Security Grant for two unmanned aerial systems. Funding in the amount of

- \$35,000 has been allocated.
 - Authorize an agreement with Heller Manus Architects to provide professional architectural services for the Newark Civic Center. Staff projects that the design for the new buildings will be completed this fall with the selection of the design-build team in the winter and commencement of the construction in the summer of 2018. Staff anticipates that it will take approximately two years to construct the facilities and that the project will cost approximately \$64 million.
- ### City Council Matters:
- Approve City Council's summer meeting recess during the month of August 2017.
 - Confirm two year appointments of Miranda Miller and Eileen McDonald to the Senior Citizen Standing Advisory Committee.
- ### Oral Communications:
- None

Transportation Commission approves 2018 plan

SUBMITTED BY
TESS LENGYEL

\$405 million investment delivers on promises and creates pipeline of projects supporting all transportation modes throughout Alameda County.

The Alameda County Transportation Commission (Alameda CTC) approved on April 28, 2017 the programming of \$405 million of funding over the next five years for key Alameda County transportation projects and programs today as outlined in the 2018 Comprehensive Investment Plan (CIP). The CIP includes a five-year programming horizon and a two-year allocation plan that includes federal, state, regional and local transportation fund sources administered by Alameda CTC, including voter-approved Measure B and Measure BB dollars.

“Alameda CTC is delivering on our promises - providing critical funding for a wide range of local transit, bike, pedestrian, highway and infrastructure improvement priorities,” says Alameda CTC Chair Rebecca Kaplan, Oakland City Councilmember At-Large.

“The CIP contains a diverse portfolio of investments over the next five years that support projects from early development to construction, to improve safety and state of good repair, and close gaps in our transportation system.”

The 2018 CIP contains programming of \$405 million to leverage against nearly \$2.8 billion of additional funding, leading to a total investment of approximately \$3.2 billion worth of local transportation improvements. “We know that for every one million dollars spent on transportation-related construction and maintenance in Alameda County, approximately 10 full-time equivalent jobs are created within the Bay Area,” says Alameda County Supervisor and Alameda CTC Vice Chair Richard Valle. “This action will support critical infrastructure improvements and contribute to many local jobs—which is exactly what Alameda County voters intended with their strong support of Measure BB in 2014.”

Projects receiving funding are consistent with Alameda CTC's Countywide Transportation Plan, multi-modal plans, and the voter-approved 2014 Transportation Expenditure Plan, and include paratransit, bicycle, pedestrian, complete streets, emission reduction, interchange improvements, shuttles, park and ride lots, street rehabilitation,

travel training, and transit among others. The CIP includes the allocation of \$261 million in fiscal years 2017-18 and 2018-19, supporting projects in various phases of development from scoping and design through construction.

“The CIP was developed through a project nomination process that ensures we are investing in local priorities,” says Alameda CTC Executive Director Arthur L. Dao. “By funding projects in various stages of development on a 5-year horizon, we ensure that we are preparing a pipeline of projects for delivery and to be competitive when additional funding, whether at the state or federal level, becomes available.”

In addition to funds programmed through the 2018 CIP, local Alameda County jurisdictions and transit agencies receive monthly funding allocations from Measure B, Measure BB and the Vehicle Registration Fee Program to support bicycle/pedestrian safety and gap closures, street resurfacing and maintenance, transit operations, and transportation services for seniors and people with disabilities. Alameda CTC projects that in fiscal year 2016-17 alone, these monthly distributions will total nearly \$150 million.

Citizen Police Academy promotes communication, involvement

SUBMITTED BY
BEVERLY RYANS

Our philosophy of Community Oriented Policing in the City of Newark is producing many positive results. One of the most important outcomes is an increased awareness of the importance of an effective police/community partnership that includes open and honest communication. One of the goals of the Citizen Police Academy is to facilitate this partnership and to improve communication by developing a better understanding of each other's role in the community.

Participation in the Citizen Police Academy will not only be a positive learning experience, but it will also give us the opportunity to listen to your concerns and ideas. During the Academy, participants will be exposed to many aspects of your police department and learn about the laws, procedures and policies that govern law enforcement. Our hope is that this course curriculum, coupled with the experiences of the students, will lead to lively and informative discussions about issues facing the City of Newark.

The Newark Police Department is your police department. By working together, we can solve many of

the problems facing us today. Participation in the Citizen Police Academy is one of the many ways that you can get involved in your community and contribute towards making a safer living environment.

The upcoming 2017 Fall Citizen Police Academy will be an eleven-week course. Classes will meet on Wednesday evenings from 5:30 p.m. until 9:00 p.m. from August 16, 2017 through October 25, 2017,

Applicants MUST:

- 1) Have no prior felony or serious misdemeanor convictions
- 2) Be willing to have a background check completed
- 3) Attend all scheduled sessions
- 4) Be at least 21 years old
- 5) Live or work in the City of Newark
- 6) Not be a prior Newark CPA graduate

Download the Newark Citizen Police Academy application at <http://www.newark.org/departments/police/community-engagement/>

Apply now space is limited. All applications must be received by July 28, 2017. For more information please contact Beverly Ryans via e-mail at beverly.ryans@newark.org or via telephone at (510) 578-4352.

County looking at \$108M budget gap

SUBMITTED BY GUY ASHLEY

The Alameda County's Budget Workgroup has announced a projected \$108.5 million budget gap for Fiscal Year 2017-18. County Administrator Susan S. Muranishi said the budget gap is 50 percent larger than that closed by the County to balance the Fiscal Year 2016-17 budget. This growth reflects challenges that include a proposed shift in State costs to counties for the mandated In-Home Supportive Services (IHSS) program, slowing economic growth, increased employee salary and benefits costs, and a 3.5 percent cost-of-living adjustment for eligible service contracts with community-based organizations.

The projected funding gap would be slightly smaller than the \$72.2 million shortfall recorded last year were it not for the Governor's controversial plan to end the IHSS maintenance of effort funding arrangement that limited annual cost increases to counties to a predetermined inflation factor. The IHSS program funds in-home care for low-income elderly and disabled residents as an alternative to more expensive nursing homes.

The plan to shift IHSS costs to back to local governments would cost Alameda County an additional \$40 million in FY 2017-18 alone, with costs projected to increase sharply due to the phase-in of State mandates that will raise program costs, such as minimum wage increases and paid leave requirements, as well as demographic shifts associated with an aging population.

If the State does not take any action to mitigate its shift of IHSS costs to counties, local governments will be forced to make tough choices to address the resulting funding gap. “In order to fund this rise in costs, Alameda County will have to make cuts to critical services provided to our community,” County Supervisor and Budget Workgroup Chair Keith Carson said. “These services include public assistance, health care and public safety programs.”

Alameda County is scheduled to approve a Final Budget for FY 2017-18 by June 30.

NBA vet shares basketball and health tips with kids

SUBMITTED BY BRIAN KILLGORE

Students at Maloney Elementary School in Fremont recently learned some great lessons about health, teamwork and basketball, courtesy of a former NBA star and some renowned national organizations. This spring, Jr. NBA teamed up with Kaiser Permanente and Scholastic in an effort to encourage kids across the country to make healthy choices, while sharing lifelong skills for success through the 'Slam Dunk: Skills for Success' program.

Hosted by 13-year NBA veteran and Golden State Warriors Community Ambassador, Adonal Folye, the April 25th event at Maloney took fifth and sixth-graders through a Junior NBA clinic. There were a variety of basketball and fitness stations, and interactive classroom activities that made the connection between mind and body wellness. The idea was to help students understand how to use the values of total health to achieve success in their everyday lives, and develop skills to manage stress. Maloney Elementary was selected as one of six winners of the Slam Dunk: Skills for Success sweepstakes.

Family-friendly event encourages pedal power

SUBMITTED BY
ROSIE FLORES
PHOTO BY PAUL,
FUNFLICKS

The San Leandro Downtown Association (SLDA) is proud to host "Bike SL" on Sunday, May 7 to celebrate and inspire biking in San Leandro. SLDA has sponsored Bike SL for the past seven years. Join us for a free, family-friendly celebration of healthy and fun transportation!

May is National Bike Month, sponsored by the League of American Bicyclists, and celebrated in communities from coast to coast. Established in 1956, National Bike Month is a chance to showcase the many benefits of bicycling and encourage more folks to giving biking a try. But National Bike Month is so much more than 31 days in May. It's a celebration of bikes, a reminder to get rolling again, a gateway to riding more often and a time to explore our community on a bike.

Bike SL participants will embark on a journey to the San Leandro Marina and back, beginning with a check-in at the parking lot in front of the Englander on Parrott Street. The San Leandro Police Department will lead the caravan to the Marina. Participants – don't forget to bring your bikes, helmets, and lots of energy as we make our way through San Leandro with family and friends. And, most importantly, please remember to download and complete the waiver at: www.SanLeandroBusinessAssociation.org if you would like to participate.

Halfway through the route, pedal by one of the Energizer Stations sponsored by local businesses for free snacks, beverages, and a reusable tote bag filled with goodies for future biking adventures around San Leandro. A world of thanks to the San Leandro Police Department for providing our riders with a police escort, and

for always supporting the healthy endeavors of our San Leandro community.

Did someone mention a raffle? "Thanks to the New Belgium Brewing Co., we have been able to give away a New Belgium Fat Tire cruiser bike every year, and we are hoping to get one for this year as well," says Larry Allphin, owner of Allphin Jewelers and long-time SLDA member.

Besides being fun, biking to work is good for your health and for the environment. Take a look at all the benefits of riding a bike:

- Reduce air pollution: In the Bay Area 43 percent of all car trips are two miles or shorter. For short trips, bicycling is an important tool to reduce air pollution; up to 70 percent of emissions from a 10-mile trip occur within the first mile.

- Stay healthy and fit: Bicycling to work or school are great ways to get exercise every day. The well-documented obesity epidemic contributes to heart disease, cancer, stroke and type 2 diabetes, which together make up 40 percent of the leading causes of death in Oakland.

- Save money: With gas prices rising and unlikely to decline in the long-term, bicycling makes more financial sense than ever; a bike's annual operating cost is estimated to be \$120 (as opposed to \$5,000 – \$12,000 for a car).

- Ease street congestion: Twelve bicycles can fit in the space needed to park a single car.

Ready to give it a try? Download the waiver and join us on May 7.

SWING DANCING AT FREMONT
ADULT SCHOOL
PHOTOS COURTESY OF
MICHAEL QUEBEC

We're bringing the glamour and upping the energy and excitement level to our big dance hall at the Fremont Adult School for our swing dance program!

"A Swellegant Affair" on Saturday, May 6 will have live Rockabilly and Jump Blues, courtesy of Viva Las Vegas Rockabilly Weekender alumni Hank Biggs and The Hardtops for an all ages "strictly swing" dance party. Prior to that, two big swing dance lessons will be happening simultaneously, taught by Bay Area vintage swing dance instructors and performers Michael Quebec and Lauren D'Ambrosio.

Quebec will teach a fun and challenging mini-workshop in Collegiate Shag (for those of you who like fast swing dancing) as well as the rarely-seen-in-the-Bay-Area "Dean Collins Smooth Style"

Lindy Hop, the style of lindy swing dancing that was also done in 1950's rock 'n' roll era movies (which is a perfect fit for Hank Biggs' '50s rock 'n' roll dance music numbers). D'Ambrosio will teach beginners an easy-to-do East Coast Swing "Jitterbug," perfect for folks who have always wanted to swing dance but have never tried it before.

Vintage and/or stylish dress, or stylishly vintage clothing is en-

couraged and admired, though not required. All ages are welcome at this event, so whether 13 or 90, the dance floor has a place for you!

Profits from A Swellegant Affair will go toward new exercise and audio equipment for the Fremont Adult School Fitness and Dance Program.

Advance price Dance Party only is \$10 and \$15 at the door; Swing Dance Lesson and Dance Party advanced price is \$20 and \$25 at the door. Student admission (with valid student ID) lesson and dance is \$10 in advance and \$15 at the door; dance only is \$5 in advance and \$8 at the door. For additional information, contact Quebec at (510) 240-2732 or esperescano@gmail.com.

Fremont Police Log

SUBMITTED BY
GENEVA BOSQUES,
FREMONT PD

Friday, April 21

Community Service Officer Romero investigated a commercial burglary in the 40900 block of Fremont Blvd. The front door glass had been broken out in a prior burglary, and the suspect broke out the plywood that was currently covering the door. The loss includes \$8,000 worth of iPhones, iPhone accessories, and one iPad.

Saturday, April 22

Officer D. Han was conducting patrol checks for reckless drivers in the area of Campus Court and Campus Drive when he saw a vehicle occupied by a 37-year-old Union City man. Investigation showed the man was in possession of prohibited ammunition. He was arrested on that charge.

Officer Gregory investigated mail theft from an address on San Moreno Court. The suspect left behind a box of other stolen mail from the area. A possible suspect vehicle was described as a white Ford Ranger pickup truck. The suspect described as a white man in his 30s.

Sunday, April 23

A citizen reported that she say a

man hitting a woman with a golf club on Niles Boulevard near G Street. Arriving officers initially could not find either person. A short time later Officer Manrique spotted a man who admitted his involvement. The woman was not located. The case was investigated by Officer Catassi.

A customer at the Ross store at the Fremont hub had her cell phone taken from her by force while inside the store. The suspect was gone by the time officers arrived. The manager of Ross would not allow officers to take a copy of the stores surveillance camera footage for evidence, that clearly showed the suspect running away with the phone in hand. We were finally able to take a still photograph of the footage so we could follow up on this case. The suspect was described as white woman about 5-feet-9-inches tall and weighing about 180 pounds and wearing white shorts. Officer Catassi later recovered the loss around the corner from the store.

Wednesday, April 26

Officers were dispatched to a trespassing call on the 3400 block of Capitol Avenue. A 50-year-old man and a 21-year-old man were found inside the building. The older man was given a trespass notice and the younger man was arrested on a felony warrant.

A caller reported that during her commute home through Niles Canyon she was the victim of a road rage incident. She told

dispatchers that a truck driver brandished a baseball bat at her. A short time later the truck driver called and told a different story. The truck driver agreed to turn his rig around (in the canyon) and come back to Mission/Niles for the investigation. The woman who called refused to turn around and come back to talk to the police. The incident was documented by Officer Richards.

At 5:07 p.m., officers were dispatched to Safeway on the 3900 block of Washington Blvd on the report of a man who was in the store harassing women and reportedly grabbed two inappropriately. The reporting party said the man appeared to be drunk and left in a Ford Explorer. Officers ran the vehicle license plate and it came back to Newark. When Newark police were contacted for assistance, they said they already had the vehicle stopped and were investigating. At the stop, officers saw a bottle of unopened Jameson Whiskey with a Safeway label lock still attached. During the investigation officers also watched the video surveillance footage from inside Safeway where they saw the suspect NPD had stopped in the store. Newark police arrested the 23-year-old man. Officer Watts and Field Training Officer Loughery will seek a complaint on the two Fremont sexual battery cases with the District Attorney.

Newark Police Log

SUBMITTED BY
CMDR. MIKE CARROLL,
NEWARK PD

Saturday, April 22

At 3:35 a.m. while conducting a routine traffic stop, Officer Losier contacted a 24-year-old Fremont man who is on active to DUI probation and subject to an interlock device installed in his vehicle. The man was cited for driving on a suspended license and not having the required interlock device installed.

At 8:28 p.m. Officer Pacheco conducted a civil standby for a lost cell phone pinging near a homeless encampment near Highway 84 and Interstate 880. A 30-year-old transient male who was in possession of the phone was issued a citation for possession of drug paraphernalia, possession of a controlled substance

and an outstanding warrant. Additionally, a 31-year-old female transient female was issued a citation for possession of drug paraphernalia.

Monday, April 24

At 1:36 p.m. Officer Musantry investigated the break-in of a community mailbox at 6994 Jarvis Avenue. The box was pried open but it is not known if mail was stolen.

Tuesday, April 25

At 6:10 p.m. Officers and R.A.V.E.N. volunteers responded to a motorcycle and pedestrian collision in the 35200 block of Newark Boulevard. It appears that a pedestrian was crossing Newark Boulevard when he was struck by a motorcyclist who was travelling northbound. The motorcyclist fled the area, leaving his motorcycle at the scene, but witnesses notified arriving officers that the motorcyclist was sitting inside a nearby McDonald's Restaurant. The motorcyclist was arrested and medically cleared at a local hospital. He was later

booked into the Santa Rita Jail on suspicion of felony driving under the influence and felony hit and run. The critically injured pedestrian was taken to a local trauma center where he was treated. This incident is under investigation by the Newark Police Traffic Unit, witnesses are asked to call Sgt. Ray Hoppe at (510)-578-4951.

Wednesday, April 26

At 6:22 p.m. Officer Slavazza responded to a disturbance call at the Chevron Gas Station, 5502 Thornton Avenue. Slavazza contacted a 30-year-old Newark woman and a 30-year-old Newark man, both whom are on searchable probation who had been arguing. A search of their vehicle resulted in the recovery of a large amount of stolen mail. Both were arrested on suspicion of possessing stolen mail. Additionally, the man was charged with possession of a controlled substance. Both were booked into the Fremont Jail.

Union City Police Log

SUBMITTED BY
LT. MATIAS PARDO,
UNION CITY PD

Wednesday, April 19

At around 11 a.m. officers were dispatched to the 34800 block of Starling Drive to investigate a report that a male teenager

ran out of a house and was shooting at a group of subjects running toward Mann Avenue. A 14-year-old boy in the area matched the description of the shooter, but he fled from police and did not comply with their commands to stop. He was ultimately arrested on suspicion of resisting arrest, and released to a parent with a notice to appear. No one was injured in the reported shooting.

At about 7:30 p.m. Officer

Paul responded to the Union Landing shopping center on a report that the victim of a previous auto burglary had located some of his stolen property and arranged to meet with the seller. The seller was arrested with the victim's stolen property, other property that was likely stolen, and cocaine. Mathew Pringle, 32, of Hayward was arrested on suspicion of possessing stolen property and possession of narcotics.

Prowler Arrested

SUBMITTED BY
SGT. MATTHEW MILLER, MILPITAS P.D.

On April 22, 2017, at approximately 2:42 a.m., Milpitas Police officers responded to a residence on Folsom Circle after receiving a call of a stranger sitting on the patio furniture in the backyard. Officers arrived on scene within two minutes and located the stranger coming out of the side gate of the residence. He was arrested for prowling and booked into the Santa Clara County main jail under the name he originally provided to officers. After he was fingerprinted at the jail, his true identity was revealed as Zachary Bowin, a 29-year-old transient from Oakland.

PUBLIC NOTICES

NOTICE OF PUBLIC HEARING

SPRING 2017 CODE AMENDMENTS (PLN2017-00244)

To consider the Planning Commission's recommendation to adopt text amendments to various chapters of Title 12 (Streets, Sidewalks and Public Property) and Title 18 (Planning and Zoning) of the Fremont Municipal Code for conformance with state and federal law pertaining to density bonuses, accessory dwelling units, marijuana regulation and wireless telecommunications facilities, and for correction, clarification and enhancement of regulations related to development and use of property within the City, to consider amendments to the Zoning Map for conformance with the General Plan, and to consider amendments to the Citywide Design Guidelines to add new design rules and design guidelines for the construction of new wireless telecommunications facilities and co-location on existing facilities.

APPLICANT: City of Fremont

PUBLIC HEARING: Notice is hereby given that the Fremont City Council will consider the above item on Tuesday, May 16, 2017, at 7 p.m. in the Council Chambers at 3300 Capitol Avenue, Fremont, California, at which time all interested parties may appear and be heard.

ENVIRONMENTAL REVIEW: The proposed amendments are exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15061(b) (3) in that the proposed amendments are not a project which has the potential for causing a significant effect on the environment.

Any questions or comments on the project should be submitted to:

PUBLIC NOTICES

attorney.

If you are a creditor or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

You may examine the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

NOTICE OF PETITION TO ADMINISTER ESTATE OF ALEJANDRO SEBASTIAN QUINONEZ AKA ALEJANDRO S. QUINONEZ

CASE NO. RP17856565

To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of: Alejandro Sebastian Quinonez aka Alejandro S. Quinonez
A Petition for Probate has been filed by Roberto A. Quinonez in the Superior Court of California, County of Alameda. The Petition for Probate requests that Roberto A. Quinonez be appointed as personal representative to administer the estate of the decedent.

The Petition requests authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.

A hearing on the petition will be held in this court on May 30, 2017 at 9:31 in Dept. 201 located at 2120 Martin Luther King, Jr. Way, Berkeley, CA 94704.

If you object to the granting of the petition, you should appear at the hearing and state your objections or file written objections with the court before the hearing. Your appearance may be in person or by your attorney.

If you are a creditor or a contingent creditor of the decedent, you must file your claim with the court and mail a copy to the personal representative appointed by the court within the later of either (1) four months from

the date of first issuance of letters to a general personal representative, as defined in section 58(b) of the California Probate Code, or (2) 60 days from the date of mailing or personal delivery to you of a notice under section 9052 of the California Probate Code. Other California statutes and legal authority may affect your rights as a creditor. You may want to consult with an attorney knowledgeable in California law.

You may examine the file kept by the court. If you are a person interested in the estate, you may file with the court a Request for Special Notice (form DE-154) of the filing of an inventory and appraisal of estate assets or of any petition or account as provided in Probate Code section 1250. A Request for Special Notice form is available from the court clerk.

TRUSTEE SALES

NOTICE OF TRUSTEE'S SALE TS No. CA-14-652767-JP Order No.: 09-8-410055 NOTE: THERE IS A SUMMARY OF THE INFORMATION IN THIS DOCUMENT ATTACHED TO THE COPY PROVI DED TO THE MORTGAGOR OR TRUSTOR (Pursuant to Cal. Civ. Code 2923.3) YOU ARE IN DEFAULT UNDER A DEED OF TRUST DATED 9/22/2005. UNLESS YOU TAKE ACTION TO PROTECT YOUR PROPERTY, IT MAY BE SOLD AT A PUBLIC SALE. IF YOU NEED AN EXPLANATION OF THE NATURE OF THE PROCEEDING AGAINST YOU, YOU SHOULD CONTACT A LAWYER. A public auction sale to the highest bidder for cash, cashier's check drawn on a state or national bank, check drawn by state or federal credit union, or a check drawn by a state or federal savings and loan association, or savings association, or savings bank specified in Section 5102 to the Financial C ode and authorized to do business in this state, will be held by duly appointed trustee. The sale will be made, but without covenant or warranty, expressed or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by the Deed of Trust, with interest and late charges thereon, as provided in the note(s), advances, under the terms of the Deed of Trust, interest thereon, fees, charges and expenses of the Trustee for the total amount (at the time of the initial publication of the Notice of Sale) reasonably estimated to be set forth below. The amount may be greater on the day of sale. BENEFICIARY MAY ELECT TO BID LESS THAN THE TOTAL AMOUNT DUE. Trustor(s): DALJIT AULAKH and HARINDER KAUR AULAKH, HUSBAND AND WIFE AS JOINT TENANTS Recorded: 10/3/2005 as Instrument No. 2005425463 of Official Records in the office of the Recorder of ALAMEDA County, California; Date of Sale: 5/25/2017 at 9:00 AM Place of Sale: At the Scottish Rite Center, 1547 Lakeside Dr., Oakland, CA 94612 in the 3rd Floor Lodge and Banquet Room Amount of unpaid balance and other charges: \$1,174,678.37. The purported property address is: 40695 LADERO ST., FREMONT, CA 94539 Assessor's Parcel No.: 525-0130-034 NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sa le date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call 800-280-2832

for information regarding the trustee's sale or visit this Internet Web site <http://www.qualityloan.com> using the file number assigned to this foreclosure by the Trustee: CA-14-652767-JP . Information about postponements that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. The undersigned Trustee disclaims any liability for any incorrectness of the property address or other common designation, if any, shown herein. If no street address or other common designation is shown, directions to the location of the property may be obtained by sending a written request to the beneficiary within 10 days of the date of first publication of this Notice of Sale. If the sale is set aside for any reason, including if the Trustee is unable to convey title, the Purchaser at the sale shall be entitled only to a return o f the monies paid to the Trustee. This shall be the Purchaser's sole and exclusive remedy. The purchaser shall have no further recourse against the Trustor, the Trustee, the Beneficiary, the Beneficiary's Agent, or the Beneficiary's Attorney. If you have previously been discharged through bankruptcy, you may have been released of personal liability for this loan in which case this letter is intended to exercise the note holders right to be paid from the proceeds of the sale of the real property only. QUALITY MAY BE CONSIDERED A DEBT COLLECTOR ATTEMPTING TO COLLECT A DEBT AND ANY INFORMATION OBTAINED WILL BE USED FOR THAT PURPOSE. Be Prepared - Sign up for a free Personal Emergency Preparedness class

SUBMITTED BY
CITY OF FREMONT

The City of Fremont's Fire Department is offering a free Personal Emergency Preparedness (PEP) class, which will teach you how to take care of yourself and your family before, during, and after a disaster.

In just a single three-hour class, you will become an expert in:

- Earthquake and Disaster Awareness
- Gas, Electric and Water Shut-off
- Hazardous Material Awareness
- Fire Extinguisher Types
- Smoke Detector Placement
- Sheltering In-place

If you are part of a group and would like to schedule your own personal group PEP class at your

location, please contact Chuck Guaraglia, Public Education with the Fremont Fire Department, at (510) 792-3473 or email guaragliac@comcast.net

Personal Emergency Preparedness
Tuesday, May 2
Thursday, August 24
Wednesday, November 8
7 p.m. – 10 p.m.

Saturday, May 13
Saturday, September 16
9 a.m. – 12 p.m., with hands on training starting at 12:15 p.m.

Driver Arrested Vandalism & Assault

SUBMITTED BY
SGT. JOSEPH HEVLEN,
MILPITAS P.D.

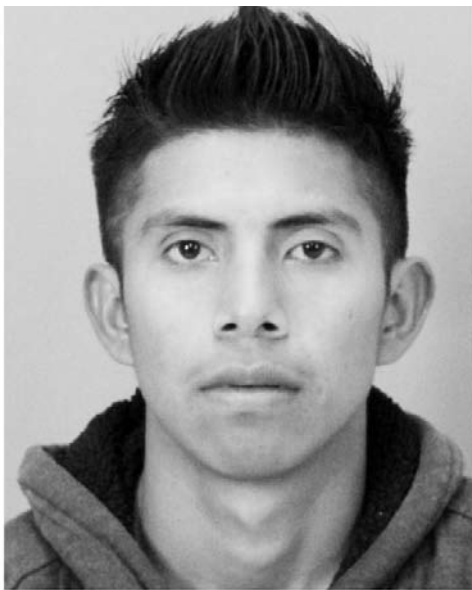

On Monday, April 17, 2017, at about 7:53 a.m., Milpitas police officers responded to a report of a fight involving a hammer on West Calaveras Boulevard near North Abel Street. Officers located the involved parties and their cars in in the parking lot of a shopping center on West Calaveras Boulevard near Butler Street. They learned it might have been a road rage inci-

dent resulting from an earlier traffic collision between the two (2) cars in the area of East Calaveras Boulevard and North Hillview Drive near Interstate 680. After the collision, both cars were stopped in traffic on the westbound side of the Calaveras overpass near North Abel Street. One of the drivers, later identified as Anthony Silva, resident of Tracy, got out of his white 2004 GMC Sierra 1500 extended cab long bed pick-up truck and used a hammer to smash the windows of a gray 2000 Nissan Sentra sedan. He then punched the driver of the Nissan Sentra several times. Silva was booked into the Santa Clara County main jail for vandalism and assault.

Anyone who saw the traffic collision or saw the vandalism & assault is encouraged to call the Milpitas Police Department at (408) 586-2400. Information can also be given anonymously by calling the Crime Tip Hotline at (408) 586-2500 or via the Milpitas Police Department website at: <http://www.ci.milpitas.ca.gov/crimetip>

Auto Theft & Mail Theft Suspects Arrested

SUBMITTED BY SGT. HUY TRAN, MILPITAS P.D.

On April 18, 2017, at about 6:17 a.m., a Milpitas Police officer was conducting patrol checks in the parking lot of Walmart (301 Ranch Dr.) when he saw man standing next to a stolen white Dodge Stratus parked in the lot. The car had been reported stolen to the Fremont Police Department on April 17, 2017. Auner Gomez of Fremont was arrested, and officers determined a second suspect, Oscar Molina, also of Fremont, was inside Walmart. Officers arrested Molina when he exited the store. Both suspects had credit cards that were recently stolen from a car parked in Fremont.

Gomez had made a purchase earlier inside the store with one of the stolen credit cards, and he had a "shaved key," which is commonly used to burglarize and steal cars . Molina also had a small amount of methamphetamine. Officers searched the stolen car and recovered mail stolen from Fremont and modified keys used to open locked mail boxes. Gomez was booked into the Santa Clara County Jail for automobile theft, possession of a stolen vehicle, and fraudulent use of a stolen credit card. Molina was booked into the Santa Clara County Jail for automobile theft, possession of a stolen vehicle, and possession of a controlled substance.

LETTER TO THE EDITOR

Animal abuse meets child endangerment

According to renowned animal behaviorist Dr. Temple Grandin, rodeo animals are "prey" animals, who fear for their very lives when ridden, chased, wrestled or handled roughly. She writes, "In assessing criteria for suffering, psychological stress—which is fear stress—should be considered as important as suffering induced by pain."

Ignoring science and compassion alike, the Rowell Ranch Rodeo in Castro Valley, (May 20–21), with the blessing of the Hayward Rec & Park District (HARD), will again feature two cruel, non-rodeo events: the "wild cow milking contest" (in which a cow was killed at the 2014 rodeo), and the children's "mutton busting" event (wherein small children are coerced into riding terrified sheep, putting all at risk). And outlawed in New Zealand.

Both events should be banned. Concerned citizens are urged to contact Paul McCreary, General Manager, and the Board of Directors, c/o HARD, 1099 E Street, Hayward, CA 94544; email mccp@haywardrec.org

For most animals, rodeo is merely a detour en route to the slaughterhouse. Must we therefore torment, terrorize, cripple and sometimes kill them in the arena before we eat them? And all in the name of mere "entertainment," may God forgive us. Playwright Tennessee Williams once wrote that, "Cruelty is the only unforgivable sin." The animals (and we) deserve better.

Eric Mills, Coordinator
Action for Animals

Park It

BY NED MACKAY

May Day

The month of May will be welcomed with maypole dancing, giant bubble blowing, crafts for the whole family and other diversions during a **May Day Celebration Open House from 11:00 a.m. to 2 p.m. on Sunday, May 7** at Tilden Nature Area near Berkeley.

Festivities will be in and around the Environmental Education Center, located at the north end of Tilden’s Central Park Drive. **A special feature will be the Berkeley Morris Dancers, who will perform from 11 a.m. to noon.**

And there’s more. Every Saturday from 10 to 10:30

a.m., small kids can learn about caring for small animals by helping to feed the rabbits and collect chicken eggs at the Little Farm, which is right next to the center. From 11 to 11:30 a.m. every Sunday it’s talk to the animals time, a chance to learn how various animals move, what they eat, and how they avoid predators. Pigs are the stars of the show on May 7.

Or you can meet a snake during a program at the center led by naturalist Anthony Fisher from 2 to 3 p.m. Sunday, May 7.

For more information on all of these activities, call 510-544-2233.

There’s lots going on at Coyote Hills Regional Park in

Fremont, too. **Discovery Days is in session every Saturday and Sunday from 10:30 a.m. to 3:30 p.m. at the visitor center, featuring hands-on nature exploration for the entire family.** Drop by any time during the day.

Both new and experienced birders will enjoy a bird-watching walk led by naturalist Kristina Parkison. It’s from 8 to 10 a.m. Saturday, May 6, for ages eight and older.

Kristina also plans a program from 1 to 3 p.m. the same day about bird boxes. You can learn the techniques for placing and monitoring those small houses for our feathered friends.

The bird box program also is for ages eight and older. It’s free, but registration is required.

To register, call 888-327-2757. Select option 2 and refer to program 17091.

Or you can join an ethnobotany hike led by Francis Mendoza. It’s from 9:30 to 11 a.m. on Sunday, May 7. This is a moderate, two-mile walk, during which Francis will show how native Californians traditionally managed the land through burning, pruning and cultivation. The program is for ages 12 and older.

Coyote Hills is located at the end of Patterson Ranch Road off Paseo Padre Parkway. For information, call 510-544-3220.

Family Nature Fun is from 2 to 3 p.m. every Saturday and Sunday in May and June at Crab Cove Visitor Center in Alameda, with a different natural history topic each weekend, and a nature craft after the program. **“Colors, Colors, Everywhere!” is the theme on May 6 and 7.**

After that it’s fish feeding time from 3 to 3:30 p.m. at Crab Cove’s large aquarium, which

contains a variety of fish from San Francisco Bay.

Crab Cove is at the end of McKay Avenue off Alameda’s Central Avenue. Call 510-544-3187.

You can choose between a flower walk and a meditative stroll on Saturday, May 6. The flower walk is from 9 a.m. to noon at Las Trampas Regional Wilderness in San Ramon, led by naturalist Ashley Grenier. It’s free, for ages ten and older, and registration is required. To register, call 888-327-2757. Select option 2 and refer to program 16728.

The meditative stroll is from 9:30 to 11:30 a.m. on Saturday, May 6 at Redwood Regional Park in Oakland, led by Bellal Naderi and naturalist Susan Ramos. Bring a mat or towel to sit on and meet at the Redwood Bowl Staging Area. It’s on Skyline Boulevard between the entrance to Roberts Regional Recreation Area and the Chabot Science Center. For information, call 510-544-3187.

Fremont mayor shares government experience with students

ARTICLE SUBMITTED BY QUEENIE CHONG
PHOTO BY SANGEETA KHANDELWAL

Fremont Mayor Lily Mei recently stepped to the front of a classroom full of third-graders at John Gomes Elementary School to share her experience of running a city government.

Mei’s lecture was designed to enhance the third grade social studies curriculum about local government. Students listened attentively as Mei recounted how she launched her civic engagement as a parent volunteer at the school many years ago, and eventually went on to become the first woman mayor of Fremont where she serves a rapidly growing community.

Housing, transportation, safety, parks and recreation, the environment, economy, and even the importance of solving problems in a respectful way were among the issues discussed. To conclude the lesson, students were given the opportunity to ask the mayor some very insightful questions.

Fremont Mayor Lily Mei talked with students at Gomes Elementary School about running a city government.

New clock and bell systems coming

SUBMITTED BY
ROBIN MICHEL

During the April 26 Fremont Unified School District Board of Education Meeting, the board took action on various Measure E items, the \$650 million school facilities bond approved by Fremont voters in June 2014.

- Among the actions taken:
- Ratify the agreement with Underwood & Rosenblum (U&R) in the amount of \$49,700, for civil engineering consulting services for the Horner Middle School conversion project. The cost is within the approved project budget.
 - Authorized staff to enter into an agreement with Moving Solutions, Inc., in the amount of \$44,543, for moving services dur-

ing the Walters Middle School Conversion — Modernization Project. The cost of this work is within the approved project budget.

- Authorized staff an amendment, in the amount of \$19,478, to the agreement with BSK Associates for material testing and special inspection services for the Brookvale Elementary School classroom addition project. The new total contract cost of \$51,178 is within the approved project budget.
- Approved \$6 million for full replacement of the telephone, clock, bell, and public address systems district-wide. The replacement systems will utilize the new data network infrastructure that is already being installed at each school site under the Meas-

ure E network upgrade projects. Since the district’s Information Technology (IT) infrastructure upgrade projects are under way and will replace the data cabling, full replacement of the telephone, clock, bell, and public address leverages this new network and eliminates the need for separate cabling for each system. The Technology Advisory Committee viewed the proposed system design and estimated cost and supports the project.

Regular meetings of the board are tentatively scheduled for the second and/or fourth Wednesday of the month in the district office board room, 4210 Technology Drive, Fremont. For details, visit the FUSD website at www.fremont.k12.ca.us/

Volunteers needed to help restore park

SUBMITTED BY THE CHERYL GOLDEN

Bring out those sturdy shoes and work clothes and help restore the habitat of one of Fremont’s most historical parks. And while you’re at it, enjoy nature’s beauty, too.

Volunteers are needed to join staff from the City of Fremont in a habitat restoration project at Sabercat Historical Park. The park is a linear paved greenway that runs east-west along 1.4 miles of Sabercat Creek in southeast Fremont. It was created in 2012 when five sections of the creek were enhanced by adding native plants to help restore native habitat for wildlife and provide critical creek restoration.

Volunteer work days take place on the first Saturday of each month from 9 a.m. to noon. This month’s work day is set for May 6. No experience is necessary and volunteers of all ages are welcome; children younger than 12 must be accompanied by an adult.

Participation is free, but volunteers must register before the event by visiting the project website at www.fremont.gov/SabercatRestoration. Volunteers must also bring a completed waver form downloaded from the website with them to the event. A link announcing the specific work location will also be posted on the website.

For more information or to arrange a large group work day, contact the Environmental Services Department at (510) 494-4570.

Historic theatre opens doors for ‘Showtime’

SUBMITTED BY
JAIMIE ORFANOS

Join a community celebration at “Showtime in San Lorenzo” featuring free tours of the Lorenzo Theatre, a Business Expo, family-friendly activities, and an outdoor movie.

On Saturday, May 6 first come, first served tour tickets will be available for a rare look inside the historic Lorenzo Theatre, which opened its doors in 1947 but has been vacant since 1982. Visitors will see the theatre’s mesmerizing fluorescent painted murals illuminated by black lights. Alameda County has proudly partnered with the Lorenzo Theater Foundation to bring the public free tours of this historic building. For more information about the foundation and how to help save the Lorenzo, visit www.savethelorenzo.org.

After a tour of the theatre, stop by the chamber-organized Business Expo where local businesses can connect with the public. Merchants will offer special discounts on merchandise, food, and services during the event. Take advantage of these opportunities and support local businesses!

In the evening families and residents will enjoy a carnival-like atmosphere that includes a raffle for A’s tickets, bounce houses, a rock climbing wall, arts and crafts, food trucks, and photos with a life-sized Dory. An

outdoor screening of the movie “Finding Dory” will be projected onto the side of the Lorenzo Theater. Bring your own chair or blanket.

The event is co-hosted by Wilma Chan, Alameda County Supervisor – District 3; Alameda County Community Development Agency; Hayward Area Recreation & Park District; Lorenzo Theater Foundation; Castro Valley Eden Area Chamber of Commerce; San Lorenzo First; and San Lorenzo Village Homes Association.

For more information, visit www.showtimeinsanlorenzo.org or contact Ms. Jaimie Orfanos of the Alameda County Community Development Agency at (510) 670-6107 or Jaimie.Orfanos@acgov.org.

Warm Springs
BART Welcomes
EV Drivers

The new Warm Springs/South Fremont BART station in Fremont has officially opened 22 ChargePoint Level 2 electric vehicle chargers that support 42 EV parking spaces as part of a new pilot program. The 42 new EV charging spaces at Warm Springs is BART's first installation of EV chargers anywhere in its service territory, and is also the largest deployment of publicly accessible EV chargers at a single site in Fremont. With these new stations, Fremont now hosts 143 Level 2 and 31 DC fast charging parking spaces for public use, providing essential infrastructure that helps support the transition to a cleaner vehicle fleet within our community.

To aid this transition, the City of Fremont last year deployed 16 EV parking spaces at the City's Development Services Center, the Central Park Boathouse, and along Capitol Avenue between Fremont Boulevard and State Street, and will be adding an additional 18 EV parking spaces along Capitol Avenue between State Street and Paseo Padre Parkway this spring. In addition, the City recently adopted an electric vehicle readiness policy that requires new commercial developments and multifamily housing projects to include EV parking spaces equipped with chargers for 10 percent of total parking capacity. Learn more at www.Fremont.gov/GreenBuilding.

The EV parking spaces at Warm Springs/South Fremont BART station are open to BART patrons with electric vehicles who pay to park. All vehicle charging costs are included in BART's

daily reserved parking fee of \$6/day. The deployment of EV charging stations at the Warm Springs/South Fremont BART is just one of many sustainability features the newest BART station has. This station also boasts 512 kW of solar electric power—enough to fully power the station's energy needs, including the EV chargers. BART riders who charge their vehicles at the Warm Springs Station will be driving on 100 percent renewable energy. Learn more at www.Bart.gov/WarmSprings.

For more information about the EV charging stations pilot program visit www.bart.gov/news/articles/2017/news20170413.

Health and Wellness
Resource Fair for Seniors,
Veterans, and Families

The Tri-City Elder Coalition and City of Fremont Annual Health and Wellness Expo will take place on Friday, May 12 from 9 a.m. to 1 p.m. at Central Park and the Fremont Senior Center.

The Expo is open to everyone and will host more than 90 organizations. With the City of Fremont's Age Friendly Fremont initiative and partnership with AARP and the World Health Organization's Age Friendly Cities programs, this year's Expo will emphasize services related to nine domains: Health & Wellness, Outdoor Spaces, Transportation, Social Participation & Inclusion, Volunteering & Civic Engagement, Community Information, Employment & Learning Opportunities, Housing, and Dementia Specific Support.

Exhibitors from public and nonprofit organizations plus private businesses serving seniors and veterans will be on hand to answer questions on a variety of topics including housing, health care, retirement planning, Social Security, Medicare/Medi-Cal and other services. Health screenings such as blood sugar checks and

diabetes counseling, blood pressure checks, ear wax screenings and bone-density screenings will also be provided. Additionally, free dental screen services and pharmacist consultations regarding medication concerns will be available.

Representatives from Washington Hospital, Kaiser Permanente, Palo Alto Medical Foundation, Alameda County Public Health, Unitek College Nursing program, and Chabot College's Dental Hygiene program will be on hand. Medicare/Medi-Cal and Social Security representatives will be available to answer questions as well.

Multiple transportation agencies will also be on hand to answer questions regarding transportation services and how to access them. An AC Transit bus will be parked nearby so you can board and check out the system. If you are 65 years of age or older, bring proof of age documentation and sign up for a Senior Clipper Card, the all-in-one transit fare payment card.

Come out and enjoy a fun-filled morning at the Expo! The festivities kick off with Wadaiko Taiko Drummers from the City of Newark at 8:30 a.m., followed by music provided by The Magic Notes led by Ed Ramirez. A POW/MIA ceremony will take place at 11:30 a.m. Also, a variety of demonstrations representing the Fremont Senior Center classes in Zumba, Yuanji Dance, and Bollywood Dance will perform. At noon, Dixie Dominus Jazz Band from Fremont Christian School led by Thomas Banuelos will perform until 1:15 p.m.

For more information about the event, contact Linette Young at FourSeasonsExpo@comcast.net.

National Children's Mental
Health Awareness Day

National Children's Mental Health Awareness Day is Thursday, May 4. This year, Olympic champions Michael Phelps and

Allison Schmitt are partnering with the Substance Abuse and Mental Health Services Administration (SAMHSA) to help bring awareness to the importance of youth having access to mental health and addiction services. An Awareness Day live event with the Olympians will be shown on www.samhsa.gov/children/national-events, with NBC4 Washington and sister television stations throughout the country.

City of Fremont Human Services Department, Youth and Family Services (YFS) Division will be highlighting the National Awareness Day by hosting a photo booth and face painting event from 2:30 p.m. to 4 p.m. on May 4 in the YFS waiting room at the Family Resource Center (FRC), located at 39155 Liberty St., Suite A110. Children of all ages and their parents who receive services from YFS and at the FRC are invited to attend.

The City's Youth and Family Services Clinical Supervisor Helen Hsu is also coordinating a fundraising event on May 20 at Cross Fit One World in Union City. The fundraising event will include a Krav Maga (self-defense) class, which will be offered to children over 10 and adults. A memorial cross fit workout will be held in honor of deceased Navy veteran and former cross-fit coach. All funds donated by participants in these events will go to the City's YFS programs that support children's mental health services.

Join us in wearing a green ribbon which represents Mental Health Awareness.

Kids 'n' Kites Festival
Returns to Fremont's
Central Park

The Recreation Services Division's Kids 'n' Kites Festival is back for another year on Saturday, May 20 from 10 a.m. to 3 p.m. at Fremont's Central Park. This event is great for the entire family, filled with activities and performances including interactive booths, games, tasty treats, and summer camp information.

It is a free public event and free kites will be handed out to the first 4,000 children in attendance. For additional information, visit www.Fremont.gov/KiteFestival.

Also, pack your swimwear and get set to get wet at Aqua Adventure Waterpark! Aqua Adventure Waterpark's SNEAK PEEK will also be taking place on May 20. It will be kicking off the season with a soft opening from 2 p.m. to 5 p.m. (weather permitting). Tickets are \$6 and for more information, visit www.Fremont.gov/AASneakPeek.

Street Eats is Back

Fremont Street Eats is making its return to Downtown Fremont for the summer season!

Make sure to swing by this culinary caravan of food trucks every Friday evening beginning May 5 through October 27 from 4:30 p.m. – 9 p.m. at its new location on Capitol Avenue between Liberty and State streets. The event is hosted by the Fremont Chamber of Commerce in partnership with Food Truck Mafia.

For additional information, please visit www.FremontStreetEats.com.

‘Topping Off’: Building milestone reached

Ohlone Community College District President/Superintendent, Dr. Gari Browning (foreground) along with two District Trustees, add the first signatures to the celebratory last beam.

SUBMITTED AND PHOTOS BY
OHLONE COLLEGE

On Wednesday, April 26, 2017, more than 100 people were on hand to participate in the age-old ceremony known as “Topping Off” or “Topping Out” for the three new Academic Core Buildings under construction at Ohlone College. Dating back to ancient times and believed to have originated in Scandinavia, the practice includes the placement of an evergreen tree or branches on the top of a building after the highest and last beam is in place. In contemporary times, one or more flags might be included with the tree and the

last beam is signed by the construction workers on site to celebrate this momentous occasion.

And Ohlone celebrated this momentous occasion in a big way! With a 15-foot section of Iron I-Bar positioned on two sturdy wooden risers, and with its side painted white, construction workers, construction managers, architects, students, faculty, staff and administrators came to hear a few brief speeches, to give thanks for the progress made to date, and to sign the beam with names, encouraging statements and in some cases, personal drawings.

With a sense of accomplishment and excitement about the future

Construction site workers securing the signed celebratory beam with cables for its lift to the top of the Academic Core building under construction.

of the Fremont campus, District President/Superintendent Dr. Gari Browning said, “Our students and staff have been watching the Ohlone College Fremont campus transform over the past year, from the tear-down of three obsolete buildings, to site preparation, and now the framework for three new buildings. These structures have emerged in just a few weeks, helping us envision how the college will look soon. The signing and placement of this beam signifies progress toward our goal of providing a future-focused learning environment for our students. This celebration is a happy milestone for Ohlone College.”

Because the three Academic Core Buildings will transform the campus with thoughtfully

designed, modern architecture that includes lab spaces, classrooms, lecture halls, offices as well as gallery and performance spaces, Leta Stagnaro, Vice President of Academic Affairs and Deputy Superintendent went on to say, “These new buildings reflect teaching and learning innovations happening at Ohlone College. We are aligned with the latest research about how students learn, as well as emerging trends in how knowledge is shared, and our Academic Core building designs reflect these attributes. The topping off signifies that we’re well on our way to a stunning new campus.”

To add to the excitement of the beam signatures, refreshments in the form of “Beamsicles” were provided for the participants to enjoy. The celebration was

concluded after the signed beam was secured with steel cables and the construction site crane lifted it to the roof of the tallest building's frame. The crowd let out a cheer and applauded as it was placed. It was indeed a celebration of a happy milestone for Ohlone College!
